Appendix A – Chapter 171, Laws of New York, 2007.....	79

Introduction

Background

This is the Department of Civil Service's sixteenth annual report, "New York State Government Employees' Workers' Compensation Claims." The report includes workers' compensation experience from five fiscal years (2018-19 through 2022-23).

Section 7 of the Civil Service Law was amended in *Chapter 171* of the Laws of 2007 (Appendix A of this report) to require that the President of the Civil Service Commission prepare an annual report describing occupational injuries, illnesses, and workers' compensation claims in Executive Branch state agencies. The report is required to be published by September 30th each year and includes workers' compensation data based on the last completed fiscal year, as well as comparative data for up to five fiscal years.

The report format follows the sections specified in *Chapter 171* of the Laws of 2007, with the exception of Table 3A which consolidates subdivisions (6d) and (6e) of the legislation. Further, Table 3B, which is not required by the statute, displays five years of total compensation and medical payments made during the applicable fiscal year for all ARS-reported incidents elevated to Claim Type status occurring between April 1, 2022, and March 31, 2023, with incidents reported by June 30, 2023.

The Department of Civil Service's Employee Benefits Division is responsible for overseeing the workers' compensation insuring agreement between New York State and the New York State Insurance Fund (NYSIF). Part of this responsibility includes the reporting and monitoring of work-related incidents through the Accident Reporting System (ARS) and workers' compensation claims experience provided by NYSIF. Workers' compensation data for this report was obtained from both the ARS and NYSIF since neither source alone contains all the statutorily required data elements.

Incidents were reported up to June 30th of the reporting year, with incident dates occurring during the fiscal year. A 15-month reporting period was used to capture more complete incident activity that occurred during the fiscal year. There were 82 ARS-reported COVID-19-related incidents, which are captured in this report and are seen as Injury Type "COVID-19 Coronavirus" in Table 4A, primarily as Incident Cause "Pandemic" in Table 4B and primarily in the *Lungs*, related injuries in Table 4C.

It should be noted that there are differences in the number of work-related incidents contained in the respective data reported from the ARS and NYSIF. There are incidents that are submitted to ARS but are not elevated to "Claim Type" status if the incident is not reasonably expected to incur medical expenses or lost time of more than one day or one shift. Conversely, there may be claims for which a report was not made in ARS. Employee population data is obtained from the Department of Civil Service New York State Electronic Personnel System (NYSTEP).

Incident counts will be described in detail throughout the report. Statewide, there was a slight increase in number of incidents, however, there was a decrease in the number of incidents that led to lost days from last year. Over the five-year reporting period, work-related incidents have declined by 6.2% while the number of incidents that led to lost days increased by 10.4%.

Although this report presents only summarized data, New York State agency Human Resources and Health and Safety staff are encouraged to use the reporting capabilities of the ARS. The ARS allows for much greater detail of the information presented in this report, as well as many other workers' compensation incident details.

Workers' Compensation Claims Annual Report – Fiscal Year 2022-23

Explanatory Notes

The report **includes** selected Executive Branch agencies' Classified Service employees, consistent with subdivision three of section two-a of the State Finance Law. Specifically, employees represented by the following public employee unions are included: CSEA; PEF; NYSCOPBA; Council 82; PBANYS as well as Management/Confidential. The report **excludes** the Judicial and Legislative branches, as well as the Unclassified Service and Authorities (e.g., Division of State Police, Financial Control Board, SUNY College of Ceramics) as the Department of Civil Service does not maintain employee data on these groups.

There were no agency or facility closures, or state agencies added in FY 2022-23.

Information in this report is based on New York State workers' compensation claims filed by employees. Although the reporting period is for the Fiscal Years (FY) ending March 31st, claims for fiscal years were reviewed through June 30th of the respective reporting years to allow for late reporting, and for data to be captured for workers' compensation determinations made after the end of the fiscal year.

Incident data included in this report are for work-related incidents (either injuries or occupational illnesses) that were reported to the Workers' Compensation Board and NYSIF as required by the New York State Workers' Compensation Law. The Law requires reporting of all incidents that result in either: one or more lost workdays or shifts beyond the working day or shift on which the incident occurred; or medical treatment beyond first aid or two or more first aid treatments. There are many incidents that do not reach the level of the reporting criteria under the Workers' Compensation Law. Incident Rates in Table 5 can be over 100 given that multiple incidents may occur for the same individual and due to staff turnover (FTE counts are point-in-time and an incident may be counted for an individual no longer on the agency's payroll).

As historically reported, this report includes certain statutory temporary disability workers' compensation costs incurred by Executive Branch employees and paid by the State Insurance Fund for one day up to 365 days' post-incident (based on the date the injury occurred within the fiscal year). For example, an accident that occurs on April 1st could have up to 365 days of compensation, whereas an accident that occurs on March 31st could have only one day of compensation reported. **Please note that the report includes Table 3B, which reports total compensation and medical payments made during the reported fiscal year, for all incidents occurring on or before the end of the fiscal year (i.e., payments for all open claims).**

Summary of Findings

Highlights are presented below for Executive Branch agency workers' compensation incidents for classified employees incurred in FY 2018-19 through FY 2022-23.

- There were 13,264 work-related claims in FY 2022-23 compared to 12,957 work-related claims in FY 2021-22; 12,731 work-related claims in FY 2020-21; 14,566 work-related claims in FY 2019-20, and 14,144 work-related claims in FY 2018-19. The overall workers' compensation incident rate increased from 10.0% to 10.3%. Table 1 highlights the slight decline in the workforce from 2021-22. Over the entire reporting period, work-related incidents have declined by 6.2% (Table 1, page 8).
- Lost-time incidents in decreased by 7.8% in FY 2022-23; there were 4,777 incidents compared to 5,181 in FY 2021-22. Approximately 36.0% of workers' compensation incidents in FY 2022-23 resulted in lost time (down from 40% in FY 2021-22) (Table 2A, page 18).
- The lost-time incident rate decreased from 4.0% in FY 2021-22 to 3.7% in FY 2022-23. In FY 2022-23, there were 313,883 lost workdays lost compared to 354,095 in FY 2021-22 (Table 2B, page 26).
- Total compensation costs decreased by 5.3% from \$39,301,126 in FY 2021-22 to \$37,213,225 in FY 2022-23. Total medical costs decreased by 4.5% from \$29,829,445 to \$28,482,063. These decreases were driven by lower compensation and medical costs in the Office of Mental Health and the Office for People with Developmental Disabilities. (Table 3A, page 37).
- Total compensation costs for all open claims decreased from \$420,224,593 in FY 2021-22 to \$404,037,321 in FY 2022-23. Total medical costs for all open claims were virtually flat; \$86,200,838 in 2021-22 compared to \$86,441,166 in FY 2022-23. The Office of Mental Health had a significant decrease in compensation costs, followed by the Department of Transportation (Table 3B, page 45).
- *Soreness, Pain, Hurt Excluding the Back* continues to be the category of incidents with the highest incident rate at 42.7% for FY 2022-23, down from 43.5% in FY 2021-22. *Sprains, Strains, Tears* again ranked second with an incident rate of 18.9 for FY 2022-23, up from 15.2% in FY 2021-22. (Table 4A, page 55).
- For the seventh consecutive year, the two leading incident causes were: *Bodily Reaction and Exertion* and *Patient Restraint* (Table 4B, page 58).
- *Knee, Shoulder, and Back* were the top injured body part groups for all five fiscal years: *Knee* (13.9% incident rate), *Shoulder* (13.3% incident rate); and *Back* (11.9% incident rate).
- More specific body codes are now available (e.g., Ear, Left, Finger – Middle, Right) rather than "Ear(s)" or "Hand(s) and Finger(s)" and similar body parts are grouped together and subtotaled. Also, some less specific body parts have been eliminated (e.g., "Arm(s)" or "Knee(s)" and "Leg(s)". The new Body Parts are noted with an asterisk (*) and the eliminated Body Parts are noted with two asterisks (**) and footnoted in Table 4C, page 61.
- The three job titles with the highest number of work-related incidents for the third consecutive year were: *Correction Officer*, *Direct Support Assistant*, and *Mental Health Therapy Aide*. *Security*

Workers' Compensation Claims Annual Report – Fiscal Year 2022-23

Hospital Treatment Assistant had the highest incident rate of 141.5% in FY 2022-23. *Security Hospital Senior Treatment Assistant* had the second highest incident rate of 104.5% in FY 2022-23. The job titles with the most significant increase in FY 2022-23 were: *Security Hospital Treatment Assistant* (incident rate of 141.5%, up from 113.8% in FY 2021-22), and *Correction Officer Trainee* (incident rate of 42.8%, up from 26.2% in FY 2021-22). As noted in the Explanatory Notes, Incident Rates in Table 5 can be over 100 given that multiple incidents may occur for the same individual and due to staff turnover (FTE counts are point-in-time and an incident may be counted for an individual no longer on the agency's payroll). (Table 5, page 68).

- The two facilities with the highest incident rates in FY 2022-23 were the *Marcy Correctional Facility* (incident rate of 69.3%, up from 40.7% in FY 2021-22) and the *Kirby Forensic Psychiatric Center* (incident rate of 59.6%, up from 46.3% in FY 2021-22). (Table 6, page 71).
- In FY 2022-23, *Security Services Unit Non-Arbitration* had the highest incident rate of 45.2%, and *All Other Units and Unrepresented Group* had the lowest incident rate of 0.4%. The *Security Services Unit* had the second highest incident rate of 34.1%, up from 28.4% in FY 2021-22 (Table 7, page 75).

Table 1: Workers' Compensation Incident Details

Selected New York State Agencies: Fiscal Years 2018-19 through 2022-23

Table 1 lists the selected Executive Branch New York State agencies' workers' compensation details required by *Chapter 171* of the Laws of 2007, subdivision **(6a)**. The work-related incident information in Table 1 was provided by NYSIF. The FY 2022-23 claims experience includes accidents occurring between April 1, 2022, and March 31, 2023, and reported through June 30, 2023.

Agencies reported a total of 13,264 workers' compensation incidents and an incident rate of 10.3% in FY 2022-23, compared to 12,957 incidents and an incident rate of 10.0% in FY 2021-22. Previous years reported: 12,731 incidents and an incident rate of 9.3% in FY 2020-21; 14,566 incidents and an incident rate of 10.2% in FY 2019-20; and 14,144 incidents and an incident rate of 10.0% in FY 2018-19.

The overall incident rate is up overall (10.3% versus 10.0% last year). Table 1 highlights a decline in the workforce from 2021-22. Over the entire reporting period, work-related incidents have declined by 6.2%.

Taconic Correctional Facility and Polytechnic Institute both saw significant reductions in the Incident Rates (14.3% decrease and 9.6% decrease, respectively). Conversely, Marcy Correctional Facility and Orleans Correctional Facility both saw significant Incident Rate increases (28.6% and 21.4%, respectively).

¹ Average number of FTEs as provided by the New York State Electronic Personnel System (NYSTEP), Department of Civil Service.

² ARS-reported to the State Insurance Fund up to June 30th of the reporting year with incident dates occurring during the fiscal year. A 15-month reporting period was used to capture more complete incident activity that occurred during the fiscal year.

³ Incident Rate calculated by dividing the number of Incidents by the number of Full Time Equivalents (FTEs).

+ Agency did not exist during the applicable fiscal year.

**Tables 2A and 2B: Workers' Compensation Lost Time
Selected New York State Agencies:
Fiscal Years 2018-19 through 2022-23**

Table 2A and **Table 2B** list the selected Executive Branch agencies' workers' compensation details required by *Chapter 171* of the Laws of 2007, subdivisions (6b), and (6c). The FY 2022-23 claims experience includes accidents occurring between April 1, 2022, and March 31, 2023, and reported through June 30, 2023. The FY 2021-22, 2020-21, 2019-20, and FY 2018-19 claims experience is the same data reported in last year's report.

The number of lost-time incidents decreased from 5,181 in FY 2021-22 to 4,777 in FY 2022-23, a decrease of 7.8%. The lost-time case rate (the number of Lost Time Incidents divided by the number of Incidents from Table 1) decreased from 40.0% in FY 2021-22 to 36.0% in FY 2022-23.

The lost-time rate (the number of Lost Time Incidents divided by the number of Full Time Equivalents) decreased from 4.0% in FY 2021-22 to 3.7% in FY 2022-23. The number of lost workdays decreased from 354,095 in FY 2021-22 to 313,883 in FY 2022-23, a decrease of 11.4%.

Lost workdays at the Department of Corrections and Community Supervision were virtually flat. In 2022-23 there were 125,021 lost workdays while in 2021-22 there were 124,229 lost workdays. However, some facilities had large increases including Lakeview Correctional Facility (701.1% increase) and Adirondack Camp (622.7% increase). Lost workdays also increased at the State Insurance Fund, from 102 in FY 2021-22 to 717 in FY 2022-23 (an increase of 602.9%). The Department of Health lost workdays also increased from 1,863 in FY 2021-22 to 2,265 in FY 2022-23 (an increase of 21.6%).

Conversely, lost workdays decreased at the Department of Taxation and Finance by 55.0%, from 451 in FY 2021-22 to 203 in FY 2022-23. Lost workdays also decreased at the Department of Environmental Conservation by 47.0%, from 1,348 in FY 2021-22 to 714 in FY 2022-23 and the Office for People with Developmental Disabilities lost workdays decreased by 25.3% from 88,748 in FY 2021-22 to 66,288 in FY 2022-23.

Total	4,777	5,181	4,881	4,543	4,328	36.0	40.0	38.3	31.2	33.7

⁴ Lost Time Incidents include accidents with six or more workdays lost and incidents also listed under the "Work-Related Incidents" column (Table 1). The data do not include information on lost time of five workdays or less, which is the workers' compensation waiting period. The data does not include incidents identified in 2019 in Tables 1, 6 and 7 as the data was cumulative and not for the year in which the incident occurred.

⁵ Lost Time Case Rate calculated by dividing the number of Lost Time Incidents by the number of Work-Related Incidents (Table 1). As noted above, the Lost Time Incident count may be understated as some portion of the 1,700 incidents identified in 2019 may have resulted in lost time; however, it is reasonable to assume that these claims had Lost Time at the same rate as others.

* Agency did not exist during the applicable fiscal year.

⁶ Lost Time Rate calculated by dividing the number of Lost Time Incidents by the number of Full Time Equivalents. As noted in Table 2A, the Lost Time Incident count may be understated as some portion of the 1,700 incidents identified in 2019 may have resulted in lost time; however, it is reasonable to assume that these claims had Lost Time at the same rate as others.

* Agency did not exist during the applicable fiscal year.

Table 3A and 3B: Workers' Compensation Costs by

Selected New York State Agencies: Fiscal Years 2018-19 through 2022-23

Table 3A lists the selected Executive Branch New York State agencies and contains the workers' compensation details required by *Chapter 171* of the Laws of 2007, subdivisions (6d) and (6e). The claims cost in Table 3A was provided by NYSIF. The FY 2022-23 claims cost includes incidents occurring between April 1, 2022, and March 31, 2023, and paid through June 30, 2023. The FY 2018-19, FY 2019-20, FY2020-21 and FY 2021-22 claims cost is the same data reported in last year's report.

The compensation costs included in Table 3A only represents certain statutory temporary disability workers' compensation costs incurred by Executive Branch employees and paid by the State Insurance Fund for one day up to 365 days post-incident (based on the date the injury occurred within the year). For example, an accident that occurs on April 1 could have to up 365 days of compensation whereas an accident that occurs on March 31st could have only one day of compensation reported.

Under New York State Workers' Compensation Law, employees who are disabled due to a workers' compensation incident are entitled to a wage replacement for lost salary and medical benefits related to the incident. The wage component is equal to two-thirds of the employee's average weekly wage, not to exceed a maximum established under the Workers' Compensation Law. The statutory maximum for the past five years is as follows:

July 2018 – June 30, 2019	\$904.74
July 2019 – June 30, 2020	\$934.11
July 2020 – June 30, 2021	\$966.78
July 2021 – June 30, 2022	\$1,063.05
July 2022 – June 30, 2023	\$1,125.46

The data in Table 3A does not include supplemental wage replacement benefits as these amounts are paid by individual agencies and are not reflected in data maintained by NYSIF. Under the medical component, all medical treatments – including doctor treatments, hospital or clinic charges, imaging services and diagnostic testing, prescription medication, and other related medical services – are paid in full based on a fee schedule established by the Chair of the Workers' Compensation Board, pursuant to the Workers' Compensation Law.

All wage replacements and medical treatments are initially reviewed by NYSIF. If there is a dispute between NYSIF and the employee regarding such wage replacement or medical treatment, the Workers' Compensation Board will conduct a final review. Both the compensation costs and the medical costs are paid by NYSIF under the provisions of the workers' compensation Insuring Agreement between New York State and NYSIF.

Total first-year *compensation costs* decreased from \$39,301,126 in FY 2021-22 to \$37,213,225 in FY 2022-23 a decrease of 5.3%. Total *medical costs* also decreased in FY 2022-23 by 4.5%; from \$29,829,445 to \$28,482,063.

The most notable decrease in first-year *compensation* occurred at the Office of Mental Health (*compensation costs* decreased by 17.0% or \$1,683,536). The Office of People with Developmental Disabilities had the largest decrease in *medical costs* decreasing from \$5,391,938 in FY 2021-22 to \$4,416,618 in FY 2022-23 (a decrease of \$975,320). Increases in both *compensation costs* and *medical costs* occurred at the Department of Health, with *compensation costs* increasing by 45.8% or \$82,254 and *medical costs* increasing by 18.0% or \$30,718.

Table 3B reports total compensation and medical costs for all workers' compensation payments made during the reported fiscal year for all incidents occurring on or before the end of the fiscal year (i.e., all open claims). Table 3B includes all bi-weekly temporary and permanent disability indemnity payments, Schedule Loss of Use (SLU) awards and Section 32 settlements in the *Total Compensation Costs* column and also displays *Total Medical Costs*. This table shows that *Total Compensation Costs* for all open claims decreased by 3.9%, from \$420,224,593 in FY 2021-22 to \$404,037,321 in FY 2022-23, and *Total Medical Costs* for all open claims *increased* by 0.3%, from \$86,200,838 in FY 2021-22 to \$86,441,166 in FY 2022-23.

The most notable increase in total compensation costs from FY 2021-22 to FY 2022-23, occurred at the Department of Parks, Recreation and Historic Preservation, with an overall increase in compensation costs of 11.1%, or \$292,933. The Office of Mental Health saw the most noteworthy decrease in compensation costs of \$8,689,058 or 10.8%. The Department of Transportation saw a substantial percentage decrease in medical costs of 25.6% or \$1,065,023.

⁷ Workers' compensation wage replacements as reported by NYSIF. Amounts do not include supplemental pay paid through agency payroll. As noted in other Tables, the 2017-18 values may be understated as some portion of the 1,700 incidents identified (and corrected) in 2019 may have compensation costs that are not reflected above.

⁸ Workers' compensation medical costs as reported by NYSIF. As noted in other Tables, the 2017-18 values may be understated as some portion of the 1,700 incidents identified (and corrected) in 2019 may have medical costs that are not reflected above.

* Agency did not exist during the applicable fiscal year.

⁹ Workers' compensation wage replacements as reported by NYSIF - for all open claims with compensation paid in the reporting year. Amounts do not include supplemental pay paid through agency payroll.

¹⁰ Workers' compensation medical costs as reported by NYSIF - for all open claims with medical expenses paid in the reporting year.

+ Agency did not exist during the applicable fiscal year.

Negative amounts in this table reflect scenarios where credits received through Workers' Compensation Law Section 15.8 or subrogation exceeded payment made, resulting in lower overall payments.

Tables 4A, 4B, 4C: Most Frequent Types of Injuries, Incident Causes, and Body Parts Injured: Fiscal Years 2018-19 through 2022-23

In the next series of tables, details are provided on the most frequent types of injuries (Table 4A), incident causes (Table 4B), and body parts injured (Table 4C) as specified in *Chapter 171* of the Laws of 2007, subdivision (6f). The data in all three tables was derived from all incidents that resulted in a workers' compensation claim during FY 2018-19 through FY 2022-23.

Readers will see increased specificity to Body Parts in Table 4C as ARS reflects the changes made by WCB to upgrade eClaims to the International Association of Industrial Accident Boards and Commissions' (IAIABC) version R3.1 Electronic Data Interchange (EDI) standard. The system enhancements were implemented in January 2022. More specific body codes are now available (e.g., Ear, Left, Finger – Middle, Right) rather than "Ear(s)" or "Hand(s) and Finger(s)" and these new Body Parts are noted with an asterisk (*) and are footnoted in Table 4C. In addition, less specific body codes (e.g., Wrist(s), Leg(s) and Knee(s)) have been removed during FY2022-23 and are noted with two asterisks (**) and are footnoted in Table 4C.

The source of the data for most of the agencies is the Accident Reporting System (ARS). Incidents were reported up to June 30th of the reporting year with incident dates occurring during the fiscal year. A 15-month reporting period was used to capture more complete incident activity that occurred during the fiscal year. The number of work-related incidents differ from those reported on Table 1 as the source of the incident information in this table is ARS and the source of the incident information in Table 1 is NYSIF. There are incidents that are submitted to ARS, but are not elevated to "Claim Type" status if the incident is not reasonably expected to incur medical expenses or lost time of more than one day or one shift. Conversely, there may be claims for which a report was not made in ARS.

For the agencies using ARS, the *Occupational Injury and Illness Classification Manual* issued by the U.S. Department of Labor Bureau of Labor Statistics was used to capture the details on the types of injuries, incident causes, and body parts injured. This manual is the standard classification system used to classify occupational injuries and illnesses. Coding occupational injuries/illnesses is dependent upon the description provided by the individual reporting the incident, the classification system being used, and the codes selected by the individual entering the information. Certain categories may be viewed as similar, but they are reported separately in order to retain the integrity of the original reporting entity. For example, in Table 4B (page 58) *Falls*; *Fall to Floor, Walkway or Other Surface*; *Fall Downstairs or Steps*; and *Fall on Same Level* are reported as separate categories.

Table 4A, the Most Frequent Types of Injuries, include injury types in which the inclusion criteria accounted for over 98% of all incidents. Like prior years, four injury type categories accounted for approximately seventy-five percent of all incidents in FY 2022-23: *Soreness, Pain, Hurt, Excluding the Back* (42.7%); *Sprains, Strains, Tears* (18.9%); *Bruises, Contusions* (7.1%); and *Back Pain, Hurt Back* (6.4%).

The Most Frequent Incident Causes are detailed in Table 4B. The five most frequent incident causes for FY 2022-23 were *Bodily Reaction & Exertion* (11.8%); *Patient Restraint* (8.4%); *Assault by Patient* (6.6%); *Bodily Reaction* (5.4%); and *Falls* (4.6%). The greatest increases occurred in the following categories: *Assaults and Violent Acts*, *Unspecified* (increase

of 1.8 percentage points) and *Assault by Patient* (increase of 1.0 percentage points). The greatest decreases occurred in the following categories: *Bodily Reaction and Exertion* (decrease of 1.2 percentage points) and *Fall to Floor, Walkway, or Other Surface* (decrease of 1.0 percentage points) and *Falls* (decrease of 0.6 percentage points).

The Body Parts Most Frequently Injured are listed in Table 4C and account for approximately 99% of all incidents. In five consecutive years, three body part groups represented almost forty percent of the body parts injured: *Knee* (13.9%), *Shoulder* (13.3%); and *Back* (11.9%).

**Table 4A: Most Frequent Injury Types
Selected New York State Executive Branch Agencies
Fiscal Years 2018-19 through 2022-23**

NEC is "Not Elsewhere Classified."

¹¹ Incidents reported in the Accident Reporting System (ARS) up to June 30th of the reporting year with incident dates occurring during the fiscal year. A 15-month reporting period was used to capture more complete incident activity that occurred during the fiscal year. The number of work-related incidents differ from those reported on Table 1 as the source of the information in this table is ARS and the source of Table 1 is NYSIF. There are incidents that are put into ARS and a corresponding claim is not created in the NYSIF system (e.g., due to no lost time or medical costs). Work-Related Incidents includes incident data from five agencies that participated in a pilot program from April 1, 2018, until January 17, 2019.

NEC is "Not Elsewhere Classified"

¹³ Incidents reported in the Accident Reporting System (ARS) up to June 30th of the reporting year with incident dates occurring during the fiscal year. A 15-month reporting period was used to capture more complete incident activity that occurred during the fiscal year. The number of work-related incidents differ from those reported on Table 1 as the source of the information in this table is ARS and the source of Table 1 is NYSIF. There are incidents that are put into ARS and a corresponding claim is not created in the NYSIF system (e.g., due to no lost time or medical costs). Work-Related Incidents includes incident data from five agencies that participated in a pilot program from April 1, 2018, until January 17, 2019.

* Body Part code created in 2021-22. Prior years did not have these specific Body Part code options.

**Table 5: Selected Job Titles More Than 25%
Above the Average Incident Rate for Titles with At Least 50 FTEs
Fiscal Years 2018-19 through 2022-23**

Table 5 contains the job titles with at least 50 FTEs with incident rates greater than 25% above the average for all employees in FY 2022-23 as required by *Chapter 171 of the Laws of 2007*, subdivision (6g). The average incident rate for all employees was 10.3% as reported in Table 1. The selected titles listed in Table 5 had an incident rate greater than 12.9% and a minimum of 50 FTEs to be included in the Table.

Incident rates increased in several of the titles listed in Table 5. *Security Hospital Treatment Assistant* had the highest incident rate of 141.5% in FY 2022-23, up from 113.8% in FY 2021-22. Over the five-year reporting period FY 2018-19 to FY 2022-23, the Incident Rate for this title has increased by 68.9 percentage points. *Security Hospital Senior Treatment Assistant* had the second highest incident rate of 104.5% in FY 2022-23, slightly higher than the rate of 97.8% in FY 2021-22.

The greatest incident rate decreases from FY 2021-22 to FY 2022-23 occurred in the following job titles: *Senior Licensed Practical Nurse 2*, (down 34.5 percentage points); *Correction Sergeant Spanish Language* (down 30.8 percentage points); and *Correction Lieutenant* (down 27.7 percentage points).

¹⁴ Average number of FTEs as provided by the New York State Electronic Personnel System, Department of Civil Service.

¹⁵ Reported to NYSIF up to June 30th of the reporting year with incident dates occurring during the fiscal year. A 15-month reporting period was used to capture more complete incident activity that occurred during the fiscal year.

¹⁶ Incident Rate calculated by dividing the number of Incidents by the number of Full Time Equivalents.

+ Title did not exist during the applicable fiscal year.

**Table 6: Selected Agencies
More Than 25% Above the Average Incident Rate for All Employees
Fiscal Years 2018-19 through 2022-23**

Subdivision (6h) of *Chapter 171 of the Laws of 2007* specifies that the Workers' Compensation Annual Report provide a list of State agencies with work-related injuries and illness rates that are more than 25% above the average incident rate for all State agencies. The average incident rate for all employees was 10.3% as reported in Table 1. The agencies listed in **Table 6** had an incident rate greater than 12.9% in FY 2022-23. The reader is referred to Table 1 for a listing of all State agencies and their respective incident rates.

**Table 7: Incident Rates in Selected Negotiating Units
Fiscal Years 2018-19 through 2022-23**

Table 7 contains selected Executive Branch New York State negotiating units' workers' compensation details specified in *Chapter 171* of the Laws of 2007, subdivision (6i). The work-related incident information in Table 7 was provided by NYSIF from the claims for the respective fiscal years.

Some negotiating units saw increases in incident rates while others had lower incident rates than 2021-22. The most significant changes were:

- The largest increase in rate was the Security Services Unit with an increase of 5.7 percentage points.
- The largest decrease in rate was the Security Supervisors Unit with a decrease of 4.3 percentage points.

**Table 7: Incident Rates in Selected Negotiating Units
Fiscal Years 2018-19 through 2022-23**

Negotiating Unit	Full Time Equivalents (FTE)					Work-Related Incidents					Incident Rates (%)				
	2022-23	2021-22	2020-21	2019-20	2018-19	2022-23	2021-22	2020-21	2019-20	2018-19	2022-23	2021-22	2020-21	2019-20	2018-19

Recommendations

The following recommendations regarding the prevention of injury and illnesses and the reduction of costs due to these cases were prepared in consultation with the Workers' Compensation Board (WCB) and the New York State Insurance Fund (NYSIF).

Accidents at work and occupational injuries represent a considerable economic burden for New York State employees and the State of New York. NYSIF recommends a three-pronged approach for each New York State entity's Workers' Compensation Program. This includes Safety Management, Return to Work, and Fraud Prevention programs. Management commitment is essential for the implementation and on-going success of an agency's Workers' Compensation Program. Persons with the authority and responsibility for the Safety Management Program must be identified and given management's full support.

- Safety Management Program** – A Safety Management Program includes a comprehensive Injury and Illness Prevention Program along with defined Agency Safety Coordination to ensure accountability and implementation of the program. An effective injury and illness Prevention Program includes the following four elements: management commitment and employee involvement; worksite analysis; hazard prevention and control; and Injury and Illness prevention training. NYSIF is available to agencies to provide advice and consultation on the implementation of a Safety Management Program including access to loss control resources, materials, education, etc. Visit the [Employer tab](#) at nysif.com and choose [Injury and Illness Prevention](#) for more information about workplace safety programs, and access to NYSIF's free Safety Resources, including Free Resource from NYSIF to Help Manage Risk NYSIF Risk Control Resource Center.
- Return to Work Program** – An active Return to Work Program is a key component in reducing cost by providing opportunities for injured workers to be productive while they recover from their injuries. New York State has several Return to Work programs, such as the Mandatory Alternate Duty Program, which are bargaining-unit specific and governed by the collective bargaining agreements. NYSIF and the Office of Employee Relations are resources to agencies in order to understand the terms and conditions of each program for the different negotiating units and how they relate to New York State's statutory obligation as an employer under the Workers' Compensation Law. NYSIF is available to agencies to provide advice and consultation including access to resources, materials, education, etc. Agency Safety Coordination is essential to ensuring accountability and implementation of each agency's Return to Work Program. Agencies should continue to communicate with the injured worker to assist and encourage their return to work. Our mutual goal is a favorable medical outcome and a successful return to work.
- Fraud Prevention Program** – Workers' Compensation Insurance fraud imposes a significant financial burden. An effective Fraud Prevention Program involves education and training, fraud and abuse detection, documentation, and reporting. NYSIF is committed to training staff and investigating agency referrals of fraud and abuse.

The following are also recommended in an effort to prevent employees' Injuries and Illnesses:

- **System Improvements** – The Board continues to work on several system improvements as part of the ongoing Business Process Redesign project to improve stakeholders' experiences with the Board resulting in more timely, convenient, and efficient resolutions. As noted in prior reports, the Board fully implemented Virtual Hearings in early 2019. This award-winning initiative allows all parties in a workers' compensation hearing to participate remotely using their computer or mobile device. The Implementation of Virtual Hearings enabled the Board to continue to hold hearings throughout the COVID-19 pandemic, without interruption, ensuring workers could continue to access critical benefits. Through this technology, the Board has also achieved the highest level of claimant participation in hearings of 85%. In late 2019, the Board commenced a multi-year project to develop a new and improved online business information system to replace many of the Boards' legacy paper-based systems and processes with a single online system called OnBoard. The first phases of this project were implemented in early 2022 and include the IAIABC R3.1 claim reporting enhancement as well as new online processes for requesting and reviewing prior authorization requests for medical treatment. When fully implemented, the new OnBoard system will vastly improve the Board's efficiency and data capture capabilities. The data from these new system improvements will be closely reviewed to identify trends and the need for further system enhancements. Further, as the Department of Civil Services plans enhancements to the Human Resource Management System, an all-encompassing application that includes the Accident Reporting System, consideration should be given to dedicating staff and IT resources to automating the submission of the C-256.2 within ARS, pursuant to Budget Bulletin G-0250.
- **Increase Awareness, Resources and Training** – It is well-established that the sooner an accident is reported and the sooner the injured worker obtains needed medical and temporary disability benefits, the better the outcome for all involved. New York State should ensure that workers' compensation awareness is a top priority in every agency so that accidents are timely reported and injured workers receive timely care so that they may return to work as soon as possible. Staff at each agency should regularly receive training on workers' compensation policies so employees, managers, human resource officers, and payroll officers have a clear understanding of the resources available (including WCB's eCase), as well as the process and the requirements to receive the statutory and negotiated benefits, including supplemental pay, limited return to work, and dispute resolution programs. Each agency should set attainable goals on injury prevention and clearly define who and when to interact with injured employees and NYSIF. Further, agencies should define who is responsible for (and the importance of) timely reporting of the First Report of Injury (FROI), changes in work status (Form C-11), wages paid while on workers' compensation leave (Form C-256.2), and PAYSERV transactions, in compliance with the Office of State Comptroller Payroll Bulletin 1366.
- **Data Sharing** – The eClaims initiative implemented in mid-2014 as well as recent improvements to the Board's data warehouse allow the possibility of flexible reporting of accident causes and locations, types of injuries, and temporary and permanent disability awards, by agency/facility. The Department of Civil Service, WCB, and NYSIF should explore how to share this data most effectively, as well as NYSIF claims data, with agencies to enable them to analyze the data, formulate corrective action plans, and enhance return to work programs.

Appendix A – Chapter 171, Laws of New York, 2007

LAWS OF NEW YORK, 2007

APPENDIX A

CHAPTER 171

AN ACT to amend the civil service law, in relation to requiring annual reports about employee accident rates and costs in state agencies

Became a law July 3, 2007, with the approval of the Governor.
Passed by a majority vote, three-fifths being present.

The People of the State of New York, represented in Senate and Assembly, do enact as follows:

Section 1. Section 7 of the civil service law is amended by adding a new subdivision 6 to read as follows:

6. The president of the commission shall prepare an annual report describing occupational injuries, illnesses, and workers' compensation experience for all state agencies as defined by subdivision three of section two-a of the state finance law. Such report shall be published no later than September thirtieth of each year, beginning in two thousand eight, and shall report information on the basis of the last completed state fiscal year. In subsequent years, the report shall include comparative data for up to five prior fiscal years if such data is available. The report shall be delivered to the governor, the legislature and to any labor organization that represents state agency employees and shall be available to the public. The contents of the report shall include the following information for each state agency, broken down by institutions and facilities as was done in the report previously published by the department entitled "Occupational Accidents and Workers' Compensation Experience for NYS Government Employees" published from nineteen hundred eighty-seven to nineteen hundred ninety-two:

(a) the total number of employees, the number of work-related accidents and the rate of work-related injuries and illnesses;

(b) the number of lost work time injuries and illnesses and the rate of lost work time cases;

(c) the number of days of lost work time and the number and rate of lost full time employees;

(d) the cost to the state of lost work time due to work-related cases;

(e) the cost to the state of medical expenses due to work-related injuries and illnesses;

(f) a description of the types of injuries, the number of injuries and illnesses of each type and the most common causes of those cases, and the body part injured;

(g) a list of the job titles with work-related injury and illness rates that are more than twenty-five percent above the average for all state agencies;

(h) a list of the state agencies with work-related injury and illness rates that are more than twenty-five percent above the average for all state agencies;

(i) work-related injury and illness rates for all state agencies by collective bargaining units; and

(j) a summary of findings and recommendations prepared in consultation

with the workers' compensation board and the state insurance fund for state agencies regarding the prevention of injury and illnesses and the reduction of costs due to these causes.

§ 2. This act shall take effect immediately.

The Legislature of the STATE OF NEW YORK ss:

Pursuant to the authority vested in us by section 70-b of the Public Officers Law, we hereby jointly certify that this slip copy of this session law was printed under our direction and, in accordance with such section, is entitled to be read into evidence.

EXPLANATION—Matter in italics is new; matter in brackets [-] is old law to be omitted.

JOSEPH L. BRUNO
Temporary President of the Senate

SHELDON SILVER
Speaker of the Assembly
