REDACTION CHART

If an Offeror wishes to request that proposal material be protected from disclosure under the Freedom of Information Law, the Offeror must submit this form to the Procurement Manager within 10 days after the Proposal Due Date. If the Offeror does not request such protection within 10 days after the Proposal Due Date, the Offeror shall waive any right to such protection permanently.

The Offeror must complete the form specifically identifying by page number, line, or other appropriate designation, the specific information requested to be protected from FOIL disclosure and the specific reason why the information should not be disclosed. Vague, non-specific, summary allegations that the material is proprietary or trade secrets are inadequate and will not result in protection from FOIL disclosure.

An appropriate justification may include any one or more of the following considerations by which to demonstrate reasonably whether the item for which you seek protection may be excepted from disclosure:

- a) the confidential nature of the specific item, including a description of the nature and extent of the injury to the Offeror's competitive position, such as unfair economic or competitive damage, which would be incurred were the information/record to be disclosed;
- b) whether the specific information/record is treated as confidential by the Offeror, including whether it ever has been made available to any person or entity;
- c) whether any patent, copyright, or similar legal protection exists for the specific item of information;
- d) whether the public disclosure of the information/record is otherwise restricted by law, and the specific source and content of such restriction;
- e) the date upon which the information/record no longer will need to be kept confidential, if applicable;
- f) whether the item of information is known by anyone outside the Offeror's business or organization;
- g) the extent to which the information is known by Offeror's employees and others involved in the Offeror's business;
- h) the value of the specific information/record to the Offeror and to its competitors;
- i) the amount of effort or money expended by the Offeror in developing the information/record; and
- j) the ease or difficulty with which the information could be properly acquired or duplicated (not merely copied) for use by others.
