1. Headings and Captions

The headings or captions contained within the Contract are intended solely for convenience and reference purposes and shall in no way be deemed to define, limit or describe the scope or intent of the Contract or any provisions thereof.

2. Compliance with Laws

Contractor warrants and represents that, throughout the term of the Contract, in the performance of its obligations under the Contract, it will: (i) comply with all applicable State and Federal laws, ordinances, rules and regulations and policies of any governmental entity; (ii) pay, at its sole expense, all applicable permits, licenses, tariffs, tolls and fees; and (iii) give all notices required by any laws, ordinances, rules, and regulations of any governmental entity.

3. Jurisdiction or Venue

Any action, suit or proceeding to enforce any provision of, or based on any matter arising out of or in connection with this Contract shall be brought in any New York state court located in Albany County or any federal court located in the Northern District of the State of New York.

4. Summary of Policy and Prohibitions on Procurement Lobbying

State Finance Law §§139-j and 139-k impose certain restrictions on communications between the Department and Offerors during the procurement process. Offerors are restricted from making contact, from the earliest posting, on the Department's website, in a newspaper of general circulation, or in the procurement opportunities newsletter in accordance with Article four-C of the Economic Development Law, of written notice, advertisement or solicitation of a Request for Proposal, invitation for bids, or solicitation of proposals, or any other method provided for by law or regulation to solicit offers/bids through final award and approval of the procurement contract by the Department and, if applicable, the Office of the State Comptroller ("restricted period"), to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). A finding of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the Offeror shall be debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found on the OGS website: <https://ogs.ny.gov/acpl>.

5. Notice of Substantial Change in Contractor Status

In addition to the requirements of New York State Finance Law §138 (requiring the State's approval of subcontractors and assignments and/or conveyances), the Contractor shall notify the Department of any substantial change in the ownership or financial viability of the Contractor, its Affiliates, subsidiaries or divisions, or partners, in writing immediately upon occurrence. "Substantial change" means: (i) sales, acquisitions, mergers or takeovers of the Contractor, its Affiliates, subsidiaries, divisions, or partners that result in a change in the controlling ownership or assets of such entity after the submission of the Bid or execution of Contract; (ii) entry of an order for relief under Title 11 of the United States Code; (iii) the making of a general assignment for the benefit of creditors; (iv) the appointment of a receiver of Contractor's business or property or that of its Affiliates, subsidiaries or divisions, or partners; or action by Contractor, its Affiliates, subsidiaries or divisions, or partners under any State insolvency or similar law for the purposes of its bankruptcy, reorganization, or liquidation; or (v) court ordered liquidation of Contractor, its Affiliates, subsidiaries or divisions, or partners.

Upon the Department's receipt of such notice, the Department shall have thirty (30) business days from the date of notice to review the information. The Contractor may not transfer the Contract to or among Affiliates, subsidiaries or divisions, or partners, or to any other person or entity, without the express written consent of the Department. In addition to any other remedies available at law or equity, the Department shall have the right to terminate the Contract, in whole or in part, for cause, if it finds, in its sole judgment, that such substantial change adversely affects the delivery of Services or is otherwise not in the best interests of the State.

6. Notice of Circumstances Expected to Adversely Affect Contractor's Performance

The Contractor shall immediately notify Department upon learning of any situation that can reasonably be expected to adversely affect the delivery of Project Services under the Contract. If such notification is verbal, the Contractor shall follow such initial verbal notice with a written notice to Department within three (3) calendar days of Contractor's becoming aware of the situation. The written notification shall include a description of the situation and a recommendation of a resolution.

7. Severability

In the event that one or more of the provisions of the Contract shall for any reason be declared unenforceable by a court of competent jurisdiction under the laws or regulations in force, such provision(s) shall have no effect on the validity of the

remainder of the Contract, which shall then be construed as if such unenforceable provision(s) was never contained in the Contract.

8. Waiver of Breach

No term or provision of the Contract shall be deemed waived, and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. No consent by a Party to, or waiver of, a breach under the Contract shall constitute consent to, a waiver of, or excuse for any other, different or subsequent breach. The rights, duties and remedies set forth in the Contract shall be in addition to, and not in limitation of, rights and obligations otherwise available at law or equity. No delay or omission to exercise any right, power or remedy accruing to either party upon breach or default by the other under this Contract shall impair any such right, power or remedy.

9. Force Majeure

Neither Party to the Contract shall be liable or deemed to be in default for any delay or failure in performance under the Contract resulting directly or indirectly from acts of God, civil or military authority, acts of public enemy, wars, riots, civil disturbances, insurrections, accident, fire, explosions, earthquakes, floods, the elements, acts or omissions of public utilities or strikes, work stoppages, slowdowns or other labor interruptions due to labor/management disputes involving entities other than the Parties to the Contract, or any other causes not reasonably foreseeable or beyond the control of a Party. Each Party is required to use best efforts to eliminate or minimize the effect of such events during performance of the Contract and to resume performance of the Contract upon termination or cessation of such events.

10. Modification of Contract

The Contract may be amended only by mutual written consent of the Parties and approved by the New York State Attorney General and Office of the State Comptroller, if required.

11. Change Request

At any time during the term of this Contract, the Department may make changes, subtractions or additions in any of the equipment, software, documentation, Project Services and/or other Deliverables within the general scope of work set forth in the Contract, consistent with pricing established under the terms of the Contract. All such changes shall be made using a mutually agreed upon form executed by the Parties and shall otherwise be in accordance with the terms and conditions of the Contract. If any such change causes an increase or decrease in pricing or the time required for the

performance of the Contract, an equitable adjustment of the Contract amount and/or time of performance will be made on mutual agreement of the Parties, subject to the approval of the New York State Office of the State Comptroller and any applicable control agency, if required.

12. Piggybacking

Contractor acknowledges and agrees that, pursuant to State Finance Law § 163(10)(e), the New York State Office of General Services may authorize and approve purchases from contracts between Contractor and Department to other New York State agencies, authorities, the United States Government or any other state, with the concurrence of the Office of the State Comptroller and under appropriate circumstances.

13. No Third-Party Beneficiaries

Nothing contained in the Contract, expressed or implied, is intended to confer upon any person or corporation, other than the Parties hereto and their successors in interest and assigns, any rights or remedies under or by reason of the Contract.

14. Work Outside of Scope of the Contract

The Contractor must not perform work outside the scope of the Contract unless such work is authorized by a properly executed written amendment to the Contract, and if applicable, approved by the Office of the State Comptroller. Work not so authorized shall not be compensated.

15. Contract Payments

Payments for commodities received or Services rendered shall be in accordance with the Contract.

16. Liability for Taxes

- a) The Department represents that the purchases on behalf of the State of New York are not subject to any state or local sales or use taxes, or to federal excise taxes.
- b) Contractor remains liable and solely responsible without exemption for social security, unemployment insurance, workers' compensation and other taxes and obligations to which Contractor may be subject to by law.

17. State's Authority to Conduct Financial and Performance Audits

The Contractor acknowledges that the Department and the Office of the State Comptroller have the authority to conduct financial and performance audits of the Contractor's delivery of Project Services and any applicable State and federal statutory and regulatory authorities. The audit activity may include, but is not limited to, the review of documentary evidence to determine the accuracy and fairness of all items on the Contractor's submission of claims for payment under the Contract, and the review of any and all activities relating to the Contractor's performance and administration of the Contract.

In addition to any requirements set forth in the Contract, the Contractor shall make available any documentation necessary to perform such reviews including the copying of the documentation. Documentation made available by the Contractor may include, but is not limited to, source documents, books of account, subsidiary records and supporting work papers, claim documentation and pertinent contracts and correspondence.

The audit provisions contained herein shall in no way be construed to limit the audit authority or audit scope of the Office of the State Comptroller as set forth in Appendix A of the Contract, Standards Clauses for All New York State Contracts, or any audit requirements related to the security of the Contractor's systems.

Further, upon request by the State, the Contractor shall cooperate with the State, including the Office of the State Comptroller, in any investigation, audit, or other inquiry related to the Solicitation or the resulting Contract or any related litigation, at no cost to the State. This provision shall survive the termination of the Contract.

18. Independent Contractor

The Parties agree that the Contractor is an independent contractor, and the Contractor, its officers, employees, agents, consultants, contractors and/or subcontractors in the performance of the Contract shall act in an independent capacity and not as agents, officers or employees of the State or the Department. Neither the Contractor nor any subcontractor shall thereby be deemed an agent, officer, or employee of the State. The Contractor agrees, during the term of the Contract, to maintain at the Contractor's expense those benefits to which its employees would otherwise be entitled by law, including health benefits, and all necessary insurance for its employees, including workers' compensation, disability and unemployment insurance, and to provide the Department with certification of such insurance upon request. The Contractor remains responsible for all applicable federal, State, and local taxes, and all Federal Insurance Contributions Act payments.

19. Subcontracting

If allowed in the solicitation, the Contractor may arrange for specified portions of its responsibilities to be subcontracted. The Contractor shall not in any way be relieved of any responsibility under the Contract by any subcontract. The Contractor shall be solely responsible to the Department for the acts or defaults of its Subcontractor(s) and of such Subcontractors' officers, agents, and employees, each of whom shall for this purpose, be deemed to be the agent or employee of the Contractor to the extent of its subcontract. Any Deliverable provided or furnished by a Subcontractor shall be deemed for purposes of the Contract to be provided or furnished by the Contractor.

The Contractor shall inform each Subcontractor fully and completely of all provisions and requirements established by the Contract and enter into a written subcontract. Such subcontract shall include the functional equivalent of the Contract, and include such clauses:

- That the work performed by the Subcontractor must be in accordance with the terms and conditions of this Contract.
- That nothing contained in such subcontract shall impair the rights of the Department or the State.
- That nothing contained in the subcontract shall create any contractual relationship between the Subcontractor and the Department or the State.
- That the State and Department shall have the same authority to audit the records of all Subcontractors as it does those of the Contractor.
- That Subcontractor shall cooperate with any investigation, audit, litigation or other inquiry related to the Solicitation or the resulting Contract.
- That Subcontractor shall maintain and protect against any unauthorized disclosure of records with respect to work performed under the subcontract in the same manner as required of the Contractor
- The Contractor shall require that the Subcontractor must pass through all terms and conditions of the Contract, including but not limited to Appendix A, to any lower tier subcontractors.
- Unless waived by the Department, each subcontract shall expressly name the State of New York through the Department as the sole intended third party beneficiary of such subcontract.

The Department reserves the right to review and approve or reject any subcontract with a Subcontractor, as well as any amendments to said subcontract(s). This right shall not make the Department or the State a party to any subcontract or create any right, claim, or interest in the Subcontractor or proposed Subcontractor against the Department.

The Department reserves the right, at any time during the term of the Contract, to verify that the written subcontract between the Contractor and Subcontractor(s) is in compliance with all of the provisions of this Contract. In addition to other remedies

allowed by law, the Department reserves the right to terminate the Contract for cause if an executed subcontract does not contain all of the required provisions.

The Contractor shall give the Department immediate notice in writing of the initiation of any legal action or suit which relates in any way to a subcontract with a Subcontractor or which may affect the performance of the Contractor's duties under the Contract. Failure to disclose the identity of any and all Subcontractor(s) used by the Contractor as required hereunder may, at the sole discretion of the Department, result in a disqualification of the Subcontractor, if not immediately cured, or may result in termination of the Contract for cause. The Contractor shall pay all Subcontractors for and on account of Project Services and/or Deliverables provided by such Subcontractors in accordance with the terms of their respective subcontracts. If and when required by the Department, the Contractor shall submit satisfactory evidence that it has made such payment. The Contractor shall, within five (5) Business Days of the Department's written request, file promptly with the Department a copy of any subcontract providing Services for the Contract.

20. Contractor Staff

All Contractor Staff performing work under the Contract must: meet or exceed the technical and training qualifications set forth in the Contract; comply with all security and administrative requirements of the Department; possess the necessary qualifications, training, licenses, and permits as may be required within the jurisdiction where the work will be provided or performed; and be legally entitled to work in such jurisdiction. All persons, corporations, or other legal entities that perform Project Services under the Contract on behalf of Contractor shall, in performing the Project Services, comply with all applicable Federal and State laws concerning employment in the United States. Contractor Staff may be required to execute a Department Nondisclosure Agreement, either before or upon arrival for work at a State facility or, if in Department's sole discretion, the Contractor's Staff will otherwise have access to critical State Networks, equipment or data.

The Department, in its sole discretion, may require the Contractor to remove from interaction with the State, or may refuse access to State systems and facilities or require removal from any State facility any Contractor Staff performing work under this Contract that the Department determines poses a security risk, has a work performance that the Department finds inadequate or unacceptable, or otherwise fails to meet the Department's business requirements or expectations. The Contractor shall not assign such removed person to any aspect of the Contract without the State's written consent. Such action by the Department shall not relieve the Contractor of the obligation to perform all work in compliance with the Contract terms.

For reasons of safety and public policy, the use of illegal drugs and/or alcoholic beverages by the Contractor Staff shall not be permitted while performing any phase of Contract work.

The State shall not be liable for any expense incurred by the Contractor Staff for any parking or towing fees or as a consequence of any traffic infraction or parking violations attributable to Contractor Staff.

21. Onboarding and Suitability Determinations

The Contractor, including all Contractor Staff who work on the Contract, must comply with all State and Federal onboarding and security clearance requirements, at its own expense.

Contractor is responsible, at its own expense, for making suitability determinations on its Contractor Staff prior to the staff member performing any work in connection with this Contract. For purposes of this provision, a "suitability determination" is a determination that there are reasonable grounds to believe that an individual will likely be able to perform the Contract requirements without undue risk to the interests of the State. Upon request of the State, the Contractor shall certify to the State that the suitability determinations required by this provision have been completed for all Contractor Staff performing work in connection with this Contract.

Failure of a security clearance or non-compliance with this provision will disqualify any Contractor Staff from performing any Services under the Contract. All expenses, including travel and lodging, associated with the onboarding and security clearance process, including fingerprinting of Contractor Staff, if required, are the responsibility of the Contractor and are not reimbursable.

If Contractor Staff have any lapse in work under the Contract, such individuals may be subject to all onboarding and security clearance requirements if they are returned to performing Project Services under the Contract.

The State also reserves the right to: (a) conduct a background check or otherwise approve any Contractor Staff performing work on this Contract or having access to Data; and (b) refuse access to, eject or require replacement of any personnel at the Department's discretion for any reason.

22. Separation of Duties

The Department requires the Contractor to follow security best practices by adhering to separation of job duties and limiting Contractor Staff access to Data to the minimum necessary to accomplish the intended purpose (i.e., job duties).

23. Dispute Resolution

Unless otherwise agreed to in writing by the Parties, any dispute raised by the Contractor concerning any question of fact or law arising under the Contract which is not disposed of by mutual agreement of the Parties shall be decided initially by the designee of the Commissioner ("Commissioner"). A copy of the written decision shall be furnished to the Contractor. The Parties shall proceed diligently with the performance of the Contract and shall comply with the provisions of such decision and continue to comply pending further resolution of any such dispute as provided herein. The decision of the designee of the Commissioner shall be final and conclusive unless, within ten (10) Days from the receipt of such decision, the Contractor furnishes the Commissioner a written appeal. In the event of an appeal, the Commissioner shall promptly review the initial decision, and confirm, annul, or modify it. The decision of the Commissioner shall be final and conclusive unless, as determined by a court of competent jurisdiction, it violates one of the provisions of section 7803 of the Civil Practice Law and Rules ("Article 78"). Pending final decision of any Article 78 proceeding, the Parties shall diligently perform the Contract in accordance with the Commissioner's decision.

24. Indemnification and Limitation of Liability

a. Indemnification:

Contractor shall be fully liable for the actions of its agents, officers, employees, partners, or subcontractors, and shall fully indemnify and save harmless the State, without limitation, from suits, actions, damages, and costs of every name and description relating to personal injury and damage to real or personal property caused by Contractor, its agents, officers, employees, partners, or subcontractors, if any, without limitation; provided however, that the Contractor shall not indemnify for that portion of any claim, loss, or damage arising hereunder due to the negligent act or negligent failure to act of the State.

Contractor shall indemnify, defend and hold the State harmless, without limitation, from any loss or damage to the State resulting from suits, actions, damages, and costs of every name and description resulting from any criminal acts committed by Contractor's officers, agents, employees, and subcontractors while providing Project Services under the Contract.

b. Indemnification for Intellectual Property Infringement:

Contractor shall indemnify, defend, and hold the State harmless, without limitation, from and against any and all damages, expenses (including reasonable attorneys' fees and legal fees), claims, judgments, liabilities, and costs which may be assessed against the State in any action for infringement of a United States Letter Patent, or of any copyright,

trademark, trade secret, or other third-party proprietary right in relation to the Services, products, documentation or Deliverables furnished or utilized by Contractor under this Contract, provided that the State shall give Contractor: (i) prompt written notice of any action, claim, or threat of infringement suit, or other suit; (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense; and (iii) assistance in the defense of any such action at the expense of Contractor. Where a dispute or claim arises relative to a real or anticipated infringement, the State may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the State shall require. This paragraph shall not apply to that portion of any infringement claim which results from a material modification by the State, without Contractor's approval, of any products, documentation or Deliverables furnished or utilized by Contractor pursuant to this Contract. Notwithstanding the foregoing, the State reserves the right to join such action, at its sole expense, when it determines that there is an issue involving a significant public interest.

c. Limitation of Liability

For all other claims against the Contractor where liability is not otherwise set forth in the Contract as being "without limitation" or not subject to the limitation of liability provisions, and regardless of the basis on which the claim is made, Contractor's liability under the Contract for direct damages shall be limited to the greater of the following: (i) \$500,000 (Five Hundred Thousand Dollars); or (ii) two (2) times the amounts paid to the Contractor for Project Services under the Contract during the twelve (12) months of the Contract term which precedes the giving of notice of the claim by the State. For this purpose, amounts paid shall include, but not be limited to, payments made electronically, by check, by offset, or by the application of credits from the Contractor to the State. Unless otherwise specifically enumerated herein, neither party shall be liable for any incidental, punitive, consequential, indirect or special damages of any kind which may result directly or indirectly from the performance of this Contract, including, without limitation, damages resulting from loss of use or loss of profit by the State, the Contractor, or by others, however caused and regardless of the theory of liability even if such party has been informed of the possibility of such damages.

d. No Indemnification by the State:

The State does not agree to any indemnification provisions that requires the State to indemnify or save harmless Contractor or third parties.

25. Insurance Requirements

Prior to the commencement of work, Contractor shall file with the Department Certificates of Insurance evidencing compliance with all the requirements contained in the Solicitation. Acceptance and/or approval by the Department does not and shall not be construed to relieve Contractor of any obligations, responsibilities or liabilities under the Contract.

Contractor shall cause all required insurance to be in full force and effect as of the commencement date of the Contract and to remain in full force and effect throughout the term of the Contract and as required by the Contract. Contractor shall not take any action or omit to take any action that would suspend or invalidate any of the required coverages during the period of time such coverages are required to be in effect.

26. Warranties and Guarantees

- a. **Contract Deliverables:** Contractor warrants and represents that the Services required by the solicitation and the Contract shall be performed or provided in accordance with all the terms and conditions, covenants, statements, and representations contained in the Contract. Contractor's failure to meet pre-defined service levels or service level guarantees may result in a credit or chargeback in an amount pre-determined by the Parties.
- b. **Product Performance:** Contractor hereby warrants and represents that Products acquired by the State under this Contract conform to the manufacturer's specifications, performance standards and documentation and that the documentation fully describes the proper procedure for using the Products.
- c. **Title and Ownership:** Contractor warrants and represents that it has: (i) full ownership, clear title free of all liens; or (ii) the right to transfer or deliver specified license rights to any Products acquired by the State under the Contract. Contractor shall be solely liable for any costs of acquisition associated therewith. Contractor shall indemnify the State and hold the State harmless from any damages and liabilities (including reasonable attorneys' fees and costs) arising from any breach of Contractor's warranties as set forth herein.
- d. **Workmanship Warranty:** Contractor warrants and represents that all Services and Deliverables shall meet the completion criteria set forth in the Contract, and that Services will be provided in a professional and workmanlike manner in accordance with the highest applicable industry standards.
- e. **Personnel Eligible for Employment:** Contractor warrants and represents that all personnel performing Services under this Contract are qualified to provide Services and eligible for employment in the United States and shall remain so throughout the term of the Contract. Contractor shall provide such proof of compliance as is required by Department.
- f. **Virus Warranty:** The Contractor represents and warrants that any Product acquired by the Department does not contain any known viruses. Contractor is not responsible for viruses introduced at the Department's site by third parties who are not Contractor Staff.

- g. **Date/Time Warranty:** Contractor warrants that Product furnished pursuant to this Contract shall, when used in accordance with the product documentation, be able to accurately process date/time data (including, but not limited to, calculating, comparing, and sequencing) transitions, including leap year calculations. Where a Contractor proposes, or an acquisition requires that specific Products must perform as a package or system, this warranty shall apply to the Products as a system.

Where Contractor is providing ongoing Services, including but not limited to:

- i. consulting, integration, code or data conversion;
 - ii. maintenance or support Services;
 - iii. data entry or processing; or
 - iv. contract administration Services (e.g., billing, invoicing, claim processing), Contractor warrants that Services shall be provided in an accurate and timely manner without interruption, failure or error due to the inaccuracy of Contractor's business operations in processing date/time data (including, but not limited to, calculating, comparing, and sequencing) various date/time transitions, including leap year calculations. Contractor shall be responsible for damages resulting from any delays, errors or untimely performance resulting therefrom, including but not limited to the failure or untimely performance of such Services.
- h. **Additional Warranties:** Where Contractor generally offers additional or more advantageous warranties than those set forth herein, Contractor shall offer or pass through any such warranties to the State.
- i. **No Limitation of Rights:** The rights and remedies of the State provided in this clause are in addition to and do not limit any rights afforded to the State by any other clause of the Contract.
- j. **Survival of Warranties:** All warranties contained in the Contract shall survive termination of the Contract.
- k. **No Implied Warranties:** To the extent permitted by law, these warranties are exclusive and there are no other express or implied warranties or conditions, including warranties or conditions of merchantability and fitness for a particular purpose.

27. Ownership of and Title to Contract Deliverables

a. Contractor acknowledges that it is commissioned by the State to perform the Project Services detailed in the Contract which may include the development of intellectual property by Contractor, its Subcontractors, partners, employees or agents for the State ("Custom Products"). Unless otherwise specified in writing in the Contract, upon the creation of such Custom Products, Contractor hereby conveys, assigns and transfers to the State the sole and exclusive rights, title and interest in the Custom Products, whether preliminary, final or otherwise, including all trademark and copyrights. Contractor hereby agrees to take all necessary and appropriate steps to ensure that the Custom Products are protected against unauthorized copying, reproduction and marketing by or through Contractor, its agents, employees, or Subcontractors. Nothing herein shall preclude the Contractor from otherwise using the related or underlying general knowledge, skills, ideas, concepts, techniques and experience developed in performing Services under the Contract in the course of Contractor's business. The State may, by providing written notice thereof to the Contractor, elect in the alternative to take a non-exclusive perpetual license to Custom Products in lieu of taking exclusive ownership and title to such Products. In such case, the State shall be granted a non-exclusive perpetual license to use, execute, reproduce, display, perform, adapt and distribute Custom Product as necessary to fully effect the general business purpose(s) as stated in the Contract.

b. Ownership of and Title to Existing Software

Title and ownership to existing software delivered by Contractor under the Contract that is normally commercially distributed by the Contractor or a third-party proprietary owner, whether or not embedded in, delivered or operating in conjunction with hardware or Custom Products shall remain with Contractor or the third party. Effective upon acceptance, such existing software shall be licensed to the State and must, at a minimum, grant the State a non-exclusive, perpetual license to use, execute, reproduce, display, perform, adapt (unless Contractor advises the State as part of Contractor's proposal that adaptation will violate existing agreements or statutes and Contractor demonstrates such to the State's satisfaction) and distribute existing software to the State up to the license capacity stated in the Contract with all license rights necessary to fully effect the general business purposes stated in the Solicitation. With regards to third party software, the Contractor shall be responsible for obtaining these rights at its sole cost and expense.

28. Confidentiality and Non-Disclosure

a. Confidentiality

Except as may be required by applicable law or a court of competent jurisdiction, the Contractor, its officers, agents, employees, and subcontractors, if any, shall maintain strict confidence with respect to any "Confidential Information" to which the Contractor, its officers, agents, employees, and subcontractors, if any, have access. This

requirement shall survive termination of the Contract. Contractor agrees that all officers, agents, employees and subcontractors, if any, shall be made aware of and shall agree to the terms of this Contract. Upon the request of the State or Department, all of Contractor's officers, agents, employees and subcontractors with access to Data shall cooperate in executing a written confidentiality/nondisclosure agreement and/or security addendum under applicable confidentiality and privacy laws, rules, and regulations or policies. If the State or Department does not request the execution of a written confidentiality/nondisclosure agreement and/or security addendum then Contractor shall ensure all officers, agents, employees and subcontractors with access to Data are bound by a confidentiality/nondisclosure agreement and/or security addendum requirements consistent with applicable confidentiality and privacy laws, rules and regulations or policies.

For purposes of the Contract, all data from the State of which Contractor, its officers, agents, employees, and subcontractors, if any, becomes aware during the Contract performance shall be deemed to be Confidential Information (whether oral, visual or written). Notwithstanding the foregoing, data that falls into any of the following categories shall not be considered Confidential Information:

- i. information that is previously rightfully known to the receiving party without restriction on disclosure;
- ii. information that becomes, from no act or failure to act on the part of the receiving party, generally known in the relevant industry or is in the public domain; and
- iii. information that is independently developed by Contractor without use of Confidential Information of the State.

In the event that it is necessary for Contractor to receive Confidential Information, which Federal or State statute or regulation prohibits from disclosure, Contractor hereby agrees it shall not retain a copy of such Confidential Information and shall either return or destroy, in accordance with the provisions of this Contract, all such Confidential Information when the purpose that necessitated its receipt by Contractor has been completed.

Notwithstanding the foregoing, if the return or destruction of the Confidential Information is not feasible, Contractor agrees to extend the contractual protections for as long as necessary to protect the Confidential Information and to limit any further use or disclosure of that Confidential Information.

Contractor agrees that it shall use all appropriate safeguards to prevent any unauthorized use or unauthorized disclosure of Confidential Information, which Federal or State statute or regulation prohibits from disclosure.

Contractor agrees that it shall immediately report to the Department the discovery of any unauthorized use or unauthorized disclosure of such Confidential Information in accordance with the Contract notification provisions. The Parties agree that a violation of this section shall be deemed a material breach of contract.

b. Non-disclosure: Except as otherwise required by law, Contractor shall not disclose Data to a third party. Except where expressly prohibited by law, Contractor shall promptly notify the Department of any subpoena, warrant, judicial, administrative or arbitral order of an executive or administrative agency or other governmental authority of competent jurisdiction (a "Demand") that it receives and which relates to or requires production of the information or data Contractor is processing or storing on the State's behalf where the State is the object of the underlying subpoena, warrant, judicial, administrative or arbitral order. If Contractor is required to produce information or data in response to such Demand, Contractor will provide the Department with the information or data in its possession that it plans to produce in response to the Demand prior to production of such information or data. Except as otherwise required by law, Contractor shall provide the Department with reasonable time to assert its rights with respect to the withholding of such information or Data from production.
