SUBJECT: Action/Reason Codes for Disabled Dependent and Other Children Recertification End Dates

DATE: March 11, 2011

New NYBEAS action/reason codes have been created to address disability end dates for temporarily disabled dependents and certification end dates for other children. The new action/reason codes will be made available mid-March.

#### Action Reason Codes for Disabled Dependents

Disabled dependents are certified as having a permanent disability or a temporary disability. All dependent children certified with a temporary disability have a disability end date in NYBEAS that reflects the end date of the certification of the temporary disability. If the temporary disability end date is not extended then the dependent will be removed from NYSHIP coverage the first day of the following month following the disability end date. Once the disability end date is reached the new action/reason codes can be used to delete the dependent as of their disability end date (DEP/DIS) or if the disabled dependent is the last dependent then a new change of coverage transaction (CCO/DIS) can be processed. The new action/reasons are as follows:

NYBEAS Panel	Action / Reason	Description	Date of Event/Request	Effective Date Rules
Benefits > Transactions > Dependent Delete	DEP/DIS	<b>Medical – Dependent child is 26 or older:</b>  Dependent child's disability end date has been reached and is no longer eligible to continue coverage as a dependent  <b>Dental/Vision Only:</b> Dependent child's disability end date has been reached and is no longer eligible to continue coverage as a dependent	Date of event = end of month of temporary disability end date	<b>Medical/ Dental/Vision:</b> Effective date = 1st day of the month following the date of event
Benefits >	CCO/DIS	<b>Medical – Dependent child</b>	Date of event = end	<b>Medical/ Dental/Vision:</b>

Transactions > Change Coverage		<b>is 26 or older:</b>  Dependent child's disability end date has been reached and is no longer eligible to continue coverage as a dependent  <b>Dental/Vision Only:</b> Dependent child's disability end date has been reached and is no longer eligible to continue coverage as a dependent	of month of temporary disability end date	Effective date = 1st day of the month following the date of event
--------------------------------------	--	--	---	---

### Action Reason Codes for Other Children

An other child's status must be recertified before the end date is reached for the other child to continue to be eligible for NYSHIP coverage. If it is not reestablished the other child will be removed from NYSHIP coverage effective the next day following the recertification end date. Once the recertification end date is reached the new action/reason codes can be used to delete the dependent as of their recertification end date (DEP/RCT) or if the dependent is the last dependent then a new change of coverage transaction (CCO/RCT) can be processed. The new action/reasons are as follows:

NYBEAS Panel	Action / Reason	Description	Date of Event/Request	Effective Date Rules
Benefits > Transactions > Dependent Delete	DEP/RCT	<b>Medical/Dental/Vision</b> Other dependent child's recertification end date has been reached and is no longer eligible to continue coverage as a dependent	Date of event = date of recertification end date	<b>Medical/Dental/Vision:</b> Effective date = 1 <sup>st</sup> day following the date of event
Benefits > Transactions > Change Coverage	CCO/RCT	<b>Medical/Dental/Vision</b> Other dependent child's recertification end date has been reached and is no longer eligible to continue coverage as a dependent	Date of event = date of recertification end date	<b>Medical/Dental/Vision:</b> Effective date = 1st day following the date of event

Medical coverage for a dependent child will be deleted at the end of the month in which a dependent child turns 26. Dental and vision coverage will be deleted at the end of the month in which a dependent child turns 25, as long as the dependent is a full-time student.

If you have any questions regarding the new action reason codes, please contact your EBD processor.
