VDSA Instructions

As an HBA, you can view your agency's VDSA data in NYBEAS under **Benefits > CMS/RDS Data > VDSA Query Only**. You can use an enrollee's or dependent's Social Security Number (SSN), their Medicare Beneficiary Identifier (MBI) or an enrollee's EmplID to search for someone's VDSA information. Searching with an SSN or MBI will bring up that specific person's information only; however, searching by EmplID will bring up information for the enrollee and any covered dependent(s).
