Exhibit I.A Proposal Submission Requirement Checklist

NOTE: If financial statements have not been prepared and/or audited, the Offeror must provide the following as part of its Administrative Proposal a letter from a bank reference attesting to the Offeror's financial viability and creditworthiness. (Note: for purposes of this reference, the Offeror may not give as a reference, a parent or subsidiary company, a partner or an affiliate organization. For the purpose of this requirement, "affiliate" means an organization which, through stock ownership or any other affiliation, directly, indirectly, or constructively controls another organization, is controlled by another organization, or is, along with another organization, under the control of a common parent.) The letter must include the bank's name, address, contact person name and telephone number and it must address, at a minimum, the following items:

1. a brief description of the business relationship between the parties (i.e., the Offeror and the bank), including the duration of the relationship and the Offeror's current standing with the bank. For example: "*The Offeror is currently and has been for "x" number of years a client in good standing.*";

- ___ F. **Financial Protections and Transparency:** It is the goal of the Procuring Agencies to select an Offeror that provides clinically sound Program Services in a manner that aligns the financial interests of the Programs and the Offeror. The Procuring Agencies expect a commitment to full transparency which provides a level of confidence otherwise not present as undisclosed agreements with manufacturers and/or pharmacies can create real or perceived conflicts between the interests of the Programs and the Offeror. The receipt of revenue or other non-revenue considerations not related to the Programs' utilization from pharmaceutical manufacturers or other entities involved in the provision of drugs to Program Enrollees/Claimants is not a disqualifying factor provided the Offeror's business model protects the clinical and financial interests of the Programs and eliminates real or perceived conflicts of interests. Detailed disclosure of such relationships is necessary to fully evaluate the value of the Offeror's Proposal both for 2019 and for the remaining years of the agreement resulting from this RFP.

The Offeror may be required to submit documentation in support of any attestations made as part of this responsibility determination. The responsibility determination will assess, but not be limited to, the following:
