Who is Eligible?

This section explains eligibility requirements for the NYSHIP SEHP coverage for you (the enrollee) and your dependents. You must be represented by the GSEU and enrolled for NYSHIP SEHP coverage to be eligible for benefits.

You, the enrollee

1. Graduate student employees eligible for an employer contribution under the NYSHIP SEHP are those who work at least one-half an assistantship and are employed at a stipend that would yield a total compensation of $4,002 or more for the contract year July 1, 2006 through June 30, 2007.

2. Employees who work at least one-half an assistantship but are hired mid-year will be eligible if they earn a stipend that would yield a total compensation equal to $4,002 or more when annualized from the July 1, 2006 through June 30, 2007 contract year.

3. A graduate student employee (and his/her dependents) currently enrolled in NYSHIP’s Empire Plan or a NYSHIP HMO as an employee of New York State, a Participating Employer or a Participating Agency is also eligible for coverage under the NYSHIP SEHP.

SUNY graduate student employee Visa holders

SUNY J1 Visa holders are not eligible to enroll in SEHP. They must enroll for coverage under the State University of New York Medical Insurance Program for International Students and Scholars subject to the coverage requirements of federal regulations.

SUNY F1 Visa holders who meet the eligibility requirement for an employer contribution must enroll in the NYSHIP SEHP. The State University may waive this requirement to enroll if the F1 visa holder can show proof of other coverage that, in the State University’s judgment, meets or exceeds the coverage provided by the NYSHIP SEHP.

Your dependents

The following dependents are eligible for coverage:

• Your spouse
  
  Your spouse, including a legally separated spouse, is eligible. If you are divorced or your marriage has been annulled, your former spouse is not eligible, even if a court orders you to maintain coverage. However, an ex-spouse may be eligible to purchase a contract under COBRA if a timely application is made (see page 3).

• Or your domestic partner
  
  You may cover your same or opposite sex domestic partner as your dependent. A domestic partnership, for eligibility under the Plan, is one in which you and your partner are 18 years of age or older, unmarried and not related in a way that would bar marriage. You must be living together, involved in a lifetime relationship and financially interdependent. At the time of application, you must have been in the partnership for six months. Agency Health Benefits Administrators have complete information on eligibility, enrollment procedures and coverage dates.

• Your child under age 19
  
  Your unmarried dependent children are eligible until they reach age 19. This includes your natural children, legally adopted children including children in a waiting period prior to finalization of adoption, and your dependent stepchildren. Other children who reside permanently with you in your household, who are chiefly dependent on you for support (30 percent or more) and for whom you have assumed legal responsibility in place of the parent are also eligible.

• Disabled child age 19 or over
  
  Your unmarried dependent children age 19 or over who are incapable of supporting themselves because of a mental or physical disability are eligible if the disability began before age 19. You must apply no more than 60 days after the child’s 19th birthday. You must provide medical documentation.

Questions?

If you have any questions concerning eligibility, please contact the agency Health Benefits Administrator on your campus, usually in the Human Resources (Personnel) office.

Enrollment and Effective Dates of Coverage

How to enroll

Eligible student employees may enroll as follows:

1. Within 45 days of first becoming eligible for coverage
2. During an annual open enrollment period, which is set by SUNY each year, usually from mid-August through late September
3. Upon involuntary loss of other coverage
4. At any time, with a 30-day waiting period before coverage begins

For domestic students (U.S. citizens and permanent residents), enrollment is optional except at campuses where health insurance coverage is mandated by the campus (e.g. University at Buffalo). See below for further information on mandatory enrollment. Your agency Health Benefits Administrator will give you benefit plan information. Your identification card(s) will be mailed to you after you have enrolled.

A student employee who does not enroll his/her dependents at the time of initial enrollment may do so within 30 days of one of the following “Qualifying Events”:

• Marriage
• Birth of a baby
• Employee becoming a child's legal guardian, step-parent, or adoptive parent
• Arrival of an eligible dependent in the United States
• Completion of the six-month waiting period for attainment of domestic partnership status
• Involuntary loss of other coverage

You are responsible for notifying your agency Health Benefits Administrator when you or your dependents are no longer eligible for coverage.

Mandatory enrollment of U.S. citizens and permanent residents at certain campuses

Domestic students at campuses where enrollment for health insurance coverage is mandated by the campus must enroll in the SEHP during the open enrollment or within 45 days of first becoming eligible, if they meet the eligibility requirements for an employer contribution and are not otherwise eligible to have the coverage requirement waived. Failure either to obtain a health insurance waiver or to enroll in the SEHP in a timely manner may result in the employee’s being automatically enrolled in the mandatory student health insurance program provided by the campus. The cost of the coverage provided by the campus would be paid entirely by the student.

No coverage during waiting period

Expenses incurred or services rendered during a waiting period will not be covered. Be sure to keep any other insurance you may have in effect, if possible, to cover expenses until your NYSHIP SEHP coverage becomes effective.
Summer enrollment

Eligible student employees who are employed and enrolled in the spring semester and are expected to return in the subsequent fall semester will be eligible for an employer contribution during the intervening summer. The employee’s department must verify that the employee is expected to return. Arrangements will be made to collect the employee portion of the NYSHIP SEHP contribution for the summer from the eligible employee prior to the end of the spring semester. Employees not enrolled during the spring semester may not enroll during the summer semester.

ID Cards; Provider Directory

New enrollees/dependents receive three identification cards: one for hospital, medical, surgical, mental health/substance abuse and prescription drug benefits; one for dental benefits; and one for vision benefits.

Your agency Health Benefits Administrator will give you a Participating Provider Directory listing medical/surgical providers, hospitals and mental health/substance abuse providers for NYSHIP’s Empire Plan enrollees. This directory also applies to NYSHIP SEHP enrollees except for references to the ID card and listings of cardiac rehabilitation centers. Network benefits for the NYSHIP SEHP are available to you when you receive medically necessary care from any provider who is under contract to United HealthCare or ValueOptions to provide services to Empire Plan enrollees. For the most current provider listing, you may search the Participating Provider Directory online at www.cs.state.ny.us. Click on Benefit Programs then NYSHIP Online, and choose your group, if prompted.

Cost

The State will contribute 90 percent of the cost of individual coverage and 75 percent of the additional cost for dependent coverage. You pay your share of the premium through biweekly paycheck deductions. See “Your Cost” on page 12 for the employee share of the premium for 2007.

Benefits after termination of coverage

If you are totally disabled (because of sickness or injury you cannot do your job or your dependent cannot do his or her usual duties) on the date coverage ends on your account, your health insurance plan will pay benefits for covered medical expenses for that total disability, on the same basis as if coverage had continued without change, until the day you are no longer totally disabled or 90 days after the day your coverage ended, whichever is earlier.

Appeals

If a claim for benefits payment or a request for precertification is denied in whole or in part, you have the right to begin an appeal process with the carrier. You must write to the carrier within 60 days after the claim payment date or the date of the notification of denial of benefits. After you have followed the carrier’s internal appeals process, under certain circumstances, you have the right to an External Appeal of a denial of coverage made on the basis that the service is not medically necessary or is an experimental or investigational treatment. You or your representative may appeal for review of that decision by an External Appeal Agent, an independent entity certified by the New York State Department of Insurance to conduct such appeals. You must file your request with the Insurance Department (1-800-400-8882) within 45 days of either the date upon which you receive written notification from a carrier that it has upheld a denial of coverage or the date upon which you receive a written waiver of an internal appeal.

When coverage ends

Your coverage in NYSHIP SEHP will end 28 days after the last day of the last payroll period worked, even if your identification card has a different termination date. Do not use your card after coverage ends. It is insurance fraud for an enrollee or dependent to use the card to obtain services after eligibility for coverage ends.

COBRA: Continuation of Coverage

If you wish to continue NYSHIP SEHP benefits after your employment-based eligibility ends, you and your covered dependents have the right to elect COBRA within 60 days of your last day of coverage. Employees receive a COBRA application automatically when employment ends. Dependents may enroll in COBRA by writing to the Employee Benefits Division.

Conversion Contracts

If your employment with SUNY in a benefits-eligible position ends, or your dependent loses eligibility, you/your dependent will be entitled to direct-pay conversion contracts after NYSHIP coverage ends or after COBRA coverage in NYSHIP is exhausted. You do not need to provide evidence of insurability. The benefit package and premium costs for direct-pay conversion contracts will differ from what you have had under NYSHIP. Contact Empire BlueCross BlueShield and United HealthCare for information. You will have 90 days from the date NYSHIP coverage ends to apply for conversion coverage.

Certain drugs are excluded from this requirement. You pay only the applicable copayment for these brand-name drugs with generic equivalents: Coumadin, Dilantin, Lanoxin, Levothroid, Mysoline, Premarin, Synthroid and Tegretol. You have coverage for prescriptions for more than a 30-day supply only at the mail service pharmacy. Oral contraceptives are covered as brand or generic. If you do not use a Caremark/Empire Plan network pharmacy, you must submit a claim to the Prescription Drug Program. If your prescription was filled with a generic drug or a brand-name drug with no generic equivalent, you will be reimbursed up to the amount the program would reimburse a network pharmacy for that prescription. If your prescription was filled with a brand-name drug that has a generic equivalent, you will be reimbursed up to the amount the program would reimburse a network pharmacy for filling the prescription with that drug’s generic equivalent. In most cases, you will not be reimbursed the total amount you paid for the prescription.
Services not covered under the SEHP include, but are not limited to, the following:

- expenses in excess of $100,000 (non-network benefits); in excess of $350,000 (network and non-network combined); and prescription drugs in excess of $2,500 (network and non-network combined);
