2011 EMPIRE PLAN FLEXIBLE FORMULARY

Administered by UnitedHealthcare

The following is a list of the most commonly prescribed generic and brand-name drugs included on the 2011 Empire Plan Flexible Formulary. **This is not a complete list of all prescription drugs on the flexible formulary or covered under The Empire Plan. This list and excluded medications are subject to change. New prescription drugs may be subject to exclusion when they become available in the market.** For specific questions about your prescriptions, coverage and copayments, please call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and select The Empire Plan Prescription Drug Program.

For the enrollee: Enrollees are encouraged to ask their doctors to prescribe covered generic versions of brand-name drugs whenever appropriate, as this will result in a lower copayment. Generic medications contain the same active ingredients as their corresponding brand-name medications, although they may look different in color or shape. They have been FDA-approved under strict standards.

For the physician: Please prescribe covered Level 1 or generic and Level 2 or preferred products when medically appropriate for your patients.

KEY

Generic Drugs are listed in lower case letters. Brand-name drugs are listed with the first letter of the name capitalized.

The symbol * next to a brand-name drug signifies that this drug may be available as a generic in 2010 or 2011. When a generic version is available, mandatory generic substitution will apply. Use of a covered Level 3 or non-preferred brand-name prescription drug when the generic is available will result in the enrollee paying the applicable Level 3 or non-preferred copayment plus the difference in cost between the brand-name drug and the generic, not to exceed the full retail cost of the drug. **The symbol (g)** next to a brand-name drug indicates that a generic is currently available for at least one or more strengths of the brand medication. When a generic is available for a particular strength of the brand-name drug, that strength of the brand-name drug, if covered, is Level 3 or non-preferred. For the drug Dilantin, enrollees will not be charged the difference in cost between the brand-name drug and the generic version when the brand-name drug is dispensed instead of the generic. **The symbol (PA)** next to a drug name indicates that prior authorization is required. **The symbol ♦** next to a drug indicates a brand-name medication with a Level 1 or generic copayment. **The symbol ½T** next to a drug indicates that certain strengths may be eligible for the Half Tablet Program.

You can get more information about your prescription drug benefits by calling The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and selecting The Empire Plan Prescription Drug Program or visit the website at <https://www.cs.state.ny.us>.
