1.63 (E) NEW YORK CITY DEPARTMENT OF CITYWIDE ADMINISTRATIVE SERVICES. Progress report on the New York City Department of Citywide Administrative Service's Provisional Reduction Plan.

The State Commission recognized the progress made by DCAS in reducing provisional appointments during the six months ending May 31, 2012, but noted that DCAS has missed its overall provisional reduction goal established for this point in the Plan. The State Commission also directed Commission staff to continue discussions with DCAS staff regarding the status of a revised Plan and request for a one-year extension of the Plan, which DCAS indicated it intends to submit.
