

Candidates may take the required qualifying physical ability test after receiving medical clearance to participate in the test. All elements are scored on a pass/fail basis and a candidate must safely pass all designated elements. If a candidate fails any element, the test will be immediately terminated. Retesting will be in accordance with EHS policy.

**ELEMENT I – Stair Climb Test**

The candidate must go up and down a flight of stairs one time.

**Fail:** Unable to go up and down the flight of stairs.

**ELEMENT II – Ladder Ascent**

The candidate must safely climb a vertical ladder to a height of approximately 10 feet (until the designated rung is touched). The candidate then must descend to the floor in a safe manner.

**Fail:** Unable to safely climb up/descend the ladder.
