**Retain until July 1, 2024**

TO: Manual Recipients  
FROM: Jessica Rowe, Director of Staffing Services  
SUBJECT: Designation of Floating Holidays in Lieu of Election Day and Lincoln's Birthday for Contract Year 2021–2022

Floating holidays have been designated in lieu of fixed holidays for Election Day, 2021, and Lincoln's Birthday, 2022.

The guidelines and eligibility criteria applicable to these floating holidays are the same as those that governed Election Day, November 3, 2020 and Lincoln's Birthday, February 12, 2021 which were designated as floating holidays during contract year 2020–2021. **Because the floating holiday for Lincoln's Birthday 2022 falls on a Saturday, a day that is a pass day for many State employees, these guidelines provide additional details not normally contained in attendance and leave guidelines for floating holidays. We have bolded material which supplements that contained in previous floating holiday guidelines.**

State offices will be open on Election Day, November 2, 2021. **Lincoln's Birthday, February 12, 2022, falls on a Saturday when most State offices are closed.** Managerial/Confidential employees and employees in the Administrative Services, Institutional Services, Operational Services, Professional, Scientific and Technical Services, and Rent Regulation Services Units, who are eligible as described below, will on each of those dates receive credit for a holiday to be used on a date of their choice. The credit(s) for these two floating holidays will be carried as separate entries on time records and will not be merged with holiday leave or holiday compensatory time. Floating holiday credit may be charged in quarter-hour units (or smaller units pursuant to local agreements). Each floating holiday must be used by November 7, 2022, and February 11, 2023, respectively.

For employees in the above units, therefore, November 2, 2021 and February 12, 2022, will not be observed as holidays and are to be treated as regular workdays. An employee's status on November 2, 2021, and February 12, 2022, determines eligibility to be credited with a floating holiday for that day.

To be credited with a floating holiday, an employee must meet the following criteria:

- a. The employee must be otherwise eligible to observe holidays under the Attendance Rules and negotiated agreements;

- b. The employee must be in service on November 2 and/or February 12; that is, the employee must be in full pay status for any portion of their work shift on the date in order to earn a floating holiday for that day (for employees for whom these days are pass days, see below).

Employees are deemed to be in full pay status on November 2 and February 12 if, for any portion of their work shift on those days, they work, charge absence to leave credits, are on leave with full pay without charge to leave credits, or are treated as though they are on leave with full pay (e.g., paid military leave, jury leave, workers' compensation leave with full pay without charge to credits, Workers' Compensation Supplemental Pay Program or Workers' Compensation Statutory Benefit Program, the Professional, Scientific and Technical Services Medical Evaluation Program, or the M/C Workers' Compensation Program). Employees on sick leave at half-pay and employees on leave without pay for the entire day on November 2, 2021, and/or February 12, 2022 are not eligible to be credited with a floating holiday for that day.

Full-time employees for whom November 2 and/or February 12 are pass days are eligible to be credited with a floating holiday(s). Such employees must be in pay status on either their last work shift before their November 2 or February 12 pass day or their first work shift following that pass day in order to be credited with a floating holiday (i.e. employees do not have to be in pay status on both sides of the holiday/pass day to be credited with a floating holiday). Eligible employees are credited with a 7.5 or 8-hour floating holiday, as appropriate.

Eligible part-time employees are credited with a floating holiday if they are regularly scheduled to work or are directed to work on November 2, 2021 and/or February 12, 2022; they are credited with a floating holiday equivalent to the number of hours they are scheduled to work or actually do work on November 2, 2021, and/or February 12, 2022, (up to a maximum of 7.5 or 8 hours for each day). **In addition, certain part-time employees for whom Saturday is a pass day are eligible to be credited with a floating holiday if they meet the following criteria. Employees, in the Administrative, Institutional and Operational Services Units, Professional, Scientific and Technical Unit, Rent Regulation Services Unit and Managerial/Confidential employees who are regularly scheduled to work at least half-time, and who do not work on the floating holiday which falls on a Saturday but who are regularly scheduled to work on the Friday immediately preceding such Saturday floating holiday, shall be credited with holiday leave equivalent to the number of hours in the employee's regular Friday schedule (but not to exceed 7.5 or 8 hours).**

Subject to agency procedures for requesting time off, eligible employees may use their floating holiday beginning November 2, 2021 and ending with November 7, 2022, and beginning February 12, 2022 and ending with February 11, 2023, respectively.

This memorandum is not applicable to Institution Teachers and other employees subject to Section 136 of the Civil Service Law since such employees are not subject to the Attendance Rules. For those employees, the observance of holidays should be determined by the school calendar in effect in their facilities.
