What's New

The following September 1, 2014 changes are the result of the recent agreement between the State and employees represented by DC-37:

- **Combined Annual Deductible** for the Basic Medical Program and non-network coverage under the Home Care Advocacy Program and Mental Health and Substance Abuse Program increases to \$1,000 (\$500 per calendar year for employees in or equated to salary grade six or below) for services received on or after September 1, 2014. Amounts credited to the 2014 deductible for services received prior to September 1 will count toward satisfying the higher deductible.
- **Combined Annual Coinsurance Maximum** for the Basic Medical Program and non-network coverage under the Hospital Program and Mental Health and Substance Abuse Program increases to \$3,000 (\$1,500 per calendar year for employees in or equated to salary grade six or below) for services received on or after September 1, 2014. Amounts credited toward the 2014 coinsurance maximum for services received prior to September 1 will count toward satisfying the higher coinsurance maximum.
- **Federal Health Care Reform** – To comply with the federal Patient Protection and Affordable Care Act (PPACA):
 - Certain covered preventive care services are paid in full when received from a participating provider or at a network hospital.
 - In a medical emergency, nonparticipating specialty provider charges considered under the Basic Medical Program are subject to deductible, but not coinsurance.
 - In accordance with PPACA, enhanced women's health care benefits, including various preventive services, contraceptive methods and maternity-related screenings are now paid in full when received from a participating provider or at a network hospital.
- **New to You Prescription Program** – For certain maintenance medications, at least two 30-day supplies must be filled using your Empire Plan Prescription Drug Program benefits before a supply greater than 30 days will be covered.
- **Convenience Care Clinics** – Health clinics in fixed locations in retail stores, supermarkets and pharmacies that provide a range of services including treatment of uncomplicated minor illness and preventive health care services. Covered services rendered at a participating convenience care clinic will be subject to the applicable office copayment.

- **Licensed Nurse Practitioners** – The participating provider network has expanded to include licensed and certified nurse practitioners.

Quick Reference

The Empire Plan is a comprehensive health insurance program for New York's public employees and their families. The Plan has four main parts:

1 Hospital Program

administered by Empire BlueCross BlueShield

Provides coverage for inpatient and outpatient services provided by a hospital, skilled nursing facility and hospice care. Includes the Centers of Excellence for Transplants Program. Also provides inpatient Benefits Management Program services, including preadmission certification of hospital admissions and admission or transfer to a skilled nursing facility, concurrent reviews, discharge planning, inpatient Medical Case Management and the Empire Plan Future Moms Program.

Services provided by Empire HealthChoice Assurance, Inc., a licensee of the BlueCross and BlueShield Association, an association of independent BlueCross and BlueShield plans.

2 Medical/Surgical Program

administered by UnitedHealthcare

Provides coverage for medical services, such as office visits, surgery and diagnostic testing under the Participating Provider and Basic Medical and Basic Medical Provider Discount Programs. Coverage for physical therapy and chiropractic care is provided through the Managed Physical Medicine Program.

Also provides coverage for home care services, durable medical equipment and certain medical supplies through the Home Care Advocacy Program (HCAP); the Prosthetics/Orthotics Network; Centers of Excellence Programs for Infertility and Cancer; and Benefits Management Program services including Prospective Procedure Review for MRI, MRA, CT, PET scan, Nuclear Medicine tests, Voluntary Specialist Consultant Evaluation services and outpatient Medical Case Management.

3 Mental Health and Substance Abuse Program

administered by ValueOptions

Provides coverage for inpatient and outpatient mental health and substance abuse services. Also provides preadmission certification of inpatient and outpatient services, concurrent reviews, case management and discharge planning.

4 Prescription Drug Program

administered by CVS Caremark

Provides coverage for prescription drugs dispensed through Empire Plan network pharmacies, the mail order pharmacy, the specialty pharmacy and non-network pharmacies.

Preventive Care Services

The federal Patient Protection and Affordable Care Act (PPACA) requires coverage for a set of preventive care services at no cost to you when you receive the services in-network. The paid-in-full benefit applies when you meet established criteria (such as age, gender and risk factors) for a preventive service.

Therefore, certain services received from an Empire Plan participating provider or network hospital will be paid at 100 percent (not subject to copayment).

Preventive care services subject to the PPACA requirements include bone density tests, colonoscopies, mammograms, pap smears, proctosigmoidoscopies and sigmoidoscopies, certain immunizations and certain preventive care and screenings for infants, children, adolescents and adults. This is not the complete list of preventive screenings and services.

For further information on PPACA preventive care services and criteria for paid-in-full coverage, visit www.hhs.gov/healthcare/rights/preventive-care.

to ensure the highest level of benefits

Call The Empire Plan toll free at **1-877-7-NYSHIP (1-877-769-7447)** and choose the Mental Health and Substance Abuse Program before seeking services from a covered mental health or substance abuse provider, including treatment for alcoholism. **The ValueOptions Clinical Referral Line is available 24 hours a day, every day of the year.** By following the Program requirements for network coverage, you will receive the highest level of benefits. In an emergency, go to the nearest hospital emergency room. You or your designee must call the Mental Health and Substance Abuse Program within 48 hours of an admission for emergency care or as soon as reasonably possible.

Program requirements apply even if Medicare or another health plan is primary.

Up to a 30-day supply of a covered drug from a Network Pharmacy, through the Mail Order Pharmacy or through a designated Specialty Pharmacy	31- to 90-day supply of a covered drug from a Network Pharmacy	31- to 90-day supply of a covered drug through the Mail Order Pharmacy or designated Specialty Pharmacy
Level 1 Drugs or for most Generic Drugs.....\$5	Level 1 Drugs or for most Generic Drugs.....\$10	Level 1 Drugs or for most Generic Drugs.....\$5
Level 2, Preferred Drugs or Compound Drugs\$25	Level 2, Preferred Drugs or Compound Drugs\$50	Level 2, Preferred Drugs or Compound Drugs\$50
Level 3 or Non-preferred Drugs\$45	Level 3 or Non-preferred Drugs\$90	Level 3 or Non-preferred Drugs\$90

Note: Oral chemotherapy drugs for the treatment of cancer do not require a copayment. In addition, generic oral contraceptive drugs and devices or brand-name drugs/devices without a generic equivalent (single-source brand-name drugs/devices) do not require a copayment.

If you choose to purchase a covered brand-name drug that has a generic equivalent, you will pay the Level 3 non-preferred drug copayment plus the difference in cost between the brand-name drug and the generic (ancillary charge), not to exceed the full retail cost of the covered drug, unless the brand-name drug has been placed on Level 1 of the Empire Plan Flexible Formulary. Certain covered drugs are excluded from this requirement. You pay only the applicable copayment for these covered Level 3 brand-name drugs with generic equivalents: Coumadin, Dilantin, Lanoxin, Levothroid, Mysoline, Premarin, Synthroid, Tegretol and Tegretol XR. One copayment covers up to a 90-day supply.

You have coverage for prescriptions of up to a 90-day supply at all Network, Non-Network and Mail Order Pharmacies. Prescriptions may be refilled for up to one year.

New to You Prescriptions Program – Certain maintenance medications require at least two 30-day supplies to be filled using your Empire Plan Prescription Drug Program benefits before a supply for greater than 30 days will be covered. If you attempt to fill a prescription for a maintenance medication for more than a 30-day supply at a Network or Mail Order Pharmacy, the last 180 days of your prescription history will be reviewed to determine whether at least 60 days’ worth of the drug has been previously dispensed. If not, only a 30-day fill will be approved.

Flexible Formulary

The Empire Plan Prescription Drug Program has a Flexible Formulary for prescription drugs. The Empire Plan Flexible Formulary drug list is designed to provide enrollees and the Plan with the best value in prescription drug spending.

This is accomplished by:

- Excluding coverage for certain brand-name or generic drugs, if the drug has no clinical advantage over other covered medications in the same therapeutic class.
- Placing a brand-name drug on Level 1 or excluding or placing a generic drug on Level 3, subject to the appropriate copayment. These placements may be revised mid-year when such changes are advantageous to The Empire Plan. Enrollees will be notified in advance of such changes.
- Applying the highest copayment to non-preferred drugs that provide no clinical advantage over two or more Level 1 drug alternatives in the same therapeutic class. This may result in no Level 2 brand-name drugs.

Flexible Formulary, continued

Certain drugs have been added to the list of drugs excluded from coverage under the 2014 Empire Plan Flexible Formulary. A list of suggested alternatives to these excluded drugs, along with a complete list of all excluded drugs, is available online. Visit the New York State Department of Civil Service web site at <https://www.cs.ny.gov>. Select Benefit Programs, then NYSHIP Online and follow the prompts to the NYSHIP Online homepage. On the NYSHIP Online homepage, select Using Your Benefits and then 2014 Empire Plan Flexible Formulary.

New prescription drugs may be subject to exclusion when they first become available on the market. Check the web site for current information regarding exclusions of newly launched prescription drugs. Coverage for prescription drugs excluded under the benefit plan design are not subject to exception. This includes prescription medications excluded from coverage under the Empire Plan Flexible Formulary.

Newly Excluded Drugs for 2014

A list of newly excluded drugs for 2014 is included in the 2014 Empire Plan Flexible Formulary Drug List.

An excluded drug is not subject to any type of appeal or coverage review, including a medical necessity appeal.
