Quick Reference

The Empire Plan is a comprehensive health insurance program for New York's public employees and their families. The Plan has four main parts:

(1) Hospital Program **insured and administered by** **Empire BlueCross BlueShield**

Provides coverage for inpatient and outpatient services provided by a hospital, skilled nursing facility and hospice care. Includes the Centers of Excellence for Transplants Program. Also provides inpatient Benefits Management Program services, including preadmission certification of hospital admissions and admission or transfer to a skilled nursing facility, concurrent reviews, discharge planning, inpatient Medical Case Management and The Empire Plan Future Moms Program.

Services provided by Empire HealthChoice Assurance, Inc., a licensee of the BlueCross and BlueShield Association, an association of independent BlueCross and BlueShield plans.

(2) Medical/Surgical Program **insured and administered by UnitedHealthcare**

Provides coverage for medical services, such as office visits, surgery and diagnostic testing under the Participating Provider, Basic Medical and Basic Medical Provider Discount Programs. Coverage for physical therapy and chiropractic care is provided through the Managed Physical Medicine Program.

Also provides: coverage for home care services, durable medical equipment and certain medical supplies through the Home Care Advocacy Program (HCAP); the Prosthetics/Orthotics Network; Centers of Excellence Programs for Infertility and Cancer; and Benefits Management Program services including Prospective Procedure Review for MRI, MRA, CT, PET scan, and Nuclear Medicine tests, Voluntary Specialist Consultant Evaluation services and outpatient Medical Case Management.

(3) Mental Health and Substance Abuse Program **insured by UnitedHealthcare and administered by** **OptumHealth Behavioral Solutions (OptumHealth)**

Provides coverage for inpatient and outpatient mental health and substance abuse services. Also provides preadmission certification of inpatient and outpatient services, concurrent reviews, case management and discharge planning.

(4) Prescription Drug Program **insured and administered by UnitedHealthcare**

Provides coverage for prescription drugs dispensed through Empire Plan network pharmacies, the mail service pharmacy, the specialty pharmacy and non-network pharmacies.

UnitedHealthcare utilizes the administrative and mail distribution services of Medco Health Services, Inc. (Medco) for services including the retail pharmacy network, mail service pharmacy and specialty pharmacy.

Preventive Care Services

This publication reflects the coverage changes for your benefit plan as required under the federal Patient Protection and Affordable Care Act (PPACA). Among the PPACA provisions is a requirement to cover certain in-network preventive care services without enrollee cost sharing. As required by PPACA, certain services received from an Empire Plan participating provider or network hospital will be paid at 100% (not subject to copayment).

Preventive care services covered under PPACA with no copayment at a network hospital or from a participating provider include: bone density tests, colonoscopies, mammograms, pap smears, certain immunizations and certain preventive care and screenings for infants, children, adolescents and adults. This is not the complete list of preventive screenings and services.

For further information on preventive services, visit www.healthcare.gov.

Benefits Management Program

for preadmission certification

If The Empire Plan is primary for you or your covered dependents:

You must call The Empire Plan toll free at **1-877-7-NYSHIP (1-877-769-7447)** and choose the Hospital Program:

- Before a scheduled (non-emergency) hospital admission.
- Before a maternity hospital admission. Call as soon as a pregnancy is certain.
- Within 48 hours, or as soon as reasonably possible, after an emergency or urgent hospital admission.

If you do not call, a \$200 penalty will be applied to the charges if it is determined that your hospitalization is medically necessary. If Empire BlueCross BlueShield does not certify the hospitalization, you will be responsible for the entire cost of care determined not to be medically necessary.

- Before admission or transfer to a skilled nursing facility. If the admission or transfer to a skilled nursing facility is determined not to be medically necessary, you will be responsible for the entire cost.

Empire BlueCross BlueShield also provides concurrent review, discharge planning, inpatient Medical Case Management and the Empire Plan Future Moms Program.

for Prospective Procedure Review

If The Empire Plan is primary for you or your covered dependents:

You must call The Empire Plan toll free at **1-877-7-NYSHIP (1-877-769-7447)** and choose the Medical Program before having a scheduled (non-emergency) Magnetic Resonance Imaging (MRI), Magnetic Resonance Angiography (MRA), Computerized Tomography (CT), Positron Emission Tomography (PET) scan or a Nuclear Medicine test unless you are having the test as an inpatient in a hospital. If you do not call, you will pay a large part of the cost. If the test or procedure is determined not to be medically necessary, you will be responsible for the entire cost.

UnitedHealthcare helps coordinate Voluntary Specialist Consultant Evaluation services and outpatient Medical Case Management for serious conditions.

Non-Network Pharmacy

If you do not use a Network Pharmacy, or if you pay cash at a Network Pharmacy, you must submit a claim for reimbursement to The Empire Plan Prescription Drug Program, c/o Medco, P.O. Box 14711, Lexington, KY, 40512. If your prescription was filled with a generic drug or a covered brand-name drug with no generic equivalent, you will be reimbursed up to the amount the program would reimburse a network pharmacy for that prescription. If your prescription was filled with a covered brand-name drug that has a generic equivalent, you will be reimbursed up to the amount the program would reimburse a network pharmacy for filling the prescription with that drug's generic equivalent unless the brand-name drug has been placed on Level 1 of the Flexible Formulary. In most cases, you will not be reimbursed the total amount you paid for the prescription.

Federal Health Care Reform

Non-Grandfathered Health Plan

Your Empire Plan benefit package is no longer a "grandfathered" plan under the Patient Protection and Affordable Care Act (PPACA) signed into law March 30, 2010. This means that your Empire Plan benefits reflect changes as required by the federal health care reform of 2010 according to the Act's implementation timetable. Your status as a non-grandfathered health plan began January 1, 2011.

This document provides a brief look at Empire Plan benefits for Active and Retired enrollees of Participating Employers. Copayments

You have the following copayments for drugs purchased from a Network Pharmacy or through the Mail Service Pharmacy or designated Specialty Pharmacy.

Level 3 or Non-preferred Drugs.....	\$45

Level 3 or Non-preferred Drugs.....	\$90

31- to 90-day supply of a covered drug through the Mail Service Pharmacy or designated Specialty Pharmacy

Level 1 Drugs or for most Generic Drugs.....	\$5
Level 2, Preferred Drugs or Compound Drugs	\$50
Level 3 or Non-preferred Drugs.....	\$90

Note: Oral chemotherapy drugs for the treatment of cancer do not require a copayment.

Copayments, continued

If you choose to purchase a covered brand-name drug that has a generic equivalent, you will pay the Level 3 non-preferred drug copayment plus the difference in cost between the brand-name drug and the generic (ancillary charge), not to exceed the full retail cost of the covered drug, unless the brand-name drug has been placed on Level 1 of the Flexible Formulary. Certain covered drugs are excluded from this requirement. You pay only the applicable copayment for these covered brand-name drugs with generic equivalents: Coumadin, Dilantin, Lanoxin, Levothroid, Mysoline, Premarin, Synthroid, Tegretol and Tegretol XR. One copayment covers up to a 90-day supply.

You have coverage for prescriptions of up to a 90-day supply at all network, non-network and mail service pharmacies. Prescriptions may be refilled for up to one year.

Flexible Formulary

The Empire Plan Prescription Drug Program has a flexible formulary for prescription drugs. The Empire Plan Flexible Formulary drug list is designed to provide enrollees and the Plan with the best value in prescription drug spending. This is accomplished by:

- Excluding coverage for certain brand-name or generic drugs, if the drug has no clinical advantage over other covered medications in the same therapeutic class.
- Placing a brand-name drug on Level 1 or excluding or placing a generic drug on Level 3, subject to the appropriate copayment. These placements may be revised mid-year when such changes are advantageous to The Empire Plan. Enrollees will be notified in advance of such changes.
- Applying the highest copayment to non-preferred drugs that provide no clinical advantage over two or more Level 1 drug alternatives in the same therapeutic class. This may result in no Level 2 brand-name drugs.

Certain drugs have been added to the list of drugs excluded from coverage under the 2012 Empire Plan Flexible Formulary. A list of accepted alternatives to these excluded drugs, along with a complete list of all excluded drugs, is available online. Visit the New York State Department of Civil Service web site at <https://www.cs.ny.gov>. Click on Benefit Programs and follow the prompts to access NYSHIP Online. On the NYSHIP Online home page, select Using Your Benefits and then 2012 Empire Plan Flexible Formulary.

New prescription drugs may be subject to exclusion when they first become available on the market. Check the web site for current information regarding exclusions of newly launched prescription drugs. Coverage for prescription drugs excluded under the benefit plan design are not subject to exception. This includes prescription medications excluded from coverage under the Empire Plan Flexible Formulary.
