1.1 Purpose

The New York State Department of Civil Service (Department or DCS) has issued this Request for Proposal (RFP) to competitively secure the services of a qualified Organization (Offeror) to provide a commercially available production version of a job evaluation system to allow the Department to value jobs accurately and consistently and ensure pay equity for jobs across diverse occupations. The system will use a set of factors and weights, determined by the Department in consultation with the contractor, to determine the appropriate salary grade for titles or positions within the state's existing salary grade structure.

The Department is looking for a commercially available production version of a multifaceted solution, including consultation during implementation, for a job evaluation system, license/subscription, and training for 25 users. The Department is looking for a COTS application that can be configured to meet its unique needs (e.g., mapping of existing salary grades). Customizations should be limited. Through a separate RFP, the State has contracted with a vendor to conduct a total compensation analysis to make its total compensation package more competitive. This RFP defines minimum contract

requirements, details response requirements, and outlines the Department's process for evaluating responses and selecting an Offeror.

The Department will only contract with a single Offeror, which will be the sole contact regarding all provisions of the Contract.

This RFP and other relevant information may be reviewed at:

<https://www.cs.ny.gov/JESRFP3.0/>.

1.2 Period of Performance

The term of the Contract will include an Implementation Period as referenced in section 3.1 in this RFP, and as determined by the awarded proposal, followed by an additional five years of service which will begin on the date approved by the OSC Bureau of Contracts and will continue for a period of up to 5 years after Implementation is completed.

In accordance with New York State policy and New York State Finance Law section 112(2), the resulting contract is not deemed executory until it has been approved by the New York State Attorney General's Office (AG) and approved and filed by the New York State Office of the State Comptroller (OSC).

1.3 Overview of the New York State Position Classification and Compensation Structure

The State has approximately 3,000 distinct job titles covering over 142,000 employees. The positions range from cleaners, food service workers, facility operations assistants to nurses, physicians, engineers, and research scientists. The State's Position Classification method was designed decades ago and needs to reflect modern workplace realities.

Job or Position Classification, as followed in New York State, is a system of identifying and describing the different kinds of work in agencies and then grouping positions with sufficiently similar duties and responsibilities. The State has used a proprietary quantitative job evaluation system (QJES), in addition to the job or position classification method. QJES had been used for reviewing large numbers of positions in the same title.

The job or position classification approach is used for day-to-day position classification and grading of titles with smaller numbers of positions. QJES utilizes eight classification factors, which are education and experience; managerial activities; supervision; written communication; oral communication; work complexity; responsibility; and job demands.

New York State's Classification Plan is the basis for its Compensation Plan. A principal objective of the Classification Plan is to provide a structure of equitable relationships based on duties and responsibilities of positions, their classification by title, and their assignment to salary grades. This provides the basis for equal pay for jobs at the same

level of difficulty and responsibility, and for equal pay recognition of differences in difficulty and responsibility.

The State has a 38-grade salary structure (not all the grades are used). There are negotiated salary schedules with “steps” from minimum (hiring rate) to maximum (job rate) for Grades 1-37; Grade 38 has no maximum salary. There is an approximate five percent interval between each grade, and a 25 percent range between minimum (hiring rate) and maximum (job rate) salary for a grade. Approximately 90% of employees in State service are covered by collective bargaining agreements. As a result of negotiations with these unions, there are eight separate salary schedules, and another schedule for managerial/confidential employees excluded from union representation. The collective bargaining agreements provide for periodic across-the-board raises, in addition to the salary steps.

While most positions are assigned to a salary grade, with a minimum and maximum salary, the State can increase salaries through various differentials (e.g., geographic, shift, hazard pay). These salary differentials assist agencies in addressing recruitment and retention difficulties created by market circumstances for a particular occupation and/or geographic area. The State has increasingly relied on these salary differentials to enhance baseline salaries to address market inequities. In addition, various union negotiated salary supplements such as inconvenience pay, recall pay, and pre-shift briefing pay directly affect the compensation of employees. In some respects, these provisions affect the internal relationship of salaries within and between the various salary schedules.

1.4 Minimum Offeror Eligibility Requirements

Offerors must meet the following Minimum Offeror Eligibility Requirements to be eligible to submit a Proposal.

Failure to meet these Minimum Offeror Eligibility Requirements will result in a Proposal being found non-responsive and eliminated from consideration.

Offeror means any responsible and eligible entity submitting a responsive Proposal to this RFP.

The Offeror must, at time of Proposal submission possess the legal capacity to enter into a Contract with the Department including all registrations, filings, approvals, authorizations, consents, and examinations required by any governmental authority for the provision of the delivery of Project Services (as detailed in Section 3 of this RFP).

- 1.4.1 The Offeror must represent and warrant that, at time of Proposal submission, it possesses adequate staffing resources, financial resources, and organizational capacity to perform the type, magnitude, and quality of work specified in the RFP.

- 1.4.2 The Offeror must represent it has been in business for at least three years.
- 1.4.3 In the past three years, the Offeror must have performed similar services for a similar organization with similar requirements as described in this RFP.
- 1.4.4 The Offeror must provide a solution that meets New York State (NYS) Information Technology Services (ITS) Security Requirements including Appendix C-1 and Attachment 9 Mandatory Technical and Functional Requirements.

1.5 Entirety of Resulting Contract; Conflict of Documents and Clauses

The Contract resulting from this solicitation shall be deemed inclusive of the following documents. Only documents expressly mentioned below shall be deemed a part of the resulting Contract, unless DCS in its sole discretion determines otherwise. Conflicts between the documents shall be resolved in the following order of precedence:

- 1.5.1 Appendix A – Standard Clauses for New York State Contracts, dated June 2023;
- 1.5.2 Any Amendments to the body of the Contract;
- 1.5.3 The Contract body and other writing(s) setting forth the final agreements, clarifications and terms between the RFP and Contractor's Bid. Clarifications must be specifically noted in writing as to what was offered by the Contractor and what was accepted by the State. If not, such clarifications shall be considered last in the order of precedence;
- 1.5.4 Appendix B – Standard Clauses for all Department Contracts, dated February 2025;
- 1.5.5 Appendix C-1 – (New York State Department of Civil Service Information Security Requirements for Cloud Services), dated June 2025;
- 1.5.6 Appendix D – MWBE/EEO/SDVOB Requirements;
- 1.5.7 Appendix E – Insurance Requirements;

SECTION 2: PROCUREMENT ADMINISTRATIVE INFORMATION

This Procurement is subject to the New York State competitive bidding laws and governed by, at a minimum, the legal authorities referenced below. An Offeror must fully comply with the provisions set forth in this section of the RFP, as well as the provisions of Appendix A – the Standard Clauses for New York State Contracts, Appendix B – the Standard Clauses for All Department Contracts, Appendix C-1 – Information Security Requirements for Cloud Services, Appendix D – MWBE/EEO/SDVOB Requirements, and Appendix E – Insurance Requirements which will become a part of the resulting contract. The Department will consider for evaluation and selection purposes only those Offerors who agree to comply with these provisions.

The following administrative information will apply to this RFP. Failure to comply fully with the following information may result in disqualification of your proposal.

This RFP outlines the terms and conditions, and all applicable information required for submission of a proposal. Proposers should pay strict attention to the Deadline for Submission of Proposals in Section 1.0 (Calendar of Events) to prevent disqualification. To ensure compliance with these requirements and to prevent possible disqualification, Proposers should follow the format and instructions contained in this document.

Attachment 1 Offeror's Certification Form contains information that is required to be certified and impacts the entire procurement process. Offerors are encouraged to read and understand these attestations as a first step in this RFP.

The Offeror is required to review Appendix A – Standard Clauses for New York State Contracts. Appendix A contains important information related to the contract to be entered into as a result of this RFP and will be incorporated, without change or amendment, into the contract entered into between the Department and the selected Offeror. By submitting a response to the RFP, the Proposer agrees to comply with all the provisions of Appendix A.

The Offeror is also required to review, and is requested to have legal counsel review, Exhibit 4 (Draft Contract) as the Offeror must be willing to enter into an Agreement substantially in accordance with the terms should the Proposer be selected for contract award.

2.1 Procurement Integrity/Restrictions on Communication

All inquiries, questions, filings, and submission of Proposals regarding the RFP must be directed in writing to the Designated Contact listed below. Proposals may not be submitted by e-mail or facsimile. Any inquiries, questions, filings or submission of Proposals that are submitted to any other contact or physical address shall not be considered as official, binding, or as having been received by the Department.

2.1.1 Designated Contact

In accordance with New York State Finance Law § 139-j(2)(a) (Procurement Lobbying Law (PLL)), the following individual is the Designated Contact for this Solicitation. All questions relating to this Solicitation must be addressed to the following Designated Contact or their representative:

Jennifer Mahnaz

New York State Department of Civil Service

Attn: Office of Financial Administration

Empire State Plaza, Swan Street Building – Core 1

Albany, New York 12239

2.1.2 Restrictions on Contacts Between Offerors and State Staff During the Procurement Process

- A. Pursuant to New York State Finance Law sections 139-j and 139-k, this Procurement imposes certain restrictions on communications between the Department and an Offeror during the procurement process. An Offeror is restricted from making contacts unless the contact falls within certain statutory exceptions (“permissible contacts”) set forth in State Finance Law §139-j(3)(a), from the earliest posting, on the Department’s website, in a newspaper of general circulation, or in the procurement opportunities newsletter in accordance with Article 4-C of the Economic Development Law, of written notice, advertisement or solicitation of a request for proposal, invitation for bids, or solicitation of proposals, or any other method provided for by law or regulation for soliciting a response from Offerors intending to result in a contract with the Department through final award and approval of the contract by the Department and, if applicable, the Office of the State Comptroller). This time period is defined as the Restricted Period. The Designated Contact for this procurement is set forth in section 2.1.1 of this RFP. Staff is required to obtain certain information from an Offeror whenever contacted about the procurement during the restricted period and is required to make a determination of the Offeror’s responsibility that addresses the Offeror’s compliance with the statutory requirements. Certain findings of non-responsibility can result in rejection for contract award and in the event of two findings within a 4-year period, the Offeror is debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found at: <https://www.ogs.ny.gov/ACPL/>.
- B. The Department strictly controls communications between any Offeror and participants in the procurement process. “Offeror” means the individual or entity, or any employee, agent or consultant or person acting on behalf of such individual or entity, who contacts the Department about a governmental procurement during the restricted period of such governmental procurement whether or not the caller has a financial interest in the outcome of the

procurement; provided, however, that a governmental agency or its employees that communicate with the Department regarding a governmental procurement in the exercise of its oversight duties shall not be considered an Offeror. "Offeror" includes prospective Offerors prior to the due date for the submission of offers/Proposals in response to the solicitation document.

2.2 Submissions of Errors or Omissions in this RFP Document

If an Offeror discovers any ambiguity, conflict, discrepancy, omission, or other error in this RFP, the Offeror shall immediately notify the Department's Designated Contact via the email address listed in Section 2.1.1 of the RFP of such error or omission and request clarification or modification of the document.

If, prior to the Deadline for Submission of Bids, an Offeror fails to notify the Department of a known error or omission or an error or omission that reasonably should have been known, the Offeror shall assume the risk of bidding. If awarded the Contract, the Offeror shall not be entitled to additional compensation by reason of the error or omission or its correction. The Department reserves the right to determine and act in the best interests of the State in resolving any assertion of error or omission in this RFP document.

2.3 Submission of Questions

Using the Questions Template (Attachment 3), a prospective Offeror may submit questions concerning the content of this RFP via email to the Designated Contact's address specified in Section 2.1.1 of this RFP. Only those questions received prior to the Questions Due Date specified in Section 1.0 of this RFP will be accepted. After the Questions Due Date, the Department will provide an email notification to the individuals who submitted a Questions Template (Attachment 3), the Department's Bidder's list, and to the NYS Contract Reporter that the posting of all questions and the Department's official answers can be found on the Department's Procurement page at: <https://www.cs.ny.gov/JESRFP3.0/>.

[Note: See Bid Deviations section below, with regard to submission of questions.]

2.4 Submission of Proposal

The Department has provided a Bid Submission Checklist (Exhibit 5) to assist with organizing your proposal. Each Offeror must submit its Bid Submission in the method outlined below:

2.4.1 Bid Submission Requirements: USB Flash Drives (2)

The Offeror should submit **two** (2) USB flash drives, labeled and formatted as described below.

USB flash drive (A) must include representative copies of the original documents of the following:

- A. Bid submission, saved as searchable Adobe PDF documents.
- B. Attachment 8, saved in its original excel format.

USB flash drive (B) should meet the needs found in section 2.7.1 and include the following:

- A. Attachment 5 - Disclosure of Bid Contents - FOIL.
- B. Copies of the Administrative Proposal, the Technical Proposal, and the Financial Proposal, that reflect the Offeror's requested redactions; saved as searchable Adobe PDF documents.

Notes:

- **Schedule of Fees (Attachment 8) must be submitted using the provided Excel file and must be saved to USB (A) in an Excel format. * Note: Vendors must sign an original printed copy with a wet signature.**
- **Documents requiring signature should be signed with an ink pen (i.e., wet signature). The Offeror must retain the original bid documents in its records. If the Offeror is selected for award, the Offeror must submit wet ink signed documents to the Department prior to contract execution.**
- **Bids submitted with e-signatures or scanned signatures at the time of bid submission may be accepted by the Department, at the Department's discretion, subject to the requirements set forth herein.**

Any bid submission that deviates from these bid submission requirements may be deemed non-responsive. Submission of other types of data storage devices will not be accepted.

Clearly label your USB flash drives as **(A) Bid Submission** or **(B) FOIL** and "JES 3.0" "[Offeror's Name]".

It is the Offeror's responsibility to ensure that the USB flash drives (A) and (B) are free from any and all malicious software and that the files are accessible and uncorrupted. The Offeror should scan the USB flash drives before submission to ensure there is no malicious software (i.e., malware) on the drive and that all files are accessible and uncorrupted. The Department will perform a security scan on the USB flash drive before accessing the stored files. If the security scan identifies malicious software, or the files are inaccessible or corrupted, the Department may reject the submission and disqualify the Offeror from further consideration.

All Submissions must be mailed or hand-delivered to the address provided in Section 2.1.1 of this RFP. To make arrangements for hand-delivery, the Offeror must notify the Designated Contact twenty-four hours (24) prior to delivery. All Submissions must be received by 12 Noon EST on the Submission Due Date as set forth in Section 1.0 of the RFP.

Any submissions received after 12 Noon EST on the Submission Due Date, as specified in Section 1.0, may not be accepted by the Department and may be returned to the submitting entity at the Department's discretion. All Submissions become the property of the Department.

The Department will accept amendments and/or additions to an Offeror's Submission if the amendment and/or addition is received by the Submission Due Date. All amendments to an Offeror's Submission must be submitted in accordance with the format set forth in Section 1.0 of this RFP and will be included as part of the Offeror's Submission.

An Offeror is solely responsible for timely delivery of the Submission to the Department prior to the Submission Due Date stated in Section 1.0 of this RFP. Delays in United States mail deliveries or any other carrier, including couriers or agents of New York State, may not excuse late bid submissions. If the Submission is delivered by mail or courier, the Department recommends that it be sent "Return Receipt Requested", so the Offeror obtains proof of timely delivery. In addition, it is the sole responsibility of the Offeror to verify that all elements of the Submission are complete, correct and without error.

2.4.2 Bid Deviations

The Department will not entertain bid deviations to Standard Clauses for New York State Contracts (Appendix A). The Department will also not entertain material and substantive bid deviations to the solicitation to Standard Clauses for All Department Contracts (Appendix B), Information Security Requirements for Cloud Services (Appendix C-1) MWBE/EEO/SDVOB Requirements (Appendix D) and the Insurance Requirements (Appendix E). NYS law precludes awarding a contract based on material deviation(s) from the specifications, terms, and/or conditions set forth in the solicitation. Therefore, Submissions containing a bid deviation (including additional, inconsistent, conflicting or alternative terms) that are a material and substantive change from the specifications, terms, and conditions set forth in the solicitation may render the Submission non-responsive and may result in rejection of the submission.

If Offeror has an issue or concern regarding provisions in the solicitation and is considering a submission containing a bid deviation, Offeror is strongly advised to raise such issues and/or concerns during the question-and-answer period so that the Department may give due consideration to the issue prior to submission. Failure to use the question-and-answer period and instead submitting a bid

deviation could render the entire Submission non-responsive and rejected in its entirety.

In general, a material and substantive bid deviation is one that would (i) impair the interests of New York State, (ii) place the successful Offeror in a position of unfair economic advantage, (iii) place other Offerors at a competitive disadvantage, or (iv) which, if it had been included in the original solicitation, could have formed a reasonable basis for an otherwise qualified Offeror to change its determination concerning the Submission. For example, a deviation that would substantially shift liability (risk) or financial responsibility from the Offeror to New York State would be considered material.

Unless specifically required by the solicitation to be submitted as part of an Offeror's submission, its standard, pre-printed material (including but not limited to product literature, order forms, manufacturer's license agreements, standard contracts or other pre-printed documents), shall be deemed by the Department to have been included by Offeror for informational or promotional purposes only. If such materials are requested by the solicitation, an Offeror must ensure that the materials are properly referenced.

NOTE: Hyperlinks are not allowed to be submitted in an Offeror's Proposal or in a Master Service Agreement/End User Agreement or Subscription/Licensing Agreement. All information must be printed and submitted in lieu of hyperlinks.

To submit a bid deviation, an Offeror must complete and submit the proposed deviation(s) using the Bid Deviations Template (Attachment 4), as part of the Bid Submission. If a non-material bid deviation does not meet these requirements, it shall not be considered by the State and shall be rejected.

An Offeror who does not submit the Bid Deviations Template (Attachment 4), as part of the Bid Submission is presumed to have no bid deviations.

2.5 Notification of Tentative Contract Award

A tentative award letter will be sent to the selected Offeror indicating a tentative award subject to successful contract negotiations. The remaining Offerors will be notified of the tentative award and the possibility that failed negotiations could result in an alternative award.

2.6 Department of Civil Service Reservation of Rights

An Offeror is required to submit the signed and notarized Offeror's Certification Form (Attachment 1) with its Administrative Proposal submission. This notarized attachment sets forth the Offeror's attestation and agreement to abide by laws, Procurement

Guidelines, and Executive Orders governing New York State Procurement and any additional requirements set forth in this RFP.

In addition to any rights articulated elsewhere in this RFP, the Department reserves the right to:

- A. Make or not make an award under the RFP, either in whole or in part;
- B. Prior to the Proposal opening, amend the RFP. If the Department elects to amend any part of this RFP, such amendments will also be posted to <https://www.cs.ny.gov/JESRFP3.0/>. prior to the Proposal opening, and direct Offerors to submit Proposal modifications addressing subsequent RFP amendments;
- C. Withdraw this RFP, at any time, in whole or in part, prior to OSC approval of award of the Contract;
- D. Waive any requirements that are not material;
- E. Disqualify any Offeror whose conduct and/or Proposal fails to conform to any of the mandatory requirements of this RFP;
- F. Require clarification at any time during the procurement process and/or require correction of arithmetic or other apparent errors, assuring a full and complete understanding of a vendor's proposal and/or to determine a vendor's compliance with the requirements of the solicitation;
- G. Reject any or all Proposals received in response to this RFP;
- H. Change any of the scheduled dates stated in this RFP;
- I. Seek clarifications and revisions of Proposals;
- J. Eliminate any mandatory, non-material specifications that cannot be complied with by all of the Offerors;
- K. Use the Proposal, information obtained through any site visits, and the Department's own investigation of an Offeror's qualifications, experience, ability or financial standing, and any other material or information submitted by the Offeror in response to the Department's request for clarifying information, if any, in the course of evaluation and selection under this RFP;
- L. Negotiate with the successful Offeror within the scope of this RFP in the best interests of the Department;
- M. Utilize any and all ideas submitted in the Proposal(s) received except to the extent such information/ideas are protected under the New York State Freedom of Information Law, Article 6 of the Public Officers Law as critical

infrastructure information or trade secrets;

- N. Begin negotiations with another Offeror should the Department be unsuccessful in negotiating a Contract with the selected Offeror within thirty (30) calendar days;
- O. Unless otherwise specified in this RFP, every offer is firm and not revocable for a minimum period of one hundred and eighty (180) days from the Proposal Due Date as set forth in the RFP; and
- P. Any Offeror whose Proposal might become eligible for a tentative award may be asked to extend the time for which its Proposal shall remain valid if the original award is withdrawn.

2.6.1 Disclaimer

The Department is not liable for any costs incurred by any Offeror prior to approval of the Contract by OSC. Additionally, no costs will be incurred by the Department for any prospective Offeror or Offeror's participation in any Procurement-related activities. Further, the Department shall not be liable for any costs incurred by the Offeror prior to performing the activities set forth in Section 3 of this RFP. The Department has taken care in preparing the data accompanying this RFP (hard copy attachments, website attachments, and sample document attachments). However, the Department does not warrant the accuracy of the data. The numbers or statistics which appear in hardcopy attachments, website attachments, and sample document attachments referenced throughout this RFP are for informational purposes only and should not be used or viewed by prospective Offerors as guarantees or representations of any levels of past or future performance or participation. Accordingly, prospective Offerors should rely upon and use such numbers or statistics in preparing their Proposal at their own discretion.

2.7 Compliance with Applicable Laws, Rules and Regulations, and Executive Orders

This Procurement is subject to the New York State competitive bidding laws and also governed by, at a minimum, the legal authorities referenced below. An Offeror must fully comply with the provisions set forth in this section of the RFP, as well as the provisions of the Standard Clauses for New York State Contracts (Appendix A), the Standard Clauses for All Department Contracts (Appendix B), Information Security Requirements for Cloud Services (Appendix C-1), MWBE/EEO/SDVOB Requirements (Appendix D), Insurance Requirements (Appendix E), and Schedule of Fees (Appendix F), which will become a part of the resulting Contract. The Department will consider for evaluation and selection purposes only those Offerors who agree to comply with these provisions and whose Proposal contains the submission required hereunder.

2.7.1 USB flash drive (B) Disclosure of Proposal Contents – Freedom of Information Law (FOIL)

NOTICE TO OFFEROR AND ITS LEGAL COUNSEL All materials submitted by an Offeror in response to this RFP shall become the property of the Department and may be returned to the Offeror at the sole discretion of the Department. Proposals may be reviewed or evaluated by any person, other than one associated with a competing Offeror, designated by the Department. Offerors may anticipate that Proposals will be evaluated by staff and consultants retained by the Department and may also be evaluated by staff of other New York State Agencies. The Department has the right to adopt, modify, or reject any or all ideas presented in any material submitted in response to this RFP.

The Department shall take reasonable steps to protect from public disclosure any records or portions thereof relating to this solicitation that are exempt from disclosure under FOIL. Information constituting trade secrets or critical infrastructure information for purposes of FOIL must be clearly marked and identified as such by the Offeror upon submission. To request that materials be protected from FOIL disclosure, the Offeror must follow the procedures below regarding FOIL. If an Offeror believes that any information in its Proposal or supplemental submission(s) constitutes proprietary and/or trade secret or critical infrastructure information and desires that such information not be disclosed pursuant to the New York State Freedom of Information Law, Article 6 of the Public Officers Law, the Offeror must make that assertion by completing a FOIL Redaction Chart (Attachment 5). The Offeror must complete the form specifically identifying by page number, line, or other appropriate designation, the specific information requested to be protected from FOIL disclosure and the specific reason why such information should not be disclosed. Page 2 of FOIL Redaction Chart (Attachment 5) contains information regarding appropriate justification for protection from FOIL disclosure. Vague, non-specific, or summary assertions that material is proprietary, or trade-secret are inadequate and will not result in protection from FOIL disclosure.

The completed FOIL Redaction Chart (Attachment 5) must be submitted to the Department as part of the Administrative Proposal and additionally please follow instructions regarding submission of a separate USB flash drive (B) as described below.

If the Offeror chooses not to assert any Proposal material and/or supplemental submission should be protected from FOIL disclosure, the Offeror should check the applicable box on FOIL Redaction Chart (Attachment 5) and submit Attachment 5 as part of their Administrative Proposal. If a completed FOIL Redaction Chart (Attachment 5) form is not submitted, the Department will assume that the Offeror chooses not to assert that any proposal material or supplemental submission, as applicable, should be protected from FOIL disclosure.

Acceptance of the identified information by the Department does not constitute a determination that the information is exempt from disclosure under FOIL. Determinations as to whether the materials or information may be withheld from disclosure will be made in accordance with FOIL at the time a request for such information is received by the Department.

- Requested Redactions – USB flash drive (B):

At the time of Proposal submission, the Offeror is required to identify the portions of its Proposal that it is requesting to be redacted in the event that its Proposal is the subject of a FOIL request as follows.

- The Offeror must provide an electronic copy of Attachment 5 as well as copies of the Administrative Proposal, the Technical Proposal, and the Financial Proposal on **USB flash drive (B)** and reflect the Offeror's requested redactions. The electronic documents must be prepared in searchable Adobe PDF format. Each specific portion of the Proposal documents requested to be protected from FOIL disclosure must be identified using the Adobe "Mark for Redaction" function; do not use the "Apply Redactions" function; or by highlighting such portions in yellow. The resulting documents must show the Offeror's requested redactions as outlined, while the content remains visible. This will allow the Department to either apply or remove requested redactions when responding to FOIL requests. The documents included on the USB flash drive (B) must be complete Proposals, including all Attachments. No section may be omitted from the USB flash drive (B) even if the entire section is requested to be redacted; such sections should be marked for redaction, not removed. For forms, attachments, and charts, please mark for redaction only those cells/fields/entries that meet the criteria for protection from FOIL, not the entire page. Do not request redaction of Department-supplied materials or information.
- During the Proposal evaluation process, the Department may request additional information through clarification requests. Any requested redactions for additional written material provided by the Offeror in response to the Department's requests also must be submitted following the redaction instructions above, however, may be returned as PDF attachments via email when responding to clarification requests.
- Upon acceptance and signature of the Contract submitted for execution by the Department and approval by controlling agencies, if applicable, the Contractor is requested to provide any requested redactions of the signed contract at the time the Contractor signs and submits the contract to the Department. The requested redactions from the executed contract may be emailed as a PDF with the above redaction methods requested.

2.8 Minority and Woman-Owned Business Enterprise (MWBE) Requirements, Service-Disabled Veteran Owned Businesses (SDVOB) and Equal Employment Opportunity Requirements (EEO)

Minority and Woman-Owned Business Enterprise Requirements (MWBE)

Appendix D MWBE/EEO/SDVOB Requirements provides the policies and required forms of the Department with regard to participation by MWBE, EEO, and SDVOB with respect to Contracts with the Department. In accordance with the provisions outlined in Appendix D, it is the intention of the Department to provide real and substantial opportunities for certified M/WBE's and SDVOB's on all Department contracts. It is with this intention that the Department has assigned M/WBE participation goals to this contract.

Proposers submitting a proposal in response to this RFP agree to make good-faith efforts to promote and assist the participation of certified M/WBE's and SDVOB's as subcontractors and suppliers on this project, for the provision of services and materials in an amount at least equal to **15% MBE** and **15% WBE** of the total dollar value of the contract to be entered into as a result of this RFP. The same firm cannot be used to fulfill both MBE and WBE requirements. These participation goals shall be applicable to the contract as a whole and will be monitored by the Department for compliance.

Below is a link to the current directory of NYS certified M/WBE firms:

<https://ny.newnycontracts.com/frontend/searchcertifieddirectory.asp>

A Proposer shall respond to the participation goals established for MBE and WBE participation by completing the forms included in Appendix D.

Equal Employment Opportunities for Minorities and Women

In addition to the requirements stated in Appendix A, Clause 12, and to ensure complete compliance with such requirements (and with the Article and the Regulations adopted pursuant thereto), the Proposer shall submit to the Department with its proposal Contractor's/Subcontractor's EEO Staffing Plan of Anticipated Workforce; and further, selected Proposer shall submit on a semi-annual basis Contractor's/Subcontractor's EEO Workforce Utilization Report as found in Appendix D.

Service-Disabled Veteran-Owned Businesses (SDVOB)

Article 3 of the Veteran's Service Law establishes a program to encourage state agencies to foster the use of Service-Disabled Veteran-Owned Businesses (SDVOBs) on state contracts. DCS expects proposers to make good faith efforts to solicit active participation by New York State certified SDVOBs in the performance of the contract to be awarded as a result of this RFP. Such participation may be as partners, joint venturers, subcontractors, suppliers,

protégés or other roles. SDVOBs can be readily identified in the directory of certified businesses at:

<https://sdves.ogs.ny.gov/business-search>

Proposers are reminded that they must continue to use small, minority and women-owned businesses consistent with current New York State law.

Article 3 of the Veterans' Service Law establishes a program to encourage state agencies to foster the use of Service-Disabled Veteran-Owned Businesses (SDVOBs) on state contracts. Appendix D- MWBE/EEO/SDVOB Requirements provides the Department requirements with regard to participation by SDVOBs on contracts with the Department. It is the intention of the Department to provide opportunities for meaningful participation by certified SDVOBs on all the Department contracts.

Proposers submitting a proposal in response to this RFP agree to make good-faith efforts to promote and assist the participation of certified SDVOBs in an amount at least equal to **6%** of the total dollar value of the contract to be entered into as a result of this RFP. These participation goals shall be applicable to the contract as a whole and will be monitored by the Department for compliance.

SDVOBs can be readily identified in the directory of certified businesses at:

<https://sdves.ogs.ny.gov/business-search>

Under MWBE Requirements, if a firm is both a Certified MBE and WBE that same firm can only be used to fulfill either an MBE or WBE for the fulfillment of achieving the MWBE Goals. Under SDVOB requirements if a firm has SDVOB and MBE, WBE or both MWBE status, the firm may be used for either the MBE or WBE status and additionally be counted for SDVOB participation. For Example, Firm 123ABC is a NYS Certified MBE and WBE and a Certified SDVOB. This firm may be used to fulfill either the 15% MBE or 15% WBE goal and may also be used to fulfill the SDVOB goal.

An Offeror is required to submit the signed Offeror's Certification Form (Attachment 1) with its Bid submission. This attachment sets forth the Offeror's attestation that the Offeror meets the minimum qualifications and has binding authority to submit a Bid.

Additionally, it acknowledges and attests the Offeror's ability to meet the minimum requirements to bid, as well as certifying compliance with the MacBride Fair Employment Principles and Non-Collusive Bidding Certification as well as attestation the Offeror has read and will abide by New York State Finance Law 139 j-k Lobbying Law and its permissible contacts. An Offeror is required to complete New York State Subcontractors and Suppliers section found in (Attachment 1) and must be submitted with the Offeror's Administrative Proposal. New York State businesses have a substantial presence in State contracts and strongly contribute to the economies of the State and the nation. In recognition of their economic activity and leadership in doing business in NYS, an Offeror for this RFP is strongly encouraged and expected to consider NYS businesses in the fulfillment of the requirements of the Contract. Such partnering may be as subcontractors, suppliers, protégés, or other supporting roles.

2.11 New York State Consultant Disclosure Requirement

The Offeror must complete the Attachment 10, New York State Consultant Services Contractor's Planned Employment form for all employees proposed to provide Project Services under the Contract whether employed by the Offeror or a Subcontractor. Chapter 10 of the Laws of 2006 requires State contractors to disclose, by employment category, the number of persons employed to provide services under a contract for consulting services, the number of hours worked, and the amount paid to the contractor by the State as compensation for work performed by those employees. The law defines contracts for consulting services to include any contract entered into by a State agency for analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal, or similar services.

Further, the selected Offeror will be required to report annually to the Department and OSC the employment information described above, including work performed by subcontractors.

** Please note this form is only required from the tentative awardee.

2.12 New York State Tax Law Section 5-a

Tax Law § 5-a requires certain Offerors awarded State Contracts for commodities, services and technology valued at more than \$100,000 to certify to NYS Department of Taxation and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to Contracts where the total amount of such Offeror's sales delivered into NYS is in excess of \$300,000 for the four quarterly

periods immediately preceding the quarterly period in which the certification is made, and with respect to any Affiliates and Subcontractors whose sales delivered into NYS exceeded \$300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

An Offeror is required to file the completed and notarized Form ST-220-CA with the Department certifying that the Offeror filed the ST-220-TD with DTF. If the forms are not completed and returned with Proposal submission, the Offeror should complete and return the certification forms within five (5) business days from the date of request. Failure to make either of these filings may render an Offeror non-responsive and non-responsible. The Offeror must take the necessary steps to provide properly certified forms within a timely manner to ensure compliance with the law.

Website links to the Offeror certification forms and instructions are provided below. Form ST-220-TD must be filed with and returned directly to DTF and can be found at: http://www.tax.ny.gov/pdf/current_forms/st/st220td_fill_in.pdf. Unless the information upon which the ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information changes for the Offeror, its Affiliate(s), or its Subcontractor(s), a new Form ST-220-TD must be filed with DTF.

Form ST-220-CA must be submitted to the Department. This form provides the required certification that the Offeror filed the ST-220-TD with DTF. This form can be found at: http://www.tax.ny.gov/pdf/current_forms/st/st220ca_fill_in.pdf

Note: These NYS Tax law forms are not required as part of the proposal, DCS encourages Offerors to include them with their proposal to expedite contract execution.

2.13 Gender-Based Violence and the Workplace Certification

The bidder must certify that the organization has in place and has implemented a Gender-Based Violence and the Workplace Policy (please see the OPDV Gender-Based Violence and the Workplace website for more information regarding these policies) and has provided such policy to all of its employees, directors and board members. Such policy shall, at a minimum, meet the requirements of subdivision 11 of section five hundred seventy-five of the executive law. If the bidder cannot make this certification, they must include a signed statement setting forth in detail the reasons therefor.

A bid for a competitive procurement shall not be considered for award, nor shall any award be made to a bidder who cannot comply with the above requirement. However, if the bidder cannot make the foregoing certification, such bidder shall so state and shall furnish with the bid a signed statement which sets forth in detail the reasons therefor.

New York State Finance Law §139-M requires bidders on competitive state procurements to certify that they have a written policy addressing gender-based violence and the workplace and that such policy meets the following minimum requirements:

- **Share Information:** Employers must provide information regarding gender-based violence where employees can see and access it, including displaying the NYS Domestic and Sexual Violence Hotline information and a gender-based violence and the workplace poster.
- **Refer Employee-Survivors to Services:** The policy must require that the employer refer employees who disclose current or past victim status to the NYS Domestic and Sexual Violence Hotline and/or a local service provider. For bidders outside of New York State, referrals should be made to a local provider or statewide hotline. While referrals are required to be provided by the employer, it is not required for the employee to access services.
- **Prohibit Retaliation:** The policy must clearly state that discrimination or retaliation against employees who identify as victims or survivors of gender-based violence is prohibited.
- **Comply with Laws:** Ensure your policy follows State law. For employers based in New York State, this means that the policy must follow the SAFE Leave Act, New York State Human Rights Law, and any other relevant laws and regulations.
- **Offer Implementation Support:** OPDV is able to assist employers in developing and implementing this policy. Employers must provide information to supervisors and human resources, where available, about this technical assistance from OPDV. OPDV can be contacted at workplace@opdc.ny.gov

SECTION 3: PROJECT SERVICES

The purpose of this work is to implement a job evaluation tool and validate such system in the State's environment; and train staff in using the system. The goals of this project are to have a job evaluation system that:

- A. Has job factors and corresponding weights that reflect State needs.
- B. Values jobs consistently.
- C. Ensures equity for roles with similar job content.
- D. Is legally defensible.
- E. Is responsive to agencies' needs.
- F. Is easy to use by the Division of Classification and Compensation staff.
- G. Produces classification determinations that can be easily explained to and understood by interested parties.
- H. Supports broader job classifications that allow employees to grow into their positions without the need to reclassify the positions.

Allows highly skilled employees in technical and scientific fields to advance without

having to take supervisory or management roles to further their career. The Department will use the system solely for the purposes of job evaluation. Input and output from the job evaluation system shall remain the property of the State. Moreover, the State must have ownership and access to the job evaluation data whenever needed.

3.1 Job Evaluation System Implementation

3.1.1 Advisory services will be part of the implementation services and will entail looking at the current job architecture in the context of the job evaluation system's implementation to identify opportunities for improvement. Advisory services are not anticipated after the job evaluation system is implemented.

As part of the implementation of the proposed job evaluation tool, the Offeror will:

- A. Conduct a comprehensive review of the objectives, policies, and procedures of New York State's position classification structure. This work includes an assessment of external influences on the system and its interrelation with other State human resources management functions. Specifically, the contractor will:
 - 1. Review the State's policies, rules, regulations, procedures on position classification and their impact on other human resources management functions.
 - 2. Evaluate the system's performance in achieving its stated objectives.
 - 3. Analyze the impact of external influences on the system.
- B. Interview select officials responsible for various aspects of position classification. Specific focus will be on the inter-organizational relations between the State's control and operating agencies. These interviews also will provide a historic and contemporary perspective on the system's operation. Interviews will be conducted with representatives of the Department of Civil Service, select State agencies, and other groups chosen by the Department.
- C. Attend Department-facilitated stakeholder engagement sessions with agency human resources (HR) staff before implementation to explain/demonstrate system and get buy-in.
- D. Consult with stakeholders (e.g., agencies' HR staff) before implementation to go over system factors and weights, and other aspects, to determine if any changes should be made to reflect the State's values.
- E. Make recommendations for improving the State's job architecture.

- F. Meet with stakeholders (e.g., agencies' HR staff) to discuss implementation plan and recommendations for improving State's job architecture.

3.1.2 Job Evaluation System Implementation

Develop an implementation plan that includes a mutually acceptable project plan, detailing:

- A. Roles/responsibility assignments;
- B. Detailed breakdown of required work;
- C. Description of minimum viable product for each work item, project schedule, risks, assumptions, communication frequency;
- D. The Department's and Contractor's coordination strategy; and
- E. Work product quality requirements.

Additionally, provide a turnkey job evaluation system and documents related to such system, including:

- A. Data gathered from State staff to implement and validate the job evaluation tool;
- B. Policy recommendations to allow the job evaluation tool to support the compensation system: and
- C. Training and reference materials related to such system.

3.2 System Functional & Technical Requirements

Attachment 9 Mandatory Technical and Functional Requirements lists all Mandatory requirements. Attachment 9 must be submitted as part of the Offeror's Administrative Proposal and will be reviewed and evaluated as Pass/Fail.

- 3.2.1 The Department is seeking fifteen (15) Desirable Technical and Functional Requirements found in Attachment 9A. Attachment 9A must be submitted with Offeror's Technical Proposal.

3.3 Training

The Department requires training that will get staff proficient in using the system. Training is expected to be mostly hands-on, using the system, for approximately 25 users. We anticipate all users being trained in the same user role. The Department reserves the right to request either in-person and/or virtual trainings. Development of training materials specific to DCS users is not anticipated. Vendor must provide any re-training resulting from system updates and maintenance if substantial changes to the system are made, at no charge.

- 3.3.1 The proposal must describe the vendor's approach, including class size, frequency, number of trainings, method (in-person, virtual, or hybrid), the level of proficiency after training is complete and a timeline for training approximately 25 staff members.

3.4 Key Staff

Duties and Responsibilities

Throughout the term of the Contract, the Offeror must maintain an organization of sufficient size with staff that possess the necessary skills and experience to administer, manage, and oversee all aspects of the Project.

- 3.4.1 The Key Staff must be comprised of qualified and experienced individuals who are acceptable to the Department and who are responsible for ensuring that resources are in place to operate the Project in an efficient manner.
- 3.4.2 The Offeror must ensure that there is a process in place for the Key Staff to gain immediate access to appropriate corporate resources and senior management necessary to meet all Project requirements and to address any issues that may arise during the performance of the Contract.
- 3.4.3 The Offeror's Key Staff must be experienced, accessible and able to:
- A. Provide timely responses (within one (1) business day) to administrative concerns and inquiries posed by the Department;
 - B. Immediately notify the Department, in writing, of actual or anticipated events impacting Project delivery of services such as, but not limited to, legislation, litigation, and operational issues;
 - C. Provide advice and recommendations regarding Project Services, including but not limited to technological improvements and innovation, with the understanding that the Department is under no obligation to act on such advice or recommendations; and
 - D. Ensure that the Project complies with all legislative and statutory requirements. If the Offeror is unable to comply with any legislative or statutory requirements, the Department must be notified in writing immediately.

3.5 MWBE/SDVOB/EEO Participation

It is the intent of the Department to provide real and substantial opportunities for certified M/WBE's and SDVOB's on all Department contracts. In accordance with the provisions outlined in Appendix D, vendors should have policies and procedures in place to comply

with Appendix D. Appendix D MWBE/EEO/SDVOB requirements provide the policies and required forms of the Department regarding participation by MWBE, EEO, and SDVOB with respect to Contracts with the Department. (See submission directions in section 4.9 for Forms MWBE 100, 101, and EEO Staffing Plan.)

3.6 Oral Presentations

3.6.1 Offerors will be asked to make oral presentations summarizing how their system meets the technical and functional requirements and/or describes the level of customization required to meet the needs as described in this RFP. The purpose of these discussions is twofold:

- A. to clarify information within Offeror's proposals; and
- B. to demonstrate a production version of the job evaluation tool that meets the requirements of the RFP. The expectation is that the oral presentation will be scheduled approximately ten (10) days after proposal receipt.

Significant representations made by an Offeror during the oral presentation/demonstration shall be submitted in writing. All such representations will become part of the Offeror's proposal and are binding if the Contract is awarded. No new information may be presented in the oral presentation. The Procurement Officer will notify Offerors of the time and location of the presentation.

3.6.2 The presentation may include but is not limited to the following items:

- A. Scripted demonstration of the Vendor's proposed job evaluation tool; and
- B. Description and demonstration of how the Offeror plans to meet the requirements in the RFP and the vendor's proposed RFP Attachments 9 and Attachment 9A (if applicable) utilizing the proposed job evaluation tool.

3.6.3 Since the State's requirement is for a commercially available production version of the job evaluation tool, the Offeror's software demonstration will use a version of the product in use by a client. The purpose of the demonstration is to confirm the information provided within each Offeror's proposal, evaluate the system's ease of use, and system output accuracy levels. No customization of software to meet the specific requirements outlined in this RFP will be required at the time of the demonstration to the Offeror's proposed software for these demos.

The Department reserves the right to refuse the opportunity for an oral presentation to an Offeror whose technical proposal fails to meet the minimum requirements, whose job evaluation tool is neither a commercially available production version nor is in use by a client for the purpose of job evaluation.

3.6.4 The demonstration will focus on illustrating how the technical and functional requirements in the RFP and RFP Attachment 9 are met and also include the following:

- A. Software overview
- B. List of all software and hardware used in live demo (i.e., laptop specification and job evaluation tool name and version)
- C. Orientation for the evaluation team to understand the software operations demonstrated. The demonstration should replicate the functionality in the Offeror's proposal.
- D. How many of the Desirables (if applicable) from Attachment 9A the Vendor's proposed system will be able to meet and how the system will be able to meet the desirables.

By submitting a Proposal, the Offeror agrees to complete the Questionnaire fully and accurately. The Offeror acknowledges that the Department's execution of the Contract will be contingent upon the State's determination that the Offeror is responsible, and that the State will rely on the Offeror's responses to the Questionnaire when making its responsibility determination. The Offeror agrees that if it is found by the State that the Offeror's responses to the Questionnaire were intentionally false or intentionally incomplete, on such finding, the Department may terminate the Contract. In no case shall such termination of the Contract by the Department be deemed a breach thereof, nor shall the Department be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.

4.7 Attachment 9 Mandatory Technical and Functional Requirements

Submit completed Attachment 9 Mandatory Technical and Functional Requirements. Attachment 9 will be reviewed and evaluated as Pass/Fail.

Offerors will be asked to make oral presentations summarizing how their system meets the technical and functional requirements and or describes the level of customization required to meet the needs as described in Section 3.6 of this RFP.

SECTION 6: FINANCIAL PROPOSAL

This section of the RFP sets forth the requirements for the Offeror's Financial Proposal submission and the cost structure required by the Department for Offerors to use in developing their submission. The Offeror's Financial Proposal must respond to all the following mandatory sections as set forth below in the formats as specified.

The sole compensation for the Contractor under the Contract will be payments based on the Department's acceptance of each of the deliverables set forth in Section 3 of the RFP. All costs associated with the requirements of this RFP must be incorporated into the categories shown in the Schedule of Fees (Attachment 8). All fees must be fully loaded and include all associated costs for meeting the requirements of this RFP (i.e., meetings,

travel, overhead, profit, printing, etc.). Subscriptions/Licenses must be in terms of an annual fee and must be all-inclusive of all licenses, updates, and maintenance fees.

Evaluations of Financial Proposals will be performed in accordance with the provisions presented in Section 7.3 of the RFP.

SECTION 7: EVALUATION AND SELECTION CRITERIA

The Department seeks to contract with a single Offeror to provide the Project Services. To this end, the Department intends to select the responsive and responsible Offeror whose Proposal offers the “Best Value” to the State, as defined in Section 7.5 of this RFP.

7.1 Administrative Proposal Evaluation

Proposals determined by the Department to satisfy the submission requirements set forth in Section 4 of this RFP will be reviewed by an evaluation team composed of staff from the Department, and other State agencies as necessary and will be Pass/Fail. The proposals that meet the minimum mandatory requirements to bid, have submitted the documents according to the requirements found in section 4 and after any clarification, if necessary, will pass to the Technical Evaluation.

7.2 Technical Proposal Evaluation

The evaluation of the Offeror’s Technical Proposal will be based on the Offeror’s written Technical Proposal and responses to clarifying questions (if any) and as deemed necessary by the Department, oral presentation(s) and/or site visits conducted to amplify and/or clarify information in the Offeror’s Technical Proposal if required by the Department.

7.2.1 Technical Score Ratings

The Technical Proposal of any Offeror meeting the requirements set forth in Section 7.2 of this RFP will be evaluated by the Department and may be evaluated by representatives from other State Agencies. Each Offeror’s Technical Proposal will be evaluated based on the below point allocation, as applied to each response, as required in Section 5 of this RFP.

7.2.2 Allocation of Technical Score Points

The allocation of points shall be distributed as follows:

Section	Title	Number of Points
5.1	Job Evaluation System Implementation	25
5.2	Desirable Technical & Functional Requirements	15
5.3	Training	10
5.4	Key Staff	5
5.5	MWBE/SDVOB/EEO Participation	5
5.6	Oral Presentation	5
Total		65

7.2.3 Technical Proposal Scoring

The Technical evaluators will independently apply a score from a predefined scale to each item according to the above chart for each Technical Proposal that has passed the Administrative Proposal Evaluation requirements of this RFP. The individual Technical Evaluation Committee Member's allocated points for each item will be averaged in each item evaluated to calculate the Initial Technical Score for each responsive Proposer. The Department may choose to evaluate subcategories in each section.

If any clarifications are sought from the bidders, they will be disseminated to the Evaluators. The Evaluators, after receiving the clarification, may re-allocate points for each item that was clarified. The Evaluators' re-allocated points for each item will be re-averaged for their individual scores to recalculate the Final Technical Score for each responsive Proposer.

7.3 Financial Proposal Evaluation

The Financial Proposal of any Offeror meeting requirements set forth in Section 4 of this RFP will be evaluated by a separate evaluation team in the Department.

7.3.1 Financial Proposal Scoring

- A. The Department will calculate a Total Projected Cost for each Offeror's fees by computing the sum of the Offeror's fees from the Schedule of Fees (Attachment 8).
- B. The Cost Evaluation Team will verify and check the calculation for the fees proposed on Attachment 8.
 - The Contract Implementation Cost will be calculated by adding B13, Implementation Plan + C13, Test Environment + D13, Live Environment
 - The Contract Training Total = B16
 - The Contract Subscription Total = a sum of cells A21:E21
 - The Five-Year Contract Value = the Total of Contract Implementation Cost + Contract Training Total + Contract Subscription Total

- C. If any clarifications are sought from an Offeror, they will be disseminated to the Cost Evaluation Team. The Evaluators, after receiving the clarification, may recalculate proposals for each item that was clarified
- D. The Cost Evaluation Team will apply the formula found below in “E” to conclude the Cost Evaluation.
- E. The Offeror’s Cost Proposal with the lowest Total Projected Cost will be allocated a maximum of 35 of the 100 total points. A Financial Proposal Score for each remaining Offeror will be determined based on the following formula:
Cost points allocated = 35 potential points x (Lowest Cost Proposal / Cost of Proposal Being Evaluated).

7.4 Total Combined Score

The Technical Evaluators’ final averaged allocated points for each item will be totaled to equal the Final Technical Score for each responsive Proposer. The Total Combined Score assigned to each Offeror will be the sum of the Final Technical Score, not to exceed 65 points, plus the Offeror’s Financial Score not to exceed 35 points for a total maximum, not to exceed, 100 points.

7.5 Best Value Determination

Best Value means that the proposal that optimizes quality, functionality, user experience, cost, and efficiency among responsive and responsible bidders shall be selected for award (State Finance Law, Article 11, Section 163). Best Value will be determined by a point system, with 65 points allocated to the Technical Proposal and 35 points allocated to the Financial Proposal. The Department shall select and enter into negotiations for the purpose of executing a Contract with the responsive and responsible Offeror that has obtained the highest Total Combined Score, inclusive of both cost and technical. If two Offerors’ Total Combined Scores are tied, the award shall go to the bidder with the highest cost score (lowest price), as calculated pursuant to Section 7.3 of this RFP.

7.6 Award Notification and Processes

7.6.1 Notification of Tentative Contract Award

A tentative award letter will be sent to the selected Offeror indicating a tentative award subject to successful contract negotiations. The remaining Offerors will be notified of the tentative award.

7.6.2 Debriefing

In accordance with NYS State Finance Law §163(9)(c), the Department shall upon written request provide a debriefing to any Bidder that responded to the RFP regarding the reason that the Proposal submitted by the unsuccessful Offeror was not selected for a contract award. A Debriefing must be requested in writing by the entity within fifteen (15) business days of the Department's notifying of Bidder Selection/Non-Selection. A Bidder's written request for a Debriefing shall be submitted to the designated contact indicated in Section 2.1.1. The Debriefing shall occur within ten (10) days of the Department's receipt of this request or as soon after that time as practicable under the circumstances. All Offerors requesting a debriefing will be accorded fair and equal treatment with respect to their opportunity for Debriefing.

7.6.3 Submission of a Protest

A Bidder wishing to challenge the selection of a firm for contract award must send a Notice of Protest on business letterhead, within seven (7) business days of notice of a contract being awarded, to the Designated Contact in Section 2.1.1 of this RFP.

The Notice of Protest must include at a minimum the following information: (a) RFP number if applicable and RFP title, (b) the specific factual and/or legal allegations setting forth the basis on which the protesting party challenges the contract award, and (c) a contact name, address, and e-mail address to which the Department may address its Protest Determination.

The Department will review the Notice of Protest, and within fifteen (15) business days notify the protesting party of its Protest Determination. If the Department requires additional time, then it will notify the protesting party within the above stated fifteen (15) business days. The Department may summarily deny a protest that fails to contain specific factual or legal allegations. Upon receipt of the Department's Protest Determination, the protesting party may file an appeal with the Office of the State Comptroller (OSC). The process for filing such an appeal is set forth at:

<https://www.osc.state.ny.us/agencies/guide/MyWebHelp/Content/XI/17.htm>

SECTION 8: ADDITIONAL PROVISIONS

The Offeror that is determined to provide the Best Value to the Department shall be notified of its conditional award of Contract subject to the successful development of a Contract. The resulting Contract shall incorporate the requirements set forth in the RFP. Additional terms and conditions not already addressed in the RFP are set forth below.

8.1 Storage of Data

Confidential Information, including Protected Health Information, is not permitted to be hosted, maintained, stored, processed or otherwise accessed outside CONUS ("offshore").

8.2 Contractor Data Retention

The Department has determined that the period of time that the Contractor must provide the Department continued access to Data beyond the expiration or termination of the Agreement is no less than 365 calendar days. All Contract provisions related to the protection and security of the Data will survive termination of the Contract. This provision does not limit or lessen the time-period, or Contractor's obligations, pursuant to Standard Clauses for New York State Contracts (Appendix A), to establish and maintain Records.

8.3 Enhancements and Modifications: Change Requests

Change Requests may be used for enhancements or modifications that had neither (i) been included in the Deliverables identified in this RFP, nor (ii) been included in the Proposal, but which pertains to the scope of this RFP. Total cost of any Change Requests will be limited to 10% of the not-to-exceed amount of the Contract. Work on any proposed change request must not commence until any such work is approved by the Department. In addition, any one Change Request over \$50,000 requires prior approval by OSC.

8.3.1 Change Requests:

The Department is under no obligation to request such enhancements or modifications and reserves its rights to:

- A. Develop and/or implement enhancements or modifications internally;
- B. Obtain a third party to perform such work. The Offeror, if selected and awarded a contract, agrees to work with the Department and any other party to assist in the development and/or implementation of enhancements or modifications and shall timely develop and implement an enhancement or modification as directed by the Department;
- C. Fees for the development and implementation of enhancements or modifications shall be negotiated by the Department and the selected Offeror as soon as feasible prior to commencement of work by the selected Offeror;
- D. Prior to the approval of a Change Request, the Department will conduct a review of the required number of hours for the task, the titles of staff performing such tasks, and the rates for such tasks;
- E. The selected Offeror will use its best efforts to promptly develop a requested

enhancement or modification; and

- F. The selected Offeror shall not implement a Department-directed enhancement or modification into “live” production until the enhancement or modification has been accepted by the Department.

8.4 Maintenance of Confidential Employee Records

The Offeror shall be responsible for maintaining all Employee records in a secure and confidential manner and in accordance with the requirements of the RFP including Appendix C-1, Information Security Requirements for Cloud Services.

8.5 Transition

Upon notification of DCS’s intent to terminate the Contract, or at least six months prior to the end date of the Contract “Performance Period,” the selected Proposer must work with the State to develop and implement a detailed plan to transition to a successor Contractor. The State will prescribe the disengagement process to be followed during the transition phase of the Services. The Offeror will ensure that all Division of Classification & Compensation and system data is transferred to the successor securely during the transition period. The Proposer will work closely with its successor to ensure a successful transition to the new system, with minimal downtime and impact on the Division of Classification & Compensation. All such transition work must be coordinated and performed in advance of the formal, final transition date.

8.6 Entire Contract

The resulting Contract, including all appendices, constitutes the entire Contract between the parties hereto and no statement, promise, condition, understanding, inducement, or representation, oral or written, expressed or implied, which is not contained herein shall be binding or valid and the Contract shall not be changed, modified, or altered in any manner except by an instrument in writing executed by both parties hereto, except as otherwise provided herein. The Contract is subject to amendment(s) only upon mutual consent of the Parties, reduced to writing and approved by OSC and subject to the termination provisions contained herein.

STANDARD CLAUSES FOR NYS CONTRACTS

The parties to the attached contract, license, lease, amendment or other agreement of any kind (hereinafter, “the contract” or “this contract”) agree to be bound by the following clauses which are hereby made a part of the contract (the word “Contractor” herein refers to any party other than the State, whether a contractor, licenser, licensee, lessor, lessee or any other party):

1. EXECUTORY CLAUSE. In accordance with Section 41 of the State Finance Law, the State shall have no liability under this contract to the Contractor or to anyone else beyond funds appropriated and available for this contract.

2. NON-ASSIGNMENT CLAUSE. In accordance with Section 138 of the State Finance Law, this contract may not be assigned by the Contractor or its right, title or interest therein assigned, transferred, conveyed, sublet or otherwise disposed of without the State’s previous written consent, and attempts to do so are null and void. Notwithstanding the foregoing, such prior written consent of an assignment of a contract let pursuant to Article XI of the State Finance Law may be waived at the discretion of the contracting agency and with the concurrence of the State Comptroller where the original contract was subject to the State Comptroller’s approval, where the assignment is due to a reorganization, merger or consolidation of the Contractor’s business entity or enterprise. The State retains its right to approve an assignment and to require that any Contractor demonstrate its responsibility to do business with the State. The Contractor may, however, assign its right to receive payments without the State’s prior written consent unless this contract concerns Certificates of Participation pursuant to Article 5-A of the State Finance Law.

3. COMPTROLLER’S APPROVAL. In accordance with Section 112 of the State Finance Law, if this contract exceeds \$50,000 (or \$75,000 for State University of New York or City University of New York contracts for goods, services, construction and printing, and \$150,000 for State University Health Care Facilities) or if this is an amendment for any amount to a contract which, as so amended, exceeds said statutory amount, or if, by this contract, the State agrees to give something other than money when the value or reasonably estimated value of such consideration exceeds \$25,000, it shall not be valid, effective or binding upon the State until it has been approved by the State Comptroller and filed in his office. Comptroller’s approval of contracts let by the Office of General Services, either for itself or its customer agencies by the Office of General Services Business Services Center, is required when such contracts exceed \$85,000. Comptroller’s approval of contracts established as centralized contracts through the Office of General Services is required when such contracts exceed \$125,000, and when a purchase order or other procurement transaction issued under such centralized contract exceeds \$200,000.

4. WORKERS’ COMPENSATION BENEFITS. In accordance with Section 142 of the State Finance Law, this contract shall be void and of no force and effect unless the Contractor shall provide and maintain coverage during the life of this contract for the benefit of such employees as are required to be covered by the provisions of the Workers’ Compensation Law.

5. NON-DISCRIMINATION REQUIREMENTS. To the extent required by Article 15 of the Executive Law (also known as the Human Rights Law) and all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor will not discriminate against any employee or applicant for employment, nor subject any individual to harassment, because of age, race, creed, color, national origin, citizenship or immigration status, sexual orientation, gender identity or expression, military status, sex, disability, predisposing genetic characteristics, familial status, marital status, or domestic violence victim status or because the individual has opposed any practices forbidden under the Human Rights Law or has filed a complaint, testified, or assisted in any proceeding under the Human Rights Law. Furthermore, in accordance with Section 220-e of the Labor Law, if this is a contract for the construction, alteration or repair of any public building or public work or for the manufacture, sale or distribution of materials, equipment or supplies, and to the extent that this contract shall be performed within the State of New York, Contractor agrees that neither it nor its subcontractors shall, by reason of race, creed, color, disability, sex, or national origin: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. If this is a building service contract as defined in Section 230 of the Labor Law, then, in accordance with Section 239 thereof, Contractor agrees that neither it nor its subcontractors shall by reason of race, creed, color, national origin, age, sex or disability: (a) discriminate in hiring against any New York State citizen who is qualified and available to perform the work; or (b) discriminate against or intimidate any employee hired for the performance of work under this contract. Contractor is subject to fines of \$50.00 per person per day for any violation of Section 220-e or Section 239 as well as possible termination of this contract and forfeiture of all moneys due hereunder for a second or subsequent violation.

6. WAGE AND HOURS PROVISIONS. If this is a public work contract covered by Article 8 of the Labor Law or a building service contract covered by Article 9 thereof, neither Contractor’s employees nor the employees of its subcontractors may be required or permitted to work more than the number of hours or days stated in said statutes, except as otherwise provided in the Labor Law and as set forth in prevailing wage and supplement schedules issued by the State Labor Department. Furthermore, Contractor and its subcontractors must pay at least the prevailing wage rate and pay or provide the prevailing supplements, including the premium rates for overtime pay, as determined by the State Labor Department in

accordance with the Labor Law. Additionally, effective April 28, 2008, if this is a public work contract covered by Article 8 of the Labor Law, the Contractor understands and agrees that the filing of payrolls in a manner consistent with Subdivision 3-a of Section 220 of the Labor Law shall be a condition precedent to payment by the State of any State approved sums due and owing for work done upon the project.

7. NON-COLLUSIVE BIDDING CERTIFICATION. In accordance with Section 139-d of the State Finance Law, if this contract was awarded based upon the submission of bids, Contractor affirms, under penalty of perjury, that its bid was arrived at independently and without collusion aimed at restricting competition. Contractor further affirms that, at the time Contractor submitted its bid, an authorized and responsible person executed and delivered to the State a non-collusive bidding certification on Contractor's behalf.

8. INTERNATIONAL BOYCOTT PROHIBITION. In accordance with Section 220-f of the Labor Law and Section 139-h of the State Finance Law, if this contract exceeds \$5,000, the Contractor agrees, as a material condition of the contract, that neither the Contractor nor any substantially owned or affiliated person, firm, partnership or corporation has participated, is participating, or shall participate in an international boycott in violation of the federal Export Administration Act of 1979 (50 USC App. Sections 2401 et seq.) or regulations thereunder. If such Contractor, or any of the aforesaid affiliates of Contractor, is convicted or is otherwise found to have violated said laws or regulations upon the final determination of the United States Commerce Department or any other appropriate agency of the United States subsequent to the contract's execution, such contract, amendment or modification thereto shall be rendered forfeit and void. The Contractor shall so notify the State Comptroller within five (5) business days of such conviction, determination or disposition of appeal (2 NYCRR § 105.4).

9. SET-OFF RIGHTS. The State shall have all of its common law, equitable and statutory rights of set-off. These rights shall include, but not be limited to, the State's option to withhold for the purposes of set-off any moneys due to the Contractor under this contract up to any amounts due and owing to the State with regard to this contract, any other contract with any State department or agency, including any contract for a term commencing prior to the term of this contract, plus any amounts due and owing to the State for any other reason including, without limitation, tax delinquencies, fee delinquencies or monetary penalties relative thereto. The State shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by the State agency, its representatives, or the State Comptroller.

10. RECORDS. The Contractor shall establish and maintain complete and accurate books, records, documents, accounts and other evidence directly pertinent to performance under this contract (hereinafter, collectively, the "Records"). The Records

must be kept for the balance of the calendar year in which they were made and for six (6) additional years thereafter. The State Comptroller, the Attorney General and any other person or entity authorized to conduct an examination, as well as the agency or agencies involved in this contract, shall have access to the Records during normal business hours at an office of the Contractor within the State of New York or, if no such office is available, at a mutually agreeable and reasonable venue within the State, for the term specified above for the purposes of inspection, auditing and copying. The State shall take reasonable steps to protect from public disclosure any of the Records which are exempt from disclosure under Section 87 of the Public Officers Law (the "Statute") provided that: (i) the Contractor shall timely inform an appropriate State official, in writing, that said records should not be disclosed; and (ii) said records shall be sufficiently identified; and (iii) designation of said records as exempt under the Statute is reasonable. Nothing contained herein shall diminish, or in any way adversely affect, the State's right to discovery in any pending or future litigation.

11. IDENTIFYING INFORMATION AND PRIVACY NOTIFICATION. (a) Identification Number(s). Every invoice or New York State Claim for Payment submitted to a New York State agency by a payee, for payment for the sale of goods or services or for transactions (e.g., leases, easements, licenses, etc.) related to real or personal property must include the payee's identification number. The number is any or all of the following: (i) the payee's Federal employer identification number, (ii) the payee's Federal social security number, and/or (iii) the payee's Vendor Identification Number assigned by the Statewide Financial System. Failure to include such number or numbers may delay payment. Where the payee does not have such number or numbers, the payee, on its invoice or Claim for Payment, must give the reason or reasons why the payee does not have such number or numbers.

(b) Privacy Notification. (1) The authority to request the above personal information from a seller of goods or services or a lessor of real or personal property, and the authority to maintain such information, is found in Section 5 of the State Tax Law. Disclosure of this information by the seller or lessor to the State is mandatory. The principal purpose for which the information is collected is to enable the State to identify individuals, businesses and others who have been delinquent in filing tax returns or may have understated their tax liabilities and to generally identify persons affected by the taxes administered by the Commissioner of Taxation and Finance. The information will be used for tax administration purposes and for any other purpose authorized by law. (2) The personal information is requested by the purchasing unit of the agency contracting to purchase the goods or services or lease the real or personal property covered by this contract or lease. The information is maintained in the Statewide Financial System by the Vendor Management Unit within the Bureau of State Expenditures, Office of the State Comptroller, 110 State Street, Albany, New York 12236.

12. EQUAL EMPLOYMENT OPPORTUNITIES FOR MINORITIES AND WOMEN.

In accordance with Section 312 of the Executive Law and 5 NYCRR Part 143, if this contract is: (i) a written agreement or purchase order instrument, providing for a total expenditure in excess of \$25,000.00, whereby a contracting agency is committed to expend or does expend funds in return for labor, services, supplies, equipment, materials or any combination of the foregoing, to be performed for, or rendered or furnished to the contracting agency; or (ii) a written agreement in excess of \$100,000.00 whereby a contracting agency is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon; or (iii) a written agreement in excess of \$100,000.00 whereby the owner of a State assisted housing project is committed to expend or does expend funds for the acquisition, construction, demolition, replacement, major repair or renovation of real property and improvements thereon for such project, then the following shall apply and by signing this agreement the Contractor certifies and affirms that it is Contractor's equal employment opportunity policy that:

(a) The Contractor will not discriminate against employees or applicants for employment because of race, creed, color, national origin, sex, age, disability or marital status, shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force on State contracts and will undertake or continue existing programs of affirmative action to ensure that minority group members and women are afforded equal employment opportunities without discrimination. Affirmative action shall mean recruitment, employment, job assignment, promotion, upgradings, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation;

(b) at the request of the contracting agency, the Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union or representative will not discriminate on the basis of race, creed, color, national origin, sex, age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein; and

(c) the Contractor shall state, in all solicitations or advertisements for employees, that, in the performance of the State contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.

Contractor will include the provisions of "(a), (b) and (c)" above, in every subcontract over \$25,000.00 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "Work") except where the Work is for the beneficial use of the Contractor. Section 312 does not

apply to: (i) work, goods or services unrelated to this contract; or (ii) employment outside New York State. The State shall consider compliance by a contractor or subcontractor with the requirements of any federal law concerning equal employment opportunity which effectuates the purpose of this clause. The contracting agency shall determine whether the imposition of the requirements of the provisions hereof duplicate or conflict with any such federal law and if such duplication or conflict exists, the contracting agency shall waive the applicability of Section 312 to the extent of such duplication or conflict. Contractor will comply with all duly promulgated and lawful rules and regulations of the Department of Economic Development's Division of Minority and Women's Business Development pertaining hereto.

13. CONFLICTING TERMS. In the event of a conflict between the terms of the contract (including any and all attachments thereto and amendments thereof) and the terms of this Appendix A, the terms of this Appendix A shall control.

14. GOVERNING LAW. This contract shall be governed by the laws of the State of New York except where the Federal supremacy clause requires otherwise.

15. LATE PAYMENT. Timeliness of payment and any interest to be paid to Contractor for late payment shall be governed by Article 11-A of the State Finance Law to the extent required by law.

16. NO ARBITRATION. Disputes involving this contract, including the breach or alleged breach thereof, may not be submitted to binding arbitration (except where statutorily authorized), but must, instead, be heard in a court of competent jurisdiction of the State of New York.

17. SERVICE OF PROCESS. In addition to the methods of service allowed by the State Civil Practice Law & Rules ("CPLR"), Contractor hereby consents to service of process upon it by registered or certified mail, return receipt requested. Service hereunder shall be complete upon Contractor's actual receipt of process or upon the State's receipt of the return thereof by the United States Postal Service as refused or undeliverable. Contractor must promptly notify the State, in writing, of each and every change of address to which service of process can be made. Service by the State to the last known address shall be sufficient. Contractor will have thirty (30) calendar days after service hereunder is complete in which to respond.

18. PROHIBITION ON PURCHASE OF TROPICAL HARDWOODS.

The Contractor certifies and warrants that all wood products to be used under this contract award will be in accordance with, but not limited to, the specifications and provisions of Section 165 of the State Finance Law, (Use of Tropical Hardwoods) which prohibits purchase and use of tropical hardwoods, unless specifically exempted, by the State or any governmental agency or political subdivision or public benefit corporation. Qualification for an exemption under this

law will be the responsibility of the contractor to establish to meet with the approval of the State.

In addition, when any portion of this contract involving the use of woods, whether supply or installation, is to be performed by any subcontractor, the prime Contractor will indicate and certify in the submitted bid proposal that the subcontractor has been informed and is in compliance with specifications and provisions regarding use of tropical hardwoods as detailed in § 165 State Finance Law. Any such use must meet with the approval of the State; otherwise, the bid may not be considered responsive. (d) The Contractor acknowledges notice that the State may seek to obtain offset credits from foreign countries as a result of this contract and agrees to cooperate with the State in these efforts.

21. RECIPROCITY AND SANCTIONS PROVISIONS. Bidders are hereby notified that if their principal place of business is located in a country, nation, province, state or political subdivision that penalizes New York State vendors, and if the goods or services they offer will be substantially produced or performed outside New York State, the Omnibus Procurement Act 1994 and 2000 amendments (Chapter 684 and Chapter 383, respectively, codified in State Finance Law § 165(6) and Public Authorities Law § 2879(5)) require that they be denied contracts which they would otherwise obtain. NOTE: As of May 2023, the list of discriminatory jurisdictions subject to this provision includes the states of South Carolina, Alaska, West Virginia, Wyoming, Louisiana and Hawaii.

22. COMPLIANCE WITH BREACH NOTIFICATION AND DATA SECURITY LAWS. Contractor shall comply with the provisions of the New York State Information Security Breach and Notification Act (General Business Law §§ 899-aa and 899-bb and State Technology Law § 208).

23. COMPLIANCE WITH CONSULTANT DISCLOSURE LAW. If this is a contract for consulting services, defined for purposes of this requirement to include analysis, evaluation, research, training, data processing, computer programming, engineering, environmental, health, and mental health services, accounting, auditing, paralegal, legal or similar services, then, in accordance with Section 163 (4)(g) of the State Finance Law (as amended by Chapter 10 of the Laws of 2006), the Contractor shall timely, accurately and properly comply with the requirement to submit an annual employment report for the contract to the agency that awarded the contract, the Department of Civil Service and the State Comptroller.

24. PROCUREMENT LOBBYING. To the extent this agreement is a “procurement contract” as defined by State Finance Law §§ 139-j and 139-k, by signing this agreement the contractor certifies and affirms that all disclosures made in accordance with State Finance Law §§ 139-j and 139-k are complete, true and accurate. In the event such certification is found to be intentionally false or intentionally incomplete, the State may terminate the agreement by providing written notification to the Contractor in accordance with the terms of the agreement.

25. CERTIFICATION OF REGISTRATION TO COLLECT SALES AND COMPENSATING USE TAX BY CERTAIN STATE CONTRACTORS, AFFILIATES AND SUBCONTRACTORS.

To the extent this agreement is a contract as defined by Tax Law § 5-a, if the contractor fails to make the certification required by Tax Law § 5-a or if during the term of the contract, the Department of Taxation and Finance or the covered agency, as defined by Tax Law § 5-a, discovers that the certification, made under penalty of perjury, is false, then such failure to file or false certification shall be a material breach of this contract and this contract may be terminated, by providing written notification to the Contractor in accordance with the terms of the agreement, if the covered agency determines that such action is in the best interest of the State.

26. IRAN DIVESTMENT ACT. By entering into this Agreement, Contractor certifies in accordance with State Finance Law § 165-a that it is not on the “Entities Determined to be Non-Responsive Bidders/Offerers pursuant to the New York State Iran Divestment Act of 2012” (“Prohibited Entities List”) posted at: <https://ogs.ny.gov/iran-divestment-act-2012>

Contractor further certifies that it will not utilize on this Contract any subcontractor that is identified on the Prohibited Entities List. Contractor agrees that should it seek to renew or extend this Contract, it must provide the same certification at the time the Contract is renewed or extended. Contractor also agrees that any proposed Assignee of this Contract will be required to certify that it is not on the Prohibited Entities List before the contract assignment will be approved by the State.

During the term of the Contract, should the state agency receive information that a person (as defined in State Finance Law § 165-a) is in violation of the above-referenced certifications, the state agency will review such information and offer the person an opportunity to respond. If the person fails to demonstrate that it has ceased its engagement in the investment activity which is in violation of the Act within 90 days after the determination of such violation, then the state agency shall take such action as may be appropriate and provided for by law, rule, or contract, including, but not limited to, imposing sanctions, seeking compliance, recovering damages, or declaring the Contractor in default.

The state agency reserves the right to reject any bid, request for assignment, renewal or extension for an entity that appears on the Prohibited Entities List prior to the award, assignment, renewal or extension of a contract, and to pursue a responsibility review with respect to any entity that is awarded a contract and appears on the Prohibited Entities list after contract award.

27. ADMISSIBILITY OF REPRODUCTION OF CONTRACT. Notwithstanding the best evidence rule or any other legal principle or rule of evidence to the contrary, the Contractor acknowledges and agrees that it waives any and all objections to the admissibility into evidence at any court proceeding or to the use at any examination before trial of an electronic reproduction of this contract, in the form approved by the State Comptroller, if such approval was required, regardless of whether the original of said contract is in existence.

1. Headings and Captions

The headings or captions contained within the Contract are intended solely for convenience and reference purposes and shall in no way be deemed to define, limit or describe the scope or intent of the Contract or any provisions thereof.

2. Compliance with Laws

Contractor warrants and represents that, throughout the term of the Contract, in the performance of its obligations under the Contract, it will: (i) comply with all applicable State and Federal laws, ordinances, rules and regulations and policies of any governmental entity; (ii) pay, at its sole expense, all applicable permits, licenses, tariffs, tolls and fees; and (iii) give all notices required by any laws, ordinances, rules, and regulations of any governmental entity.

3. Jurisdiction or Venue

Any action, suit or proceeding to enforce any provision of, or based on any matter arising out of or in connection with this Contract shall be brought in any New York state court located in Albany County or any federal court located in the Northern District of the State of New York.

4. Summary of Policy and Prohibitions on Procurement Lobbying

State Finance Law §§139-j and 139-k impose certain restrictions on communications between the Department and Offerors during the procurement process. Offerors are restricted from making contact, from the earliest posting, on the Department's website, in a newspaper of general circulation, or in the procurement opportunities newsletter in accordance with Article four-C of the Economic Development Law, of written notice, advertisement or solicitation of a Request for Proposal, invitation for bids, or solicitation of proposals, or any other method provided for by law or regulation to solicit offers/bids through final award and approval of the procurement contract by the Department and, if applicable, the Office of the State Comptroller ("restricted period"), to other than designated staff unless it is a contact that is included among certain statutory exceptions set forth in State Finance Law §139-j(3)(a). A finding of non-responsibility can result in rejection for contract award and in the event of two findings within a four-year period, the Offeror shall be debarred from obtaining governmental Procurement Contracts. Further information about these requirements can be found on the OGS website: <https://ogs.ny.gov/acpl>.

5. Notice of Substantial Change in Contractor Status

In addition to the requirements of New York State Finance Law §138 (requiring the State's approval of subcontractors and assignments and/or conveyances), the Contractor shall notify the Department of any substantial change in the ownership or financial viability of the Contractor, its Affiliates, subsidiaries or divisions, or partners, in writing immediately upon occurrence. "Substantial change" means: (i) sales, acquisitions, mergers or takeovers of the Contractor, its Affiliates, subsidiaries, divisions, or partners that result in a change in the controlling ownership or assets of such entity after the submission of the Bid or execution of Contract; (ii) entry of an order for relief under Title 11 of the United States Code; (iii) the making of a general assignment for the benefit of creditors; (iv) the appointment of a receiver of Contractor's business or property or that of its Affiliates, subsidiaries or divisions, or partners; or action by Contractor, its Affiliates, subsidiaries or divisions, or partners under any State insolvency or similar law for the purposes of its bankruptcy, reorganization, or liquidation; or (v) court ordered liquidation of Contractor, its Affiliates, subsidiaries or divisions, or partners.

Upon the Department's receipt of such notice, the Department shall have thirty (30) business days from the date of notice to review the information. The Contractor may not transfer the Contract to or among Affiliates, subsidiaries or divisions, or partners, or to any other person or entity, without the express written consent of the Department. In addition to any other remedies available at law or equity, the Department shall have the right to terminate the Contract, in whole or in part, for cause, if it finds, in its sole judgment, that such substantial change adversely affects the delivery of Services or is otherwise not in the best interests of the State.

6. Notice of Circumstances Expected to Adversely Affect Contractor's Performance

The Contractor shall immediately notify Department upon learning of any situation that can reasonably be expected to adversely affect the delivery of Project Services under the Contract. If such notification is verbal, the Contractor shall follow such initial verbal notice with a written notice to Department within three (3) calendar days of Contractor's becoming aware of the situation. The written notification shall include a description of the situation and a recommendation of a resolution.

7. Severability

In the event that one or more of the provisions of the Contract shall for any reason be declared unenforceable by a court of competent jurisdiction under the laws or regulations in force, such provision(s) shall have no effect on the validity of the

remainder of the Contract, which shall then be construed as if such unenforceable provision(s) was never contained in the Contract.

8. Waiver of Breach

No term or provision of the Contract shall be deemed waived, and no breach excused, unless such waiver or consent shall be in writing and signed by the Party claimed to have waived or consented. No consent by a Party to, or waiver of, a breach under the Contract shall constitute consent to, a waiver of, or excuse for any other, different or subsequent breach. The rights, duties and remedies set forth in the Contract shall be in addition to, and not in limitation of, rights and obligations otherwise available at law or equity. No delay or omission to exercise any right, power or remedy accruing to either party upon breach or default by the other under this Contract shall impair any such right, power or remedy.

9. Force Majeure

Neither Party to the Contract shall be liable or deemed to be in default for any delay or failure in performance under the Contract resulting directly or indirectly from acts of God, civil or military authority, acts of public enemy, wars, riots, civil disturbances, insurrections, accident, fire, explosions, earthquakes, floods, the elements, acts or omissions of public utilities or strikes, work stoppages, slowdowns or other labor interruptions due to labor/management disputes involving entities other than the Parties to the Contract, or any other causes not reasonably foreseeable or beyond the control of a Party. Each Party is required to use best efforts to eliminate or minimize the effect of such events during performance of the Contract and to resume performance of the Contract upon termination or cessation of such events.

10. Modification of Contract

The Contract may be amended only by mutual written consent of the Parties and approved by the New York State Attorney General and Office of the State Comptroller, if required.

11. Change Request

At any time during the term of this Contract, the Department may make changes, subtractions or additions in any of the equipment, software, documentation, Project Services and/or other Deliverables within the general scope of work set forth in the Contract, consistent with pricing established under the terms of the Contract. All such changes shall be made using a mutually agreed upon form executed by the Parties and shall otherwise be in accordance with the terms and conditions of the Contract. If any such change causes an increase or decrease in pricing or the time required for the

performance of the Contract, an equitable adjustment of the Contract amount and/or time of performance will be made on mutual agreement of the Parties, subject to the approval of the New York State Office of the State Comptroller and any applicable control agency, if required.

12. Piggybacking

Contractor acknowledges and agrees that, pursuant to State Finance Law § 163(10)(e), the New York State Office of General Services may authorize and approve purchases from contracts between Contractor and Department to other New York State agencies, authorities, the United States Government or any other state, with the concurrence of the Office of the State Comptroller and under appropriate circumstances.

13. No Third-Party Beneficiaries

Nothing contained in the Contract, expressed or implied, is intended to confer upon any person or corporation, other than the Parties hereto and their successors in interest and assigns, any rights or remedies under or by reason of the Contract.

14. Work Outside of Scope of the Contract

The Contractor must not perform work outside the scope of the Contract unless such work is authorized by a properly executed written amendment to the Contract, and if applicable, approved by the Office of the State Comptroller. Work not so authorized shall not be compensated.

15. Contract Payments

Payments for commodities received or Services rendered shall be in accordance with the Contract.

16. Liability for Taxes

- a) The Department represents that the purchases on behalf of the State of New York are not subject to any state or local sales or use taxes, or to federal excise taxes.
- b) Contractor remains liable and solely responsible without exemption for social security, unemployment insurance, workers' compensation and other taxes and obligations to which Contractor may be subject to by law.

17. State's Authority to Conduct Financial and Performance Audits

The Contractor acknowledges that the Department and the Office of the State Comptroller have the authority to conduct financial and performance audits of the Contractor's delivery of Project Services and any applicable State and federal statutory and regulatory authorities. The audit activity may include, but is not limited to, the review of documentary evidence to determine the accuracy and fairness of all items on the Contractor's submission of claims for payment under the Contract, and the review of any and all activities relating to the Contractor's performance and administration of the Contract.

In addition to any requirements set forth in the Contract, the Contractor shall make available any documentation necessary to perform such reviews including the copying of the documentation. Documentation made available by the Contractor may include, but is not limited to, source documents, books of account, subsidiary records and supporting work papers, claim documentation and pertinent contracts and correspondence.

The audit provisions contained herein shall in no way be construed to limit the audit authority or audit scope of the Office of the State Comptroller as set forth in Appendix A of the Contract, Standards Clauses for All New York State Contracts, or any audit requirements related to the security of the Contractor's systems.

Further, upon request by the State, the Contractor shall cooperate with the State, including the Office of the State Comptroller, in any investigation, audit, or other inquiry related to the Solicitation or the resulting Contract or any related litigation, at no cost to the State. This provision shall survive the termination of the Contract.

18. Independent Contractor

The Parties agree that the Contractor is an independent contractor, and the Contractor, its officers, employees, agents, consultants, contractors and/or subcontractors in the performance of the Contract shall act in an independent capacity and not as agents, officers or employees of the State or the Department. Neither the Contractor nor any subcontractor shall thereby be deemed an agent, officer, or employee of the State. The Contractor agrees, during the term of the Contract, to maintain at the Contractor's expense those benefits to which its employees would otherwise be entitled by law, including health benefits, and all necessary insurance for its employees, including workers' compensation, disability and unemployment insurance, and to provide the Department with certification of such insurance upon request. The Contractor remains responsible for all applicable federal, State, and local taxes, and all Federal Insurance Contributions Act payments.

19. Subcontracting

If allowed in the solicitation, the Contractor may arrange for specified portions of its responsibilities to be subcontracted. The Contractor shall not in any way be relieved of any responsibility under the Contract by any subcontract. The Contractor shall be solely responsible to the Department for the acts or defaults of its Subcontractor(s) and of such Subcontractors' officers, agents, and employees, each of whom shall for this purpose, be deemed to be the agent or employee of the Contractor to the extent of its subcontract. Any Deliverable provided or furnished by a Subcontractor shall be deemed for purposes of the Contract to be provided or furnished by the Contractor.

The Contractor shall inform each Subcontractor fully and completely of all provisions and requirements established by the Contract and enter into a written subcontract. Such subcontract shall include the functional equivalent of the Contract, and include such clauses:

- That the work performed by the Subcontractor must be in accordance with the terms and conditions of this Contract.
- That nothing contained in such subcontract shall impair the rights of the Department or the State.
- That nothing contained in the subcontract shall create any contractual relationship between the Subcontractor and the Department or the State.
- That the State and Department shall have the same authority to audit the records of all Subcontractors as it does those of the Contractor.
- That Subcontractor shall cooperate with any investigation, audit, litigation or other inquiry related to the Solicitation or the resulting Contract.
- That Subcontractor shall maintain and protect against any unauthorized disclosure of records with respect to work performed under the subcontract in the same manner as required of the Contractor
- The Contractor shall require that the Subcontractor must pass through all terms and conditions of the Contract, including but not limited to Appendix A, to any lower tier subcontractors.
- Unless waived by the Department, each subcontract shall expressly name the State of New York through the Department as the sole intended third party beneficiary of such subcontract.

The Department reserves the right to review and approve or reject any subcontract with a Subcontractor, as well as any amendments to said subcontract(s). This right shall not make the Department or the State a party to any subcontract or create any right, claim, or interest in the Subcontractor or proposed Subcontractor against the Department.

The Department reserves the right, at any time during the term of the Contract, to verify that the written subcontract between the Contractor and Subcontractor(s) is in compliance with all of the provisions of this Contract. In addition to other remedies

allowed by law, the Department reserves the right to terminate the Contract for cause if an executed subcontract does not contain all of the required provisions.

The Contractor shall give the Department immediate notice in writing of the initiation of any legal action or suit which relates in any way to a subcontract with a Subcontractor or which may affect the performance of the Contractor's duties under the Contract. Failure to disclose the identity of any and all Subcontractor(s) used by the Contractor as required hereunder may, at the sole discretion of the Department, result in a disqualification of the Subcontractor, if not immediately cured, or may result in termination of the Contract for cause. The Contractor shall pay all Subcontractors for and on account of Project Services and/or Deliverables provided by such Subcontractors in accordance with the terms of their respective subcontracts. If and when required by the Department, the Contractor shall submit satisfactory evidence that it has made such payment. The Contractor shall, within five (5) Business Days of the Department's written request, file promptly with the Department a copy of any subcontract providing Services for the Contract.

20. Contractor Staff

All Contractor Staff performing work under the Contract must: meet or exceed the technical and training qualifications set forth in the Contract; comply with all security and administrative requirements of the Department; possess the necessary qualifications, training, licenses, and permits as may be required within the jurisdiction where the work will be provided or performed; and be legally entitled to work in such jurisdiction. All persons, corporations, or other legal entities that perform Project Services under the Contract on behalf of Contractor shall, in performing the Project Services, comply with all applicable Federal and State laws concerning employment in the United States. Contractor Staff may be required to execute a Department Nondisclosure Agreement, either before or upon arrival for work at a State facility or, if in Department's sole discretion, the Contractor's Staff will otherwise have access to critical State Networks, equipment or data.

The Department, in its sole discretion, may require the Contractor to remove from interaction with the State, or may refuse access to State systems and facilities or require removal from any State facility any Contractor Staff performing work under this Contract that the Department determines poses a security risk, has a work performance that the Department finds inadequate or unacceptable, or otherwise fails to meet the Department's business requirements or expectations. The Contractor shall not assign such removed person to any aspect of the Contract without the State's written consent. Such action by the Department shall not relieve the Contractor of the obligation to perform all work in compliance with the Contract terms.

For reasons of safety and public policy, the use of illegal drugs and/or alcoholic beverages by the Contractor Staff shall not be permitted while performing any phase of Contract work.

The State shall not be liable for any expense incurred by the Contractor Staff for any parking or towing fees or as a consequence of any traffic infraction or parking violations attributable to Contractor Staff.

21. Onboarding and Suitability Determinations

The Contractor, including all Contractor Staff who work on the Contract, must comply with all State and Federal onboarding and security clearance requirements, at its own expense.

Contractor is responsible, at its own expense, for making suitability determinations on its Contractor Staff prior to the staff member performing any work in connection with this Contract. For purposes of this provision, a "suitability determination" is a determination that there are reasonable grounds to believe that an individual will likely be able to perform the Contract requirements without undue risk to the interests of the State. Upon request of the State, the Contractor shall certify to the State that the suitability determinations required by this provision have been completed for all Contractor Staff performing work in connection with this Contract.

Failure of a security clearance or non-compliance with this provision will disqualify any Contractor Staff from performing any Services under the Contract. All expenses, including travel and lodging, associated with the onboarding and security clearance process, including fingerprinting of Contractor Staff, if required, are the responsibility of the Contractor and are not reimbursable.

If Contractor Staff have any lapse in work under the Contract, such individuals may be subject to all onboarding and security clearance requirements if they are returned to performing Project Services under the Contract.

The State also reserves the right to: (a) conduct a background check or otherwise approve any Contractor Staff performing work on this Contract or having access to Data; and (b) refuse access to, eject or require replacement of any personnel at the Department's discretion for any reason.

22. Separation of Duties

The Department requires the Contractor to follow security best practices by adhering to separation of job duties and limiting Contractor Staff access to Data to the minimum necessary to accomplish the intended purpose (i.e., job duties).

23. Dispute Resolution

Unless otherwise agreed to in writing by the Parties, any dispute raised by the Contractor concerning any question of fact or law arising under the Contract which is not disposed of by mutual agreement of the Parties shall be decided initially by the designee of the Commissioner ("Commissioner"). A copy of the written decision shall be furnished to the Contractor. The Parties shall proceed diligently with the performance of the Contract and shall comply with the provisions of such decision and continue to comply pending further resolution of any such dispute as provided herein. The decision of the designee of the Commissioner shall be final and conclusive unless, within ten (10) Days from the receipt of such decision, the Contractor furnishes the Commissioner a written appeal. In the event of an appeal, the Commissioner shall promptly review the initial decision, and confirm, annul, or modify it. The decision of the Commissioner shall be final and conclusive unless, as determined by a court of competent jurisdiction, it violates one of the provisions of section 7803 of the Civil Practice Law and Rules ("Article 78"). Pending final decision of any Article 78 proceeding, the Parties shall diligently perform the Contract in accordance with the Commissioner's decision.

24. Indemnification and Limitation of Liability

a. Indemnification:

Contractor shall be fully liable for the actions of its agents, officers, employees, partners, or subcontractors, and shall fully indemnify and save harmless the State, without limitation, from suits, actions, damages, and costs of every name and description relating to personal injury and damage to real or personal property caused by Contractor, its agents, officers, employees, partners, or subcontractors, if any, without limitation; provided however, that the Contractor shall not indemnify for that portion of any claim, loss, or damage arising hereunder due to the negligent act or negligent failure to act of the State.

Contractor shall indemnify, defend and hold the State harmless, without limitation, from any loss or damage to the State resulting from suits, actions, damages, and costs of every name and description resulting from any criminal acts committed by Contractor's officers, agents, employees, and subcontractors while providing Project Services under the Contract.

b. Indemnification for Intellectual Property Infringement:

Contractor shall indemnify, defend, and hold the State harmless, without limitation, from and against any and all damages, expenses (including reasonable attorneys' fees and legal fees), claims, judgments, liabilities, and costs which may be assessed against the State in any action for infringement of a United States Letter Patent, or of any copyright,

trademark, trade secret, or other third-party proprietary right in relation to the Services, products, documentation or Deliverables furnished or utilized by Contractor under this Contract, provided that the State shall give Contractor: (i) prompt written notice of any action, claim, or threat of infringement suit, or other suit; (ii) the opportunity to take over, settle or defend such action, claim or suit at Contractor's sole expense; and (iii) assistance in the defense of any such action at the expense of Contractor. Where a dispute or claim arises relative to a real or anticipated infringement, the State may require Contractor, at its sole expense, to submit such information and documentation, including formal patent attorney opinions, as the State shall require. This paragraph shall not apply to that portion of any infringement claim which results from a material modification by the State, without Contractor's approval, of any products, documentation or Deliverables furnished or utilized by Contractor pursuant to this Contract. Notwithstanding the foregoing, the State reserves the right to join such action, at its sole expense, when it determines that there is an issue involving a significant public interest.

c. Limitation of Liability

For all other claims against the Contractor where liability is not otherwise set forth in the Contract as being "without limitation" or not subject to the limitation of liability provisions, and regardless of the basis on which the claim is made, Contractor's liability under the Contract for direct damages shall be limited to the greater of the following: (i) \$500,000 (Five Hundred Thousand Dollars); or (ii) two (2) times the amounts paid to the Contractor for Project Services under the Contract during the twelve (12) months of the Contract term which precedes the giving of notice of the claim by the State. For this purpose, amounts paid shall include, but not be limited to, payments made electronically, by check, by offset, or by the application of credits from the Contractor to the State. Unless otherwise specifically enumerated herein, neither party shall be liable for any incidental, punitive, consequential, indirect or special damages of any kind which may result directly or indirectly from the performance of this Contract, including, without limitation, damages resulting from loss of use or loss of profit by the State, the Contractor, or by others, however caused and regardless of the theory of liability even if such party has been informed of the possibility of such damages.

d. No Indemnification by the State:

The State does not agree to any indemnification provisions that requires the State to indemnify or save harmless Contractor or third parties.

25. Insurance Requirements

Prior to the commencement of work, Contractor shall file with the Department Certificates of Insurance evidencing compliance with all the requirements contained in the Solicitation. Acceptance and/or approval by the Department does not and shall not be construed to relieve Contractor of any obligations, responsibilities or liabilities under the Contract.

Contractor shall cause all required insurance to be in full force and effect as of the commencement date of the Contract and to remain in full force and effect throughout the term of the Contract and as required by the Contract. Contractor shall not take any action or omit to take any action that would suspend or invalidate any of the required coverages during the period of time such coverages are required to be in effect.

26. Warranties and Guarantees

- a. **Contract Deliverables:** Contractor warrants and represents that the Services required by the solicitation and the Contract shall be performed or provided in accordance with all the terms and conditions, covenants, statements, and representations contained in the Contract. Contractor's failure to meet pre-defined service levels or service level guarantees may result in a credit or chargeback in an amount pre-determined by the Parties.
- b. **Product Performance:** Contractor hereby warrants and represents that Products acquired by the State under this Contract conform to the manufacturer's specifications, performance standards and documentation and that the documentation fully describes the proper procedure for using the Products.
- c. **Title and Ownership:** Contractor warrants and represents that it has: (i) full ownership, clear title free of all liens; or (ii) the right to transfer or deliver specified license rights to any Products acquired by the State under the Contract. Contractor shall be solely liable for any costs of acquisition associated therewith. Contractor shall indemnify the State and hold the State harmless from any damages and liabilities (including reasonable attorneys' fees and costs) arising from any breach of Contractor's warranties as set forth herein.
- d. **Workmanship Warranty:** Contractor warrants and represents that all Services and Deliverables shall meet the completion criteria set forth in the Contract, and that Services will be provided in a professional and workmanlike manner in accordance with the highest applicable industry standards.
- e. **Personnel Eligible for Employment:** Contractor warrants and represents that all personnel performing Services under this Contract are qualified to provide Services and eligible for employment in the United States and shall remain so throughout the term of the Contract. Contractor shall provide such proof of compliance as is required by Department.
- f. **Virus Warranty:** The Contractor represents and warrants that any Product acquired by the Department does not contain any known viruses. Contractor is not responsible for viruses introduced at the Department's site by third parties who are not Contractor Staff.

- g. **Date/Time Warranty:** Contractor warrants that Product furnished pursuant to this Contract shall, when used in accordance with the product documentation, be able to accurately process date/time data (including, but not limited to, calculating, comparing, and sequencing) transitions, including leap year calculations. Where a Contractor proposes, or an acquisition requires that specific Products must perform as a package or system, this warranty shall apply to the Products as a system.

Where Contractor is providing ongoing Services, including but not limited to:

- i. consulting, integration, code or data conversion;
 - ii. maintenance or support Services;
 - iii. data entry or processing; or
 - iv. contract administration Services (e.g., billing, invoicing, claim processing), Contractor warrants that Services shall be provided in an accurate and timely manner without interruption, failure or error due to the inaccuracy of Contractor's business operations in processing date/time data (including, but not limited to, calculating, comparing, and sequencing) various date/time transitions, including leap year calculations. Contractor shall be responsible for damages resulting from any delays, errors or untimely performance resulting therefrom, including but not limited to the failure or untimely performance of such Services.
- h. **Additional Warranties:** Where Contractor generally offers additional or more advantageous warranties than those set forth herein, Contractor shall offer or pass through any such warranties to the State.
- i. **No Limitation of Rights:** The rights and remedies of the State provided in this clause are in addition to and do not limit any rights afforded to the State by any other clause of the Contract.
- j. **Survival of Warranties:** All warranties contained in the Contract shall survive termination of the Contract.
- k. **No Implied Warranties:** To the extent permitted by law, these warranties are exclusive and there are no other express or implied warranties or conditions, including warranties or conditions of merchantability and fitness for a particular purpose.

27. Ownership of and Title to Contract Deliverables

a. Contractor acknowledges that it is commissioned by the State to perform the Project Services detailed in the Contract which may include the development of intellectual property by Contractor, its Subcontractors, partners, employees or agents for the State ("Custom Products"). Unless otherwise specified in writing in the Contract, upon the creation of such Custom Products, Contractor hereby conveys, assigns and transfers to the State the sole and exclusive rights, title and interest in the Custom Products, whether preliminary, final or otherwise, including all trademark and copyrights. Contractor hereby agrees to take all necessary and appropriate steps to ensure that the Custom Products are protected against unauthorized copying, reproduction and marketing by or through Contractor, its agents, employees, or Subcontractors. Nothing herein shall preclude the Contractor from otherwise using the related or underlying general knowledge, skills, ideas, concepts, techniques and experience developed in performing Services under the Contract in the course of Contractor's business. The State may, by providing written notice thereof to the Contractor, elect in the alternative to take a non-exclusive perpetual license to Custom Products in lieu of taking exclusive ownership and title to such Products. Appendix D

I. General Provisions

- A. The Department is required to implement the provisions of New York State Executive Law Article 15-A and 5 NYCRR Parts 140-145 ("MWBE Regulations") for all State contracts as defined therein, with a value (1) in excess of \$25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of \$100,000 for real property renovations and construction.
- B. The contractor to the subject contract (the "Contractor" and the "Contract," respectively) agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to the Department, to fully comply and cooperate with the Department in the implementation of New York State Executive Law Article 15-A. These requirements include equal employment opportunities for minority group members and women ("EEO") and contracting opportunities for certified minority and women-owned business enterprises ("MWBEs"). The Contractor's demonstration of "good faith efforts" pursuant to 5 NYCRR § 142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the "Human Rights Law") or other applicable federal, state or local laws.
- C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the withholding of funds or such other actions, liquidated damages pursuant to Section VII of this Appendix or enforcement proceedings as allowed by the Contract.

II. Contract Goals

- A. For purposes of this procurement, the Department hereby establishes New York State certified minority-owned business enterprises ("MBE") **15%** participation and New York State certified women-owned business enterprises ("WBE") **15%** participation (collectively, "MWBE Contract Goals") Based on the project services.

III. Equal Employment Opportunity (EEO)

By submission of a bid or proposal in response to this solicitation, the Bidder/Contractor agrees with all of the terms and conditions of Appendix A including Clause 12 – Equal Employment Opportunities for Minorities and Women. The Contractor is required to ensure that it and any subcontractors awarded a subcontract over \$25,000 for the construction, demolition, replacement, major repair, renovation, planning or design of real property and improvements thereon (the "work") except where the work is for the beneficial use of the Contractor, shall undertake or continue programs to ensure that minority group members and women are afforded equal employment

opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, equal opportunity shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, termination, and rates of pay or other forms of compensation. This requirement does not apply to: (i) work, goods, or services unrelated to the Contract; or (ii) employment outside New York State.

Bidder further agrees, where applicable, to submit with the bid a **Form EEO 100** Staffing Plan identifying the anticipated work force to be utilized on the Contract and if awarded a Contract, will, upon request, submit to the Department, a workforce utilization report **Form EEO 101** Workforce Utilization Report identifying the workforce actually utilized on the Contract if known.

In accordance with Executive Order 162, issued on January 9, 2017, when the prime contract is in excess of \$25,000, the contractor shall provide to the Department – on a quarterly, calendar-year basis – detailed workforce utilization reports of the contractor and each subcontractor that include, in addition to equal employment opportunity information, the job title and salary of each employee directly performing work on a State contract. Detailed workforce utilization reports, as required above, shall be submitted in such form and in such manner as shall be required by the Department

If the contractor cannot identify the individuals working directly on a State contract, then the contractor and each subcontractor shall provide such information of each employee in the contractor's entire workforce.

This provision shall not relieve the contractor's responsibility to submit payroll certification as it may be elsewhere required in this contract.

Further, pursuant to Article 15 of the Executive Law (the "Human Rights Law"), all other State and Federal statutory and constitutional non-discrimination provisions, the Contractor and sub-contractors will not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

The contractor shall include these provisions in every subcontract so that such provisions shall be binding upon each subcontractor.

NOTE: Failure to comply with the foregoing requirements may result in a finding of non-responsiveness, non-responsibility and/or a breach of the Contract,

leading to the withholding of funds, suspension or termination of the Contract or such other actions or enforcement proceedings as allowed by the Contract.

PARTICIPATION OPPORTUNITIES FOR NEW YORK STATE CERTIFIED SERVICE-DISABLED VETERAN OWNED BUSINESSES

Article 17-B of the New York State Executive Law provides for more meaningful participation in public procurement by certified Service-Disabled Veteran-Owned Businesses ("SDVOBs"), thereby further integrating such businesses into New York State's economy. The Department recognizes the need to promote the employment of service-disabled veterans and to ensure that certified service-disabled veteran-owned businesses have opportunities for maximum feasible participation in the performance of the Department contracts.

In recognition of the service and sacrifices made by service-disabled veterans and in recognition of their economic activity in doing business in New York State, Bidders/Contractors are strongly encouraged and expected to consider SDVOBs in the fulfillment of the requirements of the Contract. Such participation may be as subcontractors or suppliers, as protégés, or in other partnering or supporting roles.

For purposes of this procurement, the Department encourages the use of good faith efforts to promote and assist in the participation of SDVOBs on the Contract for the provision of services and materials. The directory of New York State Certified SDVOBs can be viewed at: <https://ogs.ny.gov/veterans/>

Appendix E

Appendix E Insurance Requirements

Prior to the start of work the Offeror shall procure, at its sole cost and expense, and shall maintain in force at all times during the term of any Contract resulting from this RFP, policies of insurance as required by this section, written by companies that have an A.M. Best Company rating of "A-," Class "VII" or better. In addition, companies writing insurance intended to comply with the requirements of this Section 4.7 should be licensed or authorized by the New York State Department of Financial Services to issue insurance in the State of New York. The Department may, in its sole discretion, accept policies of insurance written by a non-authorized carrier or carriers when certificates and/or other policy documents are accompanied by a completed Excess Lines Association of New York (ELANY) affidavit or other documents demonstrating the company's strong financial rating. If, during the term of a policy, the carrier's A.M. Best rating falls below "A-," Class "VII," the insurance must be replaced, on or before the renewal date of the policy, with insurance that meets the requirements above. These policies must be written in accordance with the requirements of the paragraphs below, as applicable.

An Offeror shall deliver to the Department evidence of the insurance required by this RFP and any Contract resulting from this RFP in a form satisfactory to the Department. Policies must be written in accordance with the requirements of the paragraphs below, as applicable. While acceptance of insurance documentation shall not be unreasonably withheld, conditioned or delayed, acceptance and/or approval by the Department does not, and shall not be construed to, relieve an Offeror of any obligations, responsibilities or liabilities under this RFP or any Contract resulting from this RFP.

The Offeror shall not take any action, or omit to take any action that would suspend or invalidate any of the required coverages during the term of any Contract resulting from this RFP.

1. General Conditions

- a. All policies of insurance required by this Solicitation or any Contract resulting from this RFP shall comply with the following requirements:
 - i. Coverage Types and Policy Limits. The types of coverage and policy limits required from the selected Offeror are specified in paragraph 12. Specific Coverages and Limits below.
 - ii. Policy Forms. Except as may be otherwise specifically provided herein, or agreed to in any Contract resulting from this RFP, all policies of insurance shall be written on an occurrence basis.
 - iii. Certificates of Insurance/Notices. The selected Offeror shall provide the Department with a Certificate or Certificates of Insurance, in a form satisfactory to the Department, as detailed below, and pursuant to the timelines set forth in paragraph 11 below. Certificates should reference the Solicitation or award

Appendix E Insurance Requirements

number and shall name the New York State Department of Civil Service, Agency Building 1, Empire State Plaza, Albany, NY 12239, as the certificate holder.

- b. Certificates of Insurance shall:
 - i. Be in the form acceptable to the Department and in accordance with the New York State Insurance Law (e.g., an ACORD certificate);
 - ii. Disclose any deductible, self-insured retention, aggregate limit or any exclusion to the policy that materially changes the coverage required by this Solicitation or any Contract resulting from this Solicitation;
 - iii. Be signed by an authorized representative of the insurance carrier of the referenced insurance carriers; and
 - iv. Contain the following language in the Description of Operations / Locations / Vehicles section of the Certificate or on a submitted endorsement as applicable: Additional insured protection afforded is on a primary and non-contributory basis. A waiver of subrogation is granted in favor of the additional insureds.
- c. Only original documents (Certificates of Insurance and any endorsements and other attachments) or electronic versions of the same that can be directly traced back to the insurer, agent or broker via e-mail distribution or similar means will be accepted.

The Department generally requires an Offeror to submit only certificates of insurance and additional insured endorsements, although the Department reserves the right to request other proof of insurance. An Offeror should refrain from submitting entire insurance policies, unless specifically requested by the Department. If an entire insurance policy is submitted but not requested, the Department shall not be obligated to review and shall not be chargeable with knowledge of its contents. In addition, submission of an entire insurance policy not requested by The Department does not constitute proof of compliance with the insurance requirements and does not discharge an Offeror from submitting the requested insurance documentation.

2. **Primary Coverage**

All liability insurance policies where the Department is required to be included as an additional insured, shall provide that the required coverage shall be primary and non-contributory to other insurance available to the Department and their

Appendix E Insurance Requirements

officers, agents, and employees. Any other insurance maintained by the Department and their officers, agents, and employees shall be excess of and shall not contribute with the Offeror's insurance. Insurance policies that remove or restrict blanket contractual liability located in the "insured contract" definition (as generally stated in Section V, Number 9, Item f in the Insurance Services Offices (ISO) Commercial General Liability (CGL) policy) so as to limit coverage against Claims that arise out of the work, or that remove or modify the "insured contract" exception to the employers liability exclusion, or that do not cover the Additional Insured for Claims involving injury to employees of the Named Insured or subcontractors, are not acceptable.

3. Breach for Lack of Proof of Coverage

The failure to comply with the requirements of this Attachment at any time during the term of any Contract resulting from this Solicitation shall be considered a breach of the terms of any Contract resulting from this Solicitation and shall allow the Department and their officers, agents, and employees to avail themselves of all remedies available under any Contract resulting from this Solicitation, at law or in equity.

4. Self-Insured Retention/Deductibles

Certificates of Insurance must indicate the applicable deductibles/self-insured retentions for each listed policy. Deductibles or self-insured retentions above \$100,000.00 are subject to approval from the Department. Such approval shall not be unreasonably withheld, conditioned or delayed. An Offeror shall be solely responsible for all claim expenses and loss payments within the deductibles or self-insured retentions. If the Offeror is providing the required insurance through self-insurance, evidence of the financial capacity to support the self-insurance program along with a description of that program, including, but not limited to, information regarding the use of a third-party administrator shall be provided upon request.

5. Subcontractors

Prior to the commencement of any work by a Subcontractor, the Offeror shall require such Subcontractor to procure policies of insurance as required by this section and maintain the same in force during the term of any work performed by that Subcontractor. An Additional Insured Endorsement (ISO coverage form CG 20 38 04 13), or the equivalent, evidencing such coverage shall be provided to the Offeror prior to the commencement of any work by a subcontractor and pursuant to the timelines set forth in Section 4.7(11), as applicable, and shall be provided to the Department upon request. For subcontractors that are self-insured, the subcontractor shall be obligated to defend and indemnify the above-named additional insureds with respect to Commercial General Liability and Business Automobile Liability, in the same manner that the subcontractor would

Appendix E Insurance Requirements

have been required to pursuant to this section had the subcontractor obtained such insurance policies.

6. Waiver of Subrogation

For all liability policies (except Professional Liability and Date Breach/Cyber Liability), the Offeror shall cause to be included in its policies insuring against loss, damage or destruction by fire or other insured casualty a waiver of the insurer's right of subrogation against the Department and their officers, agents, and employees, or, if such waiver is unobtainable (i) an express agreement that such policy shall not be invalidated if the Offeror waives or has waived before the casualty, the right of recovery against the Department and their officers, agents, and employees or (ii) any other form of permission for the release of the Department any entity authorized by law or regulation to use any Contract resulting from this Solicitation and their officers, agents, and employees. A Waiver of Subrogation Endorsement shall be provided upon request. A blanket Waiver of Subrogation Endorsement evidencing such coverage is also acceptable.

7. Additional Insured

The Offeror shall cause to be included in each of the liability policies (except Professional Liability and Date Breach/Cyber Liability) required below coverage for on-going and completed operations naming as additional insureds (via ISO coverage forms CG 20 10 04 13 or 20 38 04 13 and CG 20 37 04 13 and form CA 20 48 10 13, or a form or forms that provide equivalent coverage): the Department and their officers, agents, and employees. An Additional Insured Endorsement evidencing such coverage shall be provided to the Department pursuant to the timelines set forth in Section 11 below. A blanket Additional Insured Endorsement evidencing such coverage is also acceptable. For Offerors who are self-insured, the Offeror shall be obligated to defend and indemnify the above-named additional insureds with respect to Commercial General Liability and Business Automobile Liability, in the same manner that the Offeror would have been required to pursuant to this Attachment had the Contractor obtained such insurance policies.

8. Excess/Umbrella Liability Policies

Required insurance coverage limits may be provided through a combination of primary and excess/umbrella liability policies. If coverage limits are provided through excess/umbrella liability policies, then a Schedule of underlying insurance listing policy information for all underlying insurance policies (insurer, policy number, policy term, coverage and limits of insurance), including proof that the excess/umbrella insurance follows form must be provided upon request. Unrelated underlying policies included in the Schedule that are not required to meet the insurance requirements may be redacted from the Schedule.

Appendix E Insurance Requirements

9. Notice of Cancellation or Non-Renewal

Policies shall be written so as to include the requirements for notice of cancellation or non-renewal in accordance with the New York State Insurance Law. Within five (5) Business Days of receipt of any notice of cancellation or non-renewal of insurance, the Offeror shall provide the Department with a copy of any such notice received from an insurer together with proof of replacement coverage that complies with the insurance requirements of this Solicitation and any Contract resulting from this Solicitation.

10. Policy Renewal/Expiration

Upon policy renewal/expiration, evidence of renewal or replacement of coverage that complies with the insurance requirements set forth in this Solicitation and any Contract resulting from this Solicitation shall be delivered to the Department. If, at any time during the term of any Contract resulting from this Solicitation, the coverage provisions and limits of the policies required herein do not meet the provisions and limits set forth in this Solicitation or any Solicitation and any Contract resulting from this Solicitation, or proof thereof is not provided to the Department, the Offeror shall immediately cease work. The Offeror shall not resume work until authorized to do so by the Department.

11. Deadlines for Providing Insurance Documents after Renewal or Upon Request

As set forth herein, certain insurance documents must be provided to the Department contact identified in the Contract Award Notice after renewal or upon request. This requirement means that the Offeror shall provide the applicable insurance document to the Department as soon as possible but in no event later than the following time periods:

- b. For information on self-insurance or self-retention programs: 15 Calendar Days from request or renewal, whichever is later;

- 1.2 The Contractor’s obligations to perform under the Agreement shall not be affected or impaired by any reorganization, consolidation or merger to which the Contractor is, or may become, a party. In any such event, the Contractor shall continue to be bound by, and shall perform under, all terms and conditions set forth herein.

ARTICLE II: AGREEMENT DURATION AND AMENDMENTS

- 2.1 The term of the Contract will include an Implementation Period as referenced in section 3.1 in the RFP, and as determined by the awarded proposal, followed by an additional five years of service which will begin on the date approved by the OSC Bureau of Contracts and will continue for a period of up to 5 years after Implementation is completed.
