**The June 1, 2025, Anticipated Project Services Start Date allows for a 60-day Implementation Period. Production and Distribution of EBCs is anticipated to begin on June 1, 2025.

1.2 Purpose

The purpose of this Invitation for Bids (IFB), entitled "Employee Benefit Card" is to competitively secure the services of a qualified organization (Offeror), either directly or through subcontracts with qualified organizations, to provide comprehensive Project Services set forth in detail in Section 3 of this IFB, on behalf of the New York State Department of Civil Service ("Department" or "DCS"), for individuals covered under The Empire Plan. Capitalized terms used herein shall have the meanings specified in the *Glossary of Defined Terms* (Attachment 15) or in the body of this IFB. If there is a conflict in a definition the body of the IFB will control.

The Department will only contract with a single Offeror, which will be the sole contact regarding all provisions of the Contract. Contract is defined as the agreement, resultant from this IFB, entered into between the Department and the single Offeror.

This IFB and other relevant information may be reviewed at:
<https://www.cs.ny.gov/EBC/IFB/>.

1.3 Period of Performance

It is the intent of the Department to enter into an Agreement for a term consisting of an Implementation Period of a minimum of 60 days, plus five (5) years of Project Services

which shall begin on the Project Services Start Date (Services Start Date), and end on May 31, 2030.

The estimated “Project Services Start Date” is June 1, 2025, or 60 Days after OSC approves the Contract, whichever is later, and continue through and including May 31, 2030 (End Date).

The Parties may agree to a shorter Implementation Period if such change best meets the needs of the State.

In accordance with New York State policy and New York State Finance Law section 112(2), the resulting contract is deemed executory until it has been approved by the New York State Attorney General’s Office (AG) and approved and filed by the New York State Office of the State Comptroller (OSC).

1.4 Overview of the New York State Health Insurance Program

The New York State Health Insurance Program (NYSHIP) was established by the New York State Legislature in 1957 to provide essential health insurance protection to New York State (NYS) employees, retirees, and their eligible Dependents. Civil Service Law allows the NYSHIP the option to be self-funded, which occurred in 2014. Public authorities, public benefit corporations, and other quasi-public entities, such as the NYS Thruway Authority and the Dormitory Authority may choose to participate in NYSHIP; those that do are called Participating Employers (PEs). Article XI of the NYS Civil Service Law also allows local units of government such as school districts, special districts, and municipal corporations to participate in NYSHIP; those local government units which choose to participate in NYSHIP are called Participating Agencies (PAs). At present, there are roughly 100 Participating Employers and about 800 Participating Agencies in NYSHIP. Under Article XI of the Civil Service Law, as amended and 4 New York Code of Rules and Regulations (NYCRR) Part 73, as amended, the President, who also serves as the Commissioner of the Department, through the Department’s Employee Benefits Division (EBD) is responsible for the ongoing administration of NYSHIP. NYSHIP currently covers over 625,000 NYS, PA and PE Employees and Retirees. Eligible covered Dependents bring the total number of covered lives to about 1,211,000.

1.5 Overview of The Empire Plan

The largest health plan option under NYSHIP is The Empire Plan, a Participating Provider Organization (PPO) which is available to New York State employees and retirees, PAs, and PEs. The Empire Plan benefit design has four (4) main parts including:

1. Hospital Program benefits that include coverage for hospital inpatient stays, hospice care, emergency care, skilled nursing facilities, infertility services and the Transplants Program. The program is currently administered by Anthem Blue Cross;

2. Medical Program benefits that includes coverage for medical and surgical services under the Participating Provider and the Basic Medical Program. This program is currently administered by UnitedHealthcare Insurance Company (UHC) of New York;
3. Mental Health and Substance Use Program benefits currently administered by Carelon Behavior Health; and
4. Prescription Drug Program benefits that include coverage for prescription drugs dispensed through retail network pharmacies, through the Mail Service Pharmacy Process, through the Specialty Pharmacy Program, and through non-network pharmacies. This program is currently administered by CVS Caremark.

The benefit design of The Empire Plan is the result of collective bargaining between NYS and the various unions representing its employees. Benefits are administratively extended to non-represented NYS employees, employees of PAs and PEs, and retirees. Therefore, the benefit design is subject to change from time-to-time as the result of those negotiations, and there are variations in The Empire Plan's benefit design among the bargaining units. The benefit design cannot deviate from that which has been collectively bargained. Most of the active workforce is represented by various unions, and union participation in the design and oversight of NYSHIP is active and ongoing.

Other NYSHIP Options

Other plan options available to New York State and PE employees include eight (8) Health Maintenance Organizations (HMOs). The Excelsior Plan is a lower cost version of The Empire Plan available only to PAs but will no longer be a NYSHIP offering effective January 1, 2025. Lastly, the Student Employee Health Plan (SEHP) is a health insurance plan for graduate student employees of the New York State and New York City University systems. Benefit cards for the HMOs and SEHP will not be required under this contract.

NYSHIP Governance

NYSHIP is sponsored by the Council on Employee Health Insurance (CEHI). The Council is composed of the President of the Civil Service Commission, the Director of the Office of Employee Relations (OER), and the Director of the Division of the Budget (DOB). The Department holds the contracts with the DCS Programs third party administrators. All components of the DCS Programs are self-funded.

1.6 Overview of Required EBC Production, Distribution, and Reporting Services

The EBC, which will be produced and distributed by the selected Offeror on behalf of the Department, provides identifying information for an enrollee and any covered dependents enrolled in The Empire Plan. Once a week the Department produces an EBC Data File(s) containing all the information necessary to produce and distribute EBCs. Using the

information contained in the EBC Data File(s), the selected Offeror will be required to produce and distribute the EBCs via first-class U.S. Postal Service to the cardholder.

The total number of Empire Plan benefit cards issued in the form of new, duplicate and replacement cards over the last three calendar years is as follows: 2021: 964,294; 2022: 963,966; and 2023: 953,606. The number of cards issued in an average week in calendar year 2023 was approximately 2,500.

In addition, each year the federal Patient Protection and Affordable Care Act sets new amounts limiting total network out-of-pocket costs. This federal law requires the inclusion of annual out-of-pocket costs on employee health insurance benefit cards. For years 2021, 2022, and 2023, the Department reissued approximately 839,000 cards per year due to the federal legislative requirement. The actual counts of cards reissued in bulk for 2021, 2022, and 2023 are as follows: 859,980; 829,583; and 828,535, respectively. The Department anticipates issuing new Empire Plan benefit cards for all enrollees and covered dependents beginning in mid-November of each year of the five-year contract. New benefit cards will also be issued when there is a change to annual out-of-pocket costs due to collective bargaining.

The selected Offeror will also be required to produce and distribute weekly Management Reports including Card Detail Reports, Card Summary Reports, Data Load Count Reports, and Address Change Reports. The Card Detail Report contains data supporting the EBCs produced for each enrollee and/or their dependents. The Card Summary Report contains total card counts and the total number of agencies that received EBCs. The Data Load Count Report contains the total number of received, rejected, and valid EBC packets and enrollment records. The Address Change Report provides a detailed summary of all enrollees and/or their dependents who experienced a change in mailing address maintained on file. All reports shall be transmitted to the Department through a secure electronic transmission that is compliant with the Health Insurance Portability and Accountability Act (HIPAA) and in a format that is searchable and acceptable to the Department.

1.7 Minimum Offeror Eligibility Requirements

Offerors must meet the following Minimum Offeror Eligibility Requirements to be eligible to submit a Bid Submission. Failure to meet these Minimum Offeror Eligibility Requirements will result in a Bid Submission being found non-responsive and eliminated from consideration.

Offeror means any responsible and eligible entity submitting a responsive Bid Submission to this IFB. 4. The Offeror must have, at time of Bid Submission, at least two current or former clients, each with a card production size of at least one hundred thousand (100,000) in the last twelve-month period prior to bid submission.
5. The Offeror must represent and warrant that, at time of Bid Submission, it possesses adequate staffing resources, financial resources, and organizational capacity to perform the type, magnitude and quality of work specified in the IFB.

2. Restrictions on Contacts Between Offerors and State Staff During the Procurement Process

- a. Pursuant to New York State Finance Law sections 139-j and 139-k, this Procurement imposes certain restrictions on communications between the Department and an Offeror during the procurement process. An Offeror is restricted from making contacts from the earliest posting, on the Department's website, in a newspaper of general circulation, or in the procurement opportunities newsletter in accordance with Article 4-C of the Economic Development Law, of written notice, advertisement or solicitation of a request for Proposal, invitation for bids, or solicitation of proposals, or any other method provided for by law or regulation for soliciting a response from Offerors intending to result in a contract with the Department through final award and approval of the contract by the Department and, if applicable, the Office of the State Comptroller to other than the Designated Contact (unless it is a Contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a)). This time period is defined as the Restricted Period. The Designated Contact for this procurement is set forth in Section 2.1(1) of this IFB. Staff is required to obtain certain information from an Offeror whenever contacted about the procurement during the restricted period and is required to make a determination of the Offeror's responsibility that addresses the Offeror's compliance with the statutory requirements. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a 4-year period, the Offeror is debarred from obtaining governmental Procurement Contracts. The Department's policy and procedures can be found in the Attachment 2, Procurement Lobbying Policy. Further information about these requirements can be found at: <https://www.ogs.ny.gov/ACPL/>.
- b. The Department strictly controls communications between any Offeror and participants in the procurement process. "Offeror" means the individual or entity, or any employee, agent or consultant or person acting on behalf of such individual or entity, who contacts the Department about a governmental procurement during the restricted period of such governmental procurement whether or not the caller has a financial interest in the outcome of the procurement; provided, however, that a governmental agency or its employees that communicate with the Department regarding a governmental procurement in the exercise of its oversight duties shall not be considered an Offeror. "Offeror" includes prospective Offerors prior to the due date for the submission of offers/Bids in response to the solicitation document.

3. Pre-Bid Conference

No Pre-Bid Conference will be held regarding this IFB.

4. Submission of Errors or Omissions in this IFB Document

By participating in activities related to this IFB, and/or by submitting a Bid in

response to this IFB, an Offeror agrees to be bound by its terms, including, but not limited to, this process by which an Offeror may submit errors or omissions for consideration. If an Offeror believes there is an error or omission in this IFB, the Offeror may raise such issue as follows:

a. **Process for Submitting Assertions of Errors or Omissions in IFB Document**

- i. **Time Frame:** The Department must receive assertions of errors or omissions in the IFB process which are or should have been apparent prior to the Bid Submission Due Date, in writing, five (5) Business Days after the Release Date of First Official Responses to Questions specified in Section 1.1 of this IFB.
- ii. **Content:** The submission alleging the error or omission must clearly and fully state the legal and/or factual grounds for the assertion and must include all relevant documentation.
- iii. **Format of Submission:** All submissions asserting an error or omission must be submitted in writing *both* electronically and in hard copy format to the Designated Contact specified in Section 2.1 of this IFB.

The hard copy envelope or package must clearly and prominently display the following statement:

**"Submission of Errors or Omissions for the
Employee Benefit Card (EBC) Invitation for Bids"**

Any assertion of an error or omission which does not conform to the requirements set forth in this section shall be deemed waived by the Offeror and the Offeror shall have no further recourse.

b. **The Review Process for Assertions of Errors or Omissions in IFB**

The Department shall conduct the review process for submission of errors or omissions. The Commissioner may appoint a designee who will review the submission and make a recommendation to the Commissioner as to the disposition of the matter. At the discretion of the Commissioner, or the Commissioner's designee, the Offeror may be given the opportunity to meet with the Commissioner or the Commissioner's designee to support its submission. The Offeror may, but need not, be represented by counsel at such a meeting. Any and all issues concerning the manner in which the review process is conducted shall be determined solely by the Commissioner or designee.

The Commissioner or designee shall review the matter, and the Commissioner shall issue a written decision within twenty (20) Business Days after the close of the review process. If additional time for the issuance of the decision is necessary, the prospective Offeror shall be advised of the delay and of the time frame within which a decision may be reasonably expected. The Commissioner's decision will be communicated to the party in writing and shall constitute the agency's final determination in the matter.

The Department reserves the right to determine and act in the best interests of the State in resolving any assertion of error or omission in this IFB document. The Department may elect to extend the Bid Submission Due Date as may be appropriate. Notice of any such extension will be provided to all organizations who provided an email address on the submitted *Offeror Affirmation of Understanding and Agreement* form (Attachment 1). Notice of any extension will also be posted to: <https://www.cs.ny.gov/EBC/IFB/>.

To make arrangements for hand-delivery, the Offeror must notify the Designated Contact twenty-four hours prior to delivery. All Submissions must be received by 3:00 p.m. ET on the Bid Submission Due Date as set forth in Section 1.1 of this IFB.
- i. Any submission received after 3:00 p.m. ET on the Bid Submission Due Date, as specified in Section 1.1 of this IFB, shall not be accepted by the Department, and may be returned to the submitting entity at the

- k. An Offeror is solely responsible for timely delivery of the Submission to the Department prior to the Bid Submission Due Date stated in Section 1.1 of this IFB. Delays in United States mail deliveries or any other carrier, including couriers or agents of New York State, shall not excuse late bid submissions. If the Bid Submission is delivered by mail or courier, the Department recommends that it be sent "Return Receipt Requested", so the Offeror obtains proof of timely delivery. No phone, facsimile, or e-mail submission of Bids will be accepted for this IFB. In addition, it is the sole responsibility of the Offeror to verify that all elements of the bid submission are complete, correct and without error.

7. Bid Deviations

The Department will not entertain bid deviations to Standard Clauses for New York State Contracts (Appendix A). The Department will also not entertain material and substantive bid deviations to the solicitation to Standard Clauses for All Department Contracts (Appendix B), Information Security Requirements (Appendix C), and Insurance Requirements (Appendix E). NYS law precludes awarding a contract based on material deviation(s) from the specifications, terms, and/or conditions set forth in the solicitation. Therefore, Submissions containing a bid deviation (including additional, inconsistent, conflicting, or alternative terms) that are a material and substantive change from the specifications, terms, and conditions set forth in the solicitation may render the Submission non-responsive and may result in rejection of the submission.

If Offeror has an issue or concern regarding provisions in the solicitation and is considering a submission containing a bid deviation, Offeror is strongly advised to raise such issues and/or concerns during the question-and-answer period so that the Department may give due consideration to the issue prior to submission. Failure to use the question-and-answer period and instead submitting a bid deviation could render the entire Submission non-responsive and rejected in its entirety.

In general, a material and substantive bid deviation is one that would (i) impair the interests of New York State, (ii) place the successful Offeror in a position of unfair economic advantage, (iii) place other Offerors at a competitive disadvantage, or (iv) which, if it had been included in the original solicitation, could have formed a reasonable basis for an otherwise qualified Offeror to change its determination concerning the Submission. For example, a deviation that would substantially shift

liability (risk) or financial responsibility from the Offeror to New York State would be considered material.

Unless specifically required by the solicitation to be submitted as part of an Offeror's submission, an Offeror is further advised that its standard, pre-printed material (including but not limited to product literature, order forms, manufacturer's license agreements, standard contracts or other pre-printed documents), which are physically attached or summarily referenced in the Offeror's Submission are not considered as having been submitted with or intended to be incorporated as part of the official offer contained in the Submission. Rather, such material shall be deemed by the Department to have been included by Offeror for informational or promotional purposes only. If such materials are requested by the solicitation, an Offeror must ensure that the materials are properly referenced.

To submit a non-material bid deviation, an Offeror must complete and submit the proposed deviation(s) using the *Non-Material Deviations Template* (Attachment 8), as part of the Bid Submission. If a non-material bid deviation does not meet these requirements, it shall not be considered by the State and shall be rejected.

An Offeror who does not submit the *Non-Material Deviations Template* (Attachment 8), as part of the Bid Submission is presumed to have no bid deviations.

8. Notification of Tentative Contract Award

A tentative award letter will be sent to the selected Offeror indicating a tentative award subject to successful contract negotiations. The remaining Offerors will be notified of the tentative award and the possibility that failed negotiations could result in an alternative award.

9. Debriefing

Unsuccessful Offerors will be advised of the opportunity to request a Debriefing and the timeframe by which such requests must be made. Debriefings are subject to the *NYS Department of Civil Service Debriefing Guidelines* (Attachment 5) of this IFB. An unsuccessful Offeror's written request for a debriefing shall be submitted to the Designated Contact at the address provided in Section 2.1(1) of this IFB.

10. Submission of a Protest

By participating in activities related to this Procurement, and/or by submitting a Bid in response to this IFB, an Offeror agrees to be bound by its terms including, but not limited to, the process by which an Offeror may submit a protest of a non-responsive determination or the selection award for consideration. In the event the Offeror elects to submit a protest of a non-responsive determination, the Offeror agrees it shall not be permitted to also submit a protest on the selection decision. In the event that an Offeror decides to submit a protest, the Offeror may raise such issue according to the following provisions.

a. **Process for Submitting a Protest of a Non-Responsive Determination or a Selection Decision**

- i. **Time Frame**: Any protest must be received no later than 5:00 p.m. ET on the tenth (10th) Business Day after an Offeror's receipt of written notification by the Department of a non-responsive determination or tentative award, or if a debriefing has been requested by an Unsuccessful Offeror, pursuant to the *NYS Department of Civil Service Debriefing Guidelines* (Attachment 5), within five (5) Business Days of the debriefing (whichever date is later).
- ii. **Content**: The protest must fully state the legal and factual grounds for the protest and must include all relevant documentation.
- iii. **Format of Submission**: The protest must be in writing and submitted to the Designated Contact at the address provided in Section 2.1(1) of this IFB.
- iv. A protest of either a non-responsive determination or a selection decision must have one of the following statements clearly and prominently displayed on the envelope or package:

**“Submission of Non-Responsive Determination Protest for
Invitation for Bids
Employee Benefit Card”**

OR

**“Submission of Tentative Award Protest for
Invitation for Bids
Employee Benefit Card”**

- v. Any assertion of protest which does not conform to the requirements set forth in this section shall be deemed waived by the Offeror, and the Offeror shall have no further recourse.

b. **Review of Submitted Protests**

- i. The Department shall conduct the review process of submitted protests. The Department's Commissioner may appoint a designee to review the submission and to make a recommendation to the Commissioner as to the disposition of the matter. The Commissioner's designee may be an employee of the Department but, in any event, shall be someone who has not participated in the preparation of this IFB, the evaluation of Bid Submission, the determination of non-responsiveness, or the selection decision. At the discretion of the Commissioner, or the Commissioner's designee, the Offeror may be given the opportunity to meet with the

Commissioner or the Commissioner's designee, to support its submission. The Offeror may, but need not, be represented by counsel at such a meeting. The Department shall be represented by counsel at such meeting. Any issues concerning the way the review process is conducted shall be determined solely by the Commissioner, or the Commissioner's designee. The Commissioner, or the Commissioner's designee, shall review the matter, and shall issue a written decision within twenty (20) Business Days after the close of the review process. If additional time is necessary for the issuance of the decision, the Offeror shall be advised of the time frame within which a decision may be reasonably expected. The Commissioner's decision will be communicated to the party in writing and shall constitute the Department's final determination in the matter.

- ii. If an Offeror protests the selection decision or a non-responsive determination, the Department shall continue contract negotiations regarding the terms and conditions of the contract with the selected Offeror.

11. Department of Civil Service Reservation of Rights

An Offeror is required to submit the signed and notarized *Offeror Certifications Form* (Attachment 7) with its Administrative Submission. This notarized attachment sets forth the Offeror's attestation and agreement to abide by laws, Procurement Guidelines, and Executive Orders governing New York State Procurement and any additional requirements set forth in this IFB.

In addition to any rights articulated elsewhere in this IFB, the Department reserves the right to:

- a. Make or not make an award under the IFB, either in whole or in part;

- i. Change any of the scheduled dates or times stated in this IFB;
- j. Seek clarifications and revisions of Bid Submissions;

- m. For the purposes of ensuring completeness and comparability of the Bids, analyze submissions and make adjustments or normalize submissions in the Bid(s), including the Offeror's technical assumptions, and underlying calculations and assumptions used to support the Offeror's computation of costs, or to apply such other methods it deems necessary to make level comparisons across Bids;
- n. Use the Bid, information obtained through any site visits, and the Department's own investigation of an Offeror's qualifications, experience, ability or financial standing, and any other material or information submitted by the Offeror in response to the Department's request for clarifying information, if any, in the course of evaluation and selection under this IFB;
- o. Negotiate with the successful Offeror within the scope of this IFB in the best interests of the Department;
- p. Utilize any and all ideas submitted in the Bid(s) received except to the extent such information/ideas are protected under the New York State Freedom of Information Law, Article 6 of the Public Officers Law as critical infrastructure information or trade secrets;
- q. If the Department determines that contract negotiations between the Department and the selected Offeror are unsuccessful, the Department may invite the Offeror with the next Lowest Projected Cost to enter into negotiations for purposes of executing a Contract. Prior to negotiating with the Offeror with the next Lowest Projected Cost, the Department will notify the Offeror originally selected and provide the date when negotiations shall cease should an agreement not be reached. Costs will not be recalculated

for any remaining Offerors should contract negotiations between the Department and the selected Offeror be unsuccessful because of material differences in key provision(s);

- s. Any Offeror whose Bid Submission might become eligible for a tentative award may be asked to extend the time for which its Bid Submission shall remain valid if the original award is withdrawn.

12. Disclaimer

The Department is not liable for any costs incurred by any Offeror prior to approval of the Contract by OSC. Additionally, no costs will be incurred by the Department for any prospective Offeror or Offeror's participation in any Procurement-related activities. Further, the Department shall not be liable for any costs incurred by the Offeror prior to performing the activities set forth in Section 3 of this IFB. The Department has taken care in preparing the data accompanying this IFB (hard copy attachments, website attachments, and sample document attachments). However, the Department does not warrant the accuracy of the data. The numbers or statistics which appear in hardcopy attachments, website attachments, and sample document attachments referenced throughout this IFB are for informational purposes only and should not be used or viewed by prospective Offerors as guarantees or representations of any levels of past or future performance or participation. Accordingly, prospective Offerors should rely upon and use such numbers or statistics in preparing their Bid at their own discretion.

2.2 Compliance with Applicable Laws, Rules and Regulations, and Executive Orders

1. Disclosure of Bid Submission Contents – Freedom of Information Law (FOIL)

NOTICE TO OFFEROR AND ITS LEGAL COUNSEL

All materials submitted by an Offeror in response to this IFB shall become the property of the Department and may be returned to the Offeror at the sole discretion of the Department. Bids may be reviewed or evaluated by any person, other than one associated with a competing Offeror, designated by the Department. Offerors may anticipate that Bids will be evaluated by staff and consultants retained by the Department and may also be evaluated by staff of other New York State Agencies. The Department has the right to adopt, modify, or reject any or all ideas presented in any material submitted in response to this IFB.

The Department shall take reasonable steps to protect from public disclosure any records or portions thereof relating to this solicitation that are exempt from

disclosure under FOIL. Information constituting trade secrets or critical infrastructure information for purposes of FOIL must be clearly marked and identified as such by the Offeror upon submission. To request that materials be protected from FOIL disclosure, the Offeror must follow the procedures below regarding FOIL. If an Offeror believes that any information in its Bid Submission or supplemental submission(s) constitutes proprietary and/or trade secret or critical infrastructure information and desires that such information not be disclosed pursuant to the New York State Freedom of Information Law, Article 6 of the Public Officers Law, the Offeror must make that assertion by completing a *FOIL Request for Redaction Chart* (Attachment 11). The Offeror must complete the form specifically identifying by page number, line, or other appropriate designation, the specific information requested to be protected from FOIL disclosure and the specific reason why such information should not be disclosed. Page 2 of *FOIL Request for Redaction Chart* (Attachment 11) contains information regarding appropriate justification for protection from FOIL disclosure. Vague, non-specific, or summary assertions that material is proprietary, or trade-secret are inadequate and will not result in protection from FOIL disclosure.

The completed *FOIL Request for Redaction Chart* (Attachment 11) must be submitted to the Department as part of the Administrative Submission and additionally please follow instructions regarding submission of a separate USB storage drive as described below.

If the Offeror chooses not to assert any Bid material and/or supplemental submission should be protected from FOIL disclosure, the Offeror should check the applicable box on *FOIL Request for Redaction Chart* (Attachment 11) and submit Attachment 11 as part of their Administrative Submission. If a completed *FOIL Request for Redaction Chart* (Attachment 11) form is not submitted, the Department will assume that the Offeror chooses not to assert that any bid material or supplemental submission, as applicable, should be protected from FOIL disclosure.

Acceptance of the identified information by the Department does not constitute a determination that the information is exempt from disclosure under FOIL. Determinations as to whether the materials or information may be withheld from disclosure will be made in accordance with FOIL at the time a request for such information is received by the Department.

a. Requested Redactions – Second USB Storage Drive:

At the time of Bid Submission, the Offeror is required to identify the portions of its Bid Submission that it is requesting to be redacted in the event that its Bid Submission is the subject of a FOIL request as follows.

- i. The Offeror must provide an electronic copy of Attachment 11 as well as the Administrative Submission, the Technical Submission, and the Financial Submission on a **separate, second USB storage drive** and reflect the Offeror's requested redactions. The electronic documents

must be prepared in PDF format. Each specific portion of the Bid documents requested to be protected from FOIL disclosure must be identified using the Adobe “Mark for Redaction” function; do not use the “Apply Redactions” function; or by highlighting such portions in yellow. The resulting documents must show the Offeror’s requested redactions as outlined, while the content remains visible. This will allow the Department to either apply or remove requested redactions when responding to FOIL requests. The documents included on the USB storage drive must be complete Bids, including all Attachments. No section may be omitted from the USB storage drive even if the entire section is requested to be redacted; such sections should be marked for redaction, not removed. For forms, attachments, and charts, please mark for redaction only those cells/fields/entries that meet the criteria for protection from FOIL, not the entire page. Do not request redaction of Department-supplied materials or information.

- ii. During the Bid Submission evaluation process, the Department may request additional information through clarification requests. Any requested redactions for additional written material provided by the Offeror in response to the Department’s requests also must be submitted following the redaction instructions above, however, may be returned as PDF attachments via Email when responding to clarification requests.
- iii. Upon acceptance and signature of the Contract submitted for execution by the Department and approval by controlling agencies, if applicable, the Contractor is requested to provide any requested redactions of the signed contract at the time the Contractor signs and submits the contract to the Department. The requested redactions from the executed contract may be emailed as a PDF with the above redaction methods requested.

2. Public Officers Law

All Offerors and Offerors' employees and agents must be aware of and comply with the requirements of the New York State Public Officers Law (POL), particularly POL sections 73 and 74, as well as all other provisions of New York State law, rules and regulations, and policy establishing ethical standards for current and former State employees. Failure to comply with these provisions may result in disqualification from the Procurement process, termination, suspension or cancellation of the Contract and criminal proceedings as may be required by law. An Offeror must submit an affirmative statement as to the existence of, absence of, or potential for conflict of interest on the part of the Offeror because of prior, current, or proposed contracts, engagements, or affiliations, by submitting a completed *Offeror Certifications Form* (Attachment 7), in the Offeror’s Administrative Proposal.

3. New York State Required Certifications

An Offeror is required to submit the signed *Offeror Certifications Form* (Attachment 7) with its Bid Submission. This attachment sets forth the Offeror's attestation that the Offeror meets the minimum qualifications and has binding authority to submit a Bid. Additionally, it acknowledges and attests the Offeror's ability to meet the minimum requirements to bid, as well as certifying compliance with the MacBride Fair Employment Principles and Non-Collusive Bidding Certification as well as attestation the Offeror has read and will abide by New York State Finance Law 139 j-k Lobbying Law and its permissible contacts. It also sets forth the certifications regarding compliance with:

- Executive Order No. 177 regarding discrimination and harassment;
- the New York State Public Officers Law;

- Executive Orders 14 and 16, certifying the Offeror is not a Russian entity or doing business with a Russian entity.

4. New York Subcontractors and Suppliers

An Offeror is required to complete New York State Subcontractors and Suppliers section found in Attachment 7, Offeror Certifications Form, and must be submitted with the Offeror's Administrative Submission. New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the State and the nation. In recognition of their economic activity and leadership in doing business in NYS, an Offeror for this IFB is strongly encouraged and expected to consider NYS businesses in the fulfillment of the requirements of the Contract. Such partnering may be as subcontractors, suppliers, protégés, or other supporting roles.

SECTION 3: PROJECT SERVICES

The Department is seeking a qualified Offeror, to provide comprehensive EBC Project Services. For the purpose of submitting a Bid, an Offeror must provide the following Project Services which will be incorporated into the resulting Contract:

An overview of the EBC Project Services includes:

- Producing and distributing new, duplicate, and replacement EBCs on behalf of the New York State Department of Civil Service (“Department” or “DCS”) to individuals covered under The Empire Plan; and
- Creating and distributing associated Management Reports to the Department to manage the contract; and
- Working with Empire Plan administrators on the implementation of a digital ID card, which would include providing the administrators or the Department digital images of Empire Plan ID cards.

3.1 Implementation Period Requirements

At the commencement of the Implementation Period, the Offeror will be provided with a test data file, containing detailed benefit card data elements (EBC Data File) shown in the *Sample Empire Plan Card File Layout* (Exhibit 9) and the *Empire Plan Crosswalk* (Exhibit 12) that contains *Benefit Programs* (Exhibit 11) and the corresponding In-Network Out-of-Pocket Limits and Non-Network deductibles and coinsurance for all negotiating units. The Offeror must utilize the test EBC Data File and the *Empire Plan Crosswalk* (Exhibit 12) to create physical and digital sample EBCs, Card Carriers and Envelopes within 20 Business Days of the receipt of the file. The samples produced must demonstrate to the satisfaction of the Department that the resulting Contractor is prepared to produce and distribute the EBCs in all possible production scenarios as set forth in *Employee Benefit Cards Production Scenarios* (Exhibit 10). The Contractor must make any changes to the EBCs, Card Carriers and Envelopes as directed by the Department, in the Department’s sole discretion, to meet the specifications as set forth in this IFB and resulting Contract.

3.2 Materials, Processing and Prototype Specifications

3. The layout of the EBC, card carrier and envelope shall meet the Prototype and Information Specifications set forth in the *Employee Benefit Card Specifications* (Exhibit 1). A sample of the current EBC, card carrier, and envelope is set forth in the *Sample Empire Plan Employee Benefit Card and Card Carrier* (Exhibit 2) and *Sample Employee Benefit Card Envelope* (Exhibit 3).
4. A prototype of the Offeror's EBC, card carrier and envelope shall be submitted to the Department as part of the Offeror's Technical Submission. The Department shall, in its sole discretion, determine if the Offeror's EBC, card carrier, and envelope meet the specifications set forth in the *Employee Benefit Card Specifications* (Exhibit 1).
5. The Offeror shall be able to customize, modify, and produce new or modified EBC layouts and card carrier contents within sixty (60) days' prior notice at the written direction of the Department.
6. The Offeror's production process shall display the enrollee's name and up to five (5) dependents' names on the EBC and attach up to four (4) EBCs with the same enrollee identification number onto a single card carrier addressed to the enrollee or dependent, as applicable and insert it in a single envelope that meets the specifications set forth in the *Employee Benefit Card Specifications* (Exhibit 1) of this IFB. The Offeror must be capable of producing and distributing EBCs in all possible production scenarios as set forth in *Employee Benefit Cards Production Scenarios* (Exhibit 10).
7. The Offeror shall pre-sort and mail the envelopes containing the EBC(s) and card carriers through the U.S. Postal Service (USPS), first class to all enrollees and dependents who reside in the United States and Canada in a manner that ensures compliance with HIPAA requirements and with USPS technology that results in maximum postal discounts.
8. The Offeror should put appropriate controls in place to ensure:
 - a. No defective EBCs, card carriers or envelopes are mailed;
 - b. All EBCs are mailed to the correct cardholder(s); and
 - c. The Department is only invoiced for defective EBCs, card carriers or envelopes or any associated postage charges, produced or mailed by the Offeror that the Department directly caused to be defective.

For purposes of this section, an EBC, card carrier and/or envelope is defective if:

- i. The EBC, card carrier and/or envelope does not meet the specifications set forth in the *Employee Benefit Card Specifications* (Exhibit 1) of the contract resulting from this IFB; or

- ii. The EBC, card carrier and/or envelope does not meet the specifications as modified in writing by the Department; or
 - iii. After having been mailed, it is determined by the Department that the EBC(s) was not properly matched with its associated card carrier; or
 - iv. The cardholder information contained in the EBC Data File provided by the Department is not properly displayed on the EBC and/or card carrier.
9. The Offeror shall ensure that all Program materials including blank EBCs, card carriers and/or envelopes that contain the NYSHIP or NYS or logo pre-printed Program information are securely maintained and properly accounted for by the Offeror.
10. In the event of unforeseen emergency circumstances which affect the Offeror's ability to adhere to its production cycle, the Offeror shall immediately notify the Department and provide the following:
 - a. The circumstance(s) precluding production/delivery; and
 - b. A statement of whether or not succeeding production/deliveries will be affected and when the situation will be corrected.

The Offeror shall remain responsible for providing the associated EBCs and reports prior to the following week's production schedule.

3.3 Weekly Card Production and Distribution for New, Duplicate and Replacement EBCs

The Offeror must produce and distribute EBCs reflecting the data contained in the Department's weekly EBC Data File that comply with EBC specifications, the production cycle and the performance standards set forth in this Section 3 of the IFB. There shall be no required variation in the Offeror's standard production services and the distribution of new, duplicate and replacement EBCs.

The Offeror shall produce one EBC for enrollees with individual coverage and two EBCs for enrollees with family coverage who have five (5) or fewer dependents. The Offeror shall produce additional EBCs for enrollees having six (6) or more dependents. Each EBC shall list up to six (6) covered names.

The Department anticipates placing weekly card production orders but may request EBCs on a more frequent basis over the term of the contract at the costs proposed in Attachment 12, Price Quotation Form. The Department anticipates requesting new benefit cards for all enrollees and covered dependents (approximately 800,000 to 900,000) in mid-November of each year and may also require additional large card reissues at other times during the year. For the purposes of this IFB the Department considers large card reissues to be reissuances of Employee Benefit Cards in excess of the normal weekly production cycle.

This could occur due to changes in annual out-of-pocket costs as described in section 3.5 below. During each weekly and large production cycle, the Offeror shall complete all Project Services associated with the production and distribution of EBCs. The Department requires testing during the large card reissues. An updated *Empire Plan Crosswalk* (Exhibit 12) will be provided when there are changes to the annual out-of-pockets costs. An updated EBC Data File will also be provided with the negotiating units that have changes to the annual out-of-pocket limits.

The Department will transmit to the Offeror a weekly computerized EBC Data File via secure transfer containing detailed benefit card data elements shown in the *Sample Empire Plan Card File Layout* (Exhibit 9).

3.4 Management Reports

The Offeror must create and electronically distribute to the Department in a HIPAA-compliant manner, accurate weekly Card Detail, Card Summary Reports, Data Load Counts and Address Change Reports comparable to the *Sample Card Detail Report* (Exhibit 4), *Sample Card Summary Report* (Exhibit 5), *Sample Data Load Count Report* (Exhibit 6), and *Sample Address Change Report* (Exhibit 7). Each report must be provided to the Department within two (2) Business Days from the completion of each production cycle. The Department reserves the right to request reports be sent in paper and/or a searchable electronic format that is acceptable to the Department.

3.5 Re-issuance of EBCs

Should the Department require a complete or partial re-issuance of Empire Plan EBCs during the term of the contract, the Department and the Offeror shall mutually agree on the time-period and assigned deadline needed for the Offeror to produce and distribute the EBCs and Management Reports. Each year the federal Patient Protection and Affordable Care Act sets new amounts limiting total network out-of-pocket costs. This federal law requires the inclusion of annual out-of-pocket costs on employee health insurance benefit cards and impacts all NYSHIP plans. The Department will issue new Empire Plan benefit cards for all enrollees and covered dependents beginning in mid-November of each year. New benefit cards will also be issued when there is a change to annual out-of-pocket costs due to collective bargaining. Routine weekly card production cycles will continue during the production cycle(s) for a complete or partial re-issuance. The Department requires testing during a complete or partial re-issuance of Empire Plan EBCs. An updated *Empire Plan Crosswalk* (Exhibit 12) will be provided when there are changes to the annual out-of-pockets costs. An updated EBC Data File will also be provided with the negotiating units that have changes to the annual out-of-pocket limits.

3.6 Administration

The Offeror shall maintain an organization of sufficient size with staff that possess the necessary skills and experience to administer, manage and oversee all aspects of the

contract resultant from this IFB during implementation, operation, and transition.

The Offeror shall:

1. Establish and/or dedicate a team of qualified and experienced employees to the Department and maintain and adjust staffing patterns at appropriate levels to provide Project Services as required by the Department;
2. Provide timely responses (within one (1) to two (2) Business Days) to questions and requests posed by the Department;
3. Notify the Department in writing of changes in Key Subcontractor(s), or production facility locations specifically identified in its Bid. Key Subcontractor(s) or production locations shall have comparable or better qualifications or facilities to those outlined in the Bid; and
4. The use and disclosure of personal health information by the Offeror will be subject to the Use and Disclosure of Protected Health Information requirements (see Section 8.2).

3.7 Performance Guarantees and Credits

The Offeror shall contractually agree to the following performance guarantees and the corresponding credit amounts for failure to meet the guarantees.

1. Implementation and Start-Up Guarantee and Credit Amount

The Offeror guarantees that all implementation and start-up activities as required by Section 3.1 shall be completed by the Project Services Start Date so that the Offeror can assume full operational responsibility for the services required by this IFB for the production and distribution of EBCs, card carriers and envelopes and production of Management Reports by the Project Services Start Date.

If the Offeror fails to complete all implementation and start-up activities by the Project Services Start Date, the Offeror shall credit against the Project's fees one thousand dollars (\$1,000) per Business Day that the Offeror fails to assume full operational responsibility to the satisfaction of the Department.

2. Production Cycle Guarantee and Credit Amount

The Offeror guarantees that each weekly production cycle shall be completed within the following time frames:

- a. For orders \leq 10,000 cards, within three (3) Business Days from the date that the EBC Data File is made available by the Department.

- b. For orders > 10,000 but ≤ 40,000 cards, within four (4) Business Days from the date that the EBC Data File is made available by the Department.
- c. For orders > 40,000 cards, within the number of Business Days equal to the number of EBCs requested in the EBC Data File divided by 10,000, and then rounded up to the next whole number. **[FOR EXAMPLE:** If the Department requests 46,700 EBCs, the Offeror must produce the EBCs within 5 Business Days. (46,700/10,000 = 4.67)]

The Offeror shall credit against the Project's fees \$250 per Business Day, for each weekly production cycle that is not completed within the required timeframe as set forth in this section of the IFB.

3. Report Guarantee and Credit Amount

The Offeror guarantees that accurate Card Detail, Card Summary, Data Load Count and Address Change Reports shall be delivered to the Department weekly, within two (2) Business Days from the completion of each production cycle. The Offeror shall submit the *Sample Quarterly Performance Report* (Exhibit 8) to the Department within fifteen (15) Business Days after the end of December, March, June, and September months each year during the Contract Term.

The Offeror shall credit against the Project's fees \$250 per Business Day, for each Management Report not received within two (2) Business Days from the due dates specified above.

SECTION 4: ADMINISTRATIVE SUBMISSION

This section of the IFB sets forth the requirements for the Offeror's Administrative Submission. The Administrative Submission should contain all requirements listed below. A bid that is incomplete in any material respect may be eliminated from consideration. The information requested should be provided in the prescribed format. Responses that do not follow the prescribed format may be eliminated from consideration. All responses to the IFB will be subject to verification for accuracy. If an Offeror proposes to include the services of a Subcontractor(s) or Affiliate(s), the Offeror must be required to assume responsibility for those services as "Prime Contractor." The Department will consider the Prime Contractor solely responsible for contractual matters.

By submitting a Bid, the Offeror agrees to complete the Questionnaire fully and accurately. The Offeror acknowledges that the Department's execution of the Contract will be contingent upon the State's determination that the Offeror is responsible, and that the State will rely on the Offeror's responses to the Questionnaire when making its responsibility determination. The Offeror agrees that if it is found by the State that the Offeror's responses to the Questionnaire were intentionally false or intentionally incomplete, on such finding, the Department may terminate the Contract. 4.7 New York State Tax Law Section 5-a

Tax Law § 5-a requires certain Offerors awarded State Contracts for commodities, services and technology valued at more than \$100,000 to certify to NYS Department of Taxation and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to Contracts where the total amount of such Offeror's sales delivered into NYS is in excess of \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any Affiliates and subcontractors whose sales delivered into NYS exceeded \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

An Offeror is required to file the completed and notarized Form ST-220-CA with the Department certifying that the Offeror filed the ST-220-TD with DTF. If the forms are not completed and returned with bid submission, the Offeror should complete and return the certification forms within five (5) business days from the date of request. Failure to make either of these filings may render an Offeror non-responsive and non-responsible. The Offeror must take the necessary steps to provide properly certified forms within a timely manner to ensure compliance with the law.

Website links to the Offeror certification forms and instructions are provided below.

1. Form ST-220-TD must be filed with and returned directly to DTF and can be found at: http://www.tax.ny.gov/pdf/current_forms/st/st220td_fill_in.pdf. Unless the information upon which the ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information changes for the Offeror, its Affiliate(s), or its subcontractor(s), a new Form ST-220-TD must be filed with DTF.
2. Form ST-220-CA must be submitted to the Department. This form provides the required certification that the Offeror filed the ST-220-TD with DTF. This form can be found at: http://www.tax.ny.gov/pdf/current_forms/st/st220ca_fill_in.pdf

[Note: Although these forms are not required as part of the bid, the State encourages Offerors to include them with their bid to expedite contract execution if the Offeror is awarded the Contract.]

SECTION 5: TECHNICAL SUBMISSION REQUIREMENTS

The purpose of Section 5 of this IFB is to set forth the Technical Submissions required of the Offeror. The Offeror's Technical Submission must contain responses to all required submissions from the Offeror in the format requested. Each Offeror may submit only one Technical Submission. Each Offeror's Technical Submission will be evaluated based on the responses to the required submissions contained in Section 5 of this IFB. Each technical requirement will be evaluated on a pass/fail basis. Offerors Bid will be deemed non-responsive and will not be evaluated on cost, if it fails to meet any requirement in this section. An Offeror must not include any cost information in the Technical Submission, including attachments.

5.1 Executive Summary

The Offeror must submit an Executive Summary that includes:

5.2 Materials, Processing and Prototype Specifications

The Offeror must submit a prototype of the EBC, card carriers and envelopes following the specifications stated in Section 3.2 of this IFB and *Employee Benefit Card Specifications* (Exhibit 1).

SECTION 6: FINANCIAL SUBMISSION

The sole compensation for the Contractor under the Agreement will be payments based on pricing indicated in the Contractor's Financial Submission. During the term of the Agreement, amounts paid for which it is subsequently determined that the Contractor was not entitled, if any, must be refunded to the Department. Submission of an invoice and payment thereof shall not preclude the Department from recovery or offset of payment in any case where Project Services as delivered are found to deviate from the terms and conditions of the Agreement.

Offerors' bids which pass the Technical Submission evaluation will be evaluated on cost. Evaluation of Financial Submissions will be performed in accordance with the provisions presented in Section 7 of the IFB.

This section of the IFB sets forth the requirements for the Offeror's Financial Submission and the cost structure required by the Department for Offerors to use in developing their submission. The Offeror's Financial Submission must respond to all the following mandatory sections as set forth below in the formats as specified.

6.1 Production Fees

The Offeror's Financial Submission must contain a completed *Price Quotation Form* (Attachment 12) which will include fees for each year of the five-year term of the Contract for EBCs, card carriers and envelopes for The Empire Plan.

1. The Financial Submission must be based upon the assumptions and the instructions as set forth below.

 - b. The Offeror is bound by its quoted EBC fee(s) and Card Carrier and Envelope fee(s), as proposed in the Offeror's Financial Submission for the entire term of the contract, unless amended in writing by the Parties.
 - c. The Offeror shall bill the Department for actual postage costs, using the best U.S. Postal discounts available for mailing EBCs and/or card carriers and envelopes that meet the specifications set forth in this IFB.

- d. The Offeror may request postage pre-payment for the annual reissuance of EBCs, due to the federal requirement that mandates health insurance benefit cards to be reissued when the annual out-of-pocket costs change. Any pre-payment of postage costs is subject to a reconciliation of actual postage costs incurred which is to be performed by the Department. The Offeror shall provide records of postage costs incurred so that the Department can complete such reconciliation.

- e. The Offeror shall invoice the Department, monthly in arrears, for all Project Services rendered during the preceding month, together with full supporting detail(s) to the Department's reasonable satisfaction and in a format required by the Department. Such invoices shall include, at a minimum, the quantity, unit price, and total amount due for EBCs, card carriers and envelopes, and total amount due for EBCs. The Offeror must separately invoice the Department for all USPS charges as well, including, but not limited to, USPS postage upgrades for 1st Class International mail, postage upgrades for disqualified mailing addresses, and USPS postage rate increases.

SECTION 7: EVALUATION AND SELECTION CRITERIA

The Department intends to award one contract to a responsive and responsible Offeror whose Bid Submission offers the lowest cost to the Department and the State based on the following:

7.1 Administrative Submission Evaluation

Bid Submissions determined by the Department to satisfy the submission requirements set forth in Section 4 of this IFB will be evaluated by an evaluation team composed of staff from the Department. An Offeror's Bid Submission shall be removed from the evaluation process and not be considered for award if the Offeror does not submit a *Formal Offer Letter* (Attachment 3) and an *Offeror Certifications Form* (Attachment 7) or should it be determined that the Offeror did not satisfy the requirements specified in Section 4 of this IFB, despite any attestation made regarding the requirements. If the Offeror's Bid Submission meets these requirements, it will be advanced for Technical Submission evaluation.

7.2 Technical Submission Evaluation

The Technical Submission will be evaluated by the Department to ensure the Offeror has the capacity and capability to administer EBC Project Services. Per Section 5 of this IFB, an Offeror's Submission shall be removed from the evaluation process and not be considered for award if the Offeror fails to meet each of the following requirements:

1. Executive Summary

The Offeror's Executive Summary will be evaluated to ensure it includes:

- a. The name and address of the Offeror's main and branch offices, the location of the Offeror's proposed production site(s) for Project Services described in Section 3 of this IFB, and the name of the senior officer who will be responsible for this account;
- b. A detailed listing of client organizations with the number of cards produced for each client to clearly demonstrate that the Offeror and/or its Key Subcontractor or Affiliate meets the minimum requirement of at least 1,000,000 cards; and
- c. The name of at least two current or former clients, each with a card production size of at least one hundred thousand (100,000) produced in a 12-month period.

2. Materials, Processing and Prototype Specifications

The Offeror's submitted prototypes of the EBC, card carriers and envelopes will be evaluated to ensure that these meet the specifications as detailed in the *Employee Benefit Card Specifications* (Exhibit 1).

7.3 Financial Submission Evaluation

The Financial Submission will be evaluated by the Department to determine the Offeror's Empire Plan Projected Cost for EBCs and Card Carriers and Envelopes over the entire five (5) year term of the Contract.

	Empire Plan Estimated Annual Utilization
Employee Benefit Card (EBC)	961,000
Card Carrier and Envelope (Packet)	640,000

1. Empire Plan Projected Cost

The Empire Plan Projected Cost for each Offeror will be calculated based on the sum of the following:

- i. Offeror's proposed fee per EBC from Attachment 12 for each year of the contract multiplied by 961,000 EBCs per year; and
- ii. Offeror's proposed fee per packet of Card Carrier and Envelope from Attachment 12 for each year of the contract multiplied by 640,000 Packets per year.

7.4 Award Determination

An Award will be made to the responsive and responsible Offeror whose Bid meets all the terms, conditions, and specifications of this IFB and has the lowest Empire Plan Projected Cost. The Department shall enter into negotiations for the purpose of executing a contract with the single Offeror.

In the event of a tie, in accordance with the SFL §163(10)(a), the decision to award a contract to one Offeror over the other(s) shall be based on **The the lowest** Empire Plan Projected Cost for Year 1 of the Contract Term, as quoted in the *Price Quotation Form* (Attachment 12). The Commissioner's decision shall be final and the basis for determining the award shall be documented in the procurement record.

SECTION 8: ADDITIONAL PROVISIONS
