

DCS and NYSIF Prescription Drug Programs Enrollment by Zip Code & Geo Access Network Report File

(The file on this page is compressed in a Zip format to reduce file size)
(You will need to download and unzip the Excel Database file)

Enrollee counts by zip code and the associated GeoNetwork reporting format are accessible to all potential Offerors by clicking on the links, below:

Amended August 2, 2017

DCS:

[DCS Census for Geo --AMENDED 2.zip](#) (543,074 Records; The July 31, 2017, file was revised to indicate an "N" on 214 previously blank rows in Column G for Medicare Indicator) (Microsoft Excel format)

In Column G, "M" denotes Medicare members, "N" represents members who do not have Medicare (i.e., Commercial members). Please note that 214 previously blank rows in Column G now reflect "N" to designate no Medicare coverage.

Amended July 31, 2017

DCS:

~~[DCS Census for Geo--AMENDED.zip](#) (543,074 Records) (Microsoft Excel format)~~

~~[DCS Census for Geo.zip](#) (543,129 Records) (Microsoft Excel format)~~

NYSIF:

[NYSIF Census for Geo.zip](#) (120,657 Records) (Microsoft Excel format)

Note: The above files are compressed in a Zip format to reduce file size. Offerors will need to download and unzip the Excel files.
