Quick Reference

The Empire Plan is a comprehensive health insurance program for New York's public employees and their families. The Plan has four main parts:

Medical/Surgical Program

administered by UnitedHealthcare

Provides coverage for medical services, such as office visits, convenience care clinics, surgery and diagnostic testing under the Participating Provider, Basic Medical and Basic Medical Provider Discount Programs. See *Contact Information* on page 19.

Benefits Management Program

The Empire Plan Benefits Management Program helps to protect the enrollee and allows the Plan to continue to cover essential treatment for patients by coordinating care and avoiding unnecessary services. The Benefits Management Program precertifies inpatient medical admissions and certain procedures, assists with discharge planning and provides inpatient and outpatient medical case management. In order to receive maximum benefits under the Plan, following the Benefits Management Program requirements – including obtaining precertification for certain services – is required when The Empire Plan is your primary coverage (pays first, before another health plan or Medicare).

YOU MUST CALL for preadmission certification

If The Empire Plan is primary for you or your covered dependents, you must call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and choose the Hospital Program (administered by Empire BlueCross BlueShield):

- Before a scheduled (nonemergency) hospital admission, skilled nursing facility admission/transfer or transplant surgery.[†]
- Before a maternity hospital admission.[†] Call as soon as a pregnancy is certain.
- Within 48 hours, or as soon as reasonably possible, after an emergency or urgent hospital admission.[†]

If you do not call and the Hospital Program does not certify the hospitalization, you will be responsible for the entire cost of care determined not to be medically necessary.

[†] These services are subject to a \$200 penalty if the hospitalization is determined to be medically necessary, but not precertified.

Other Benefits Management Program services provided by the Hospital Program include:

- Concurrent review of hospital inpatient treatment
- Discharge planning for medically necessary services post-hospitalization
- Inpatient medical case management for coordination of covered services for certain catastrophic and complex cases that may require extended care
- The Empire Plan Future Moms Program for early risk identification

YOU MUST CALL for Prospective Procedure Review

If The Empire Plan is primary for you or your covered dependents, you must call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and choose the Medical/Surgical Program (administered by UnitedHealthcare) before receiving the following scheduled (nonemergency) diagnostic tests:

- Magnetic resonance imaging (MRI)
- Magnetic resonance angiography (MRA)
- Computerized tomography (CT) scan
- Positron emission tomography (PET) scan
- Nuclear medicine test

Precertification is required unless you are having the test as an inpatient in a hospital. If you do not call, you will pay a larger part of the cost. If the test or procedure is determined not to be medically necessary, you will be responsible for the entire cost.

Other Benefits Management Program services provided by the Medical/Surgical Program include:

- Coordination of voluntary specialist consultant evaluation
- Outpatient medical case management for coordination of covered services for certain catastrophic and complex cases that may require extended care

Be sure to review the Benefits Management Program section of your *Empire Plan Certificate* and subsequent *Certificate Amendments* for complete information on the program's services and requirements.

Out-Of-Pocket Costs

In-network Out-of-Pocket Limit

As a result of the federal Patient Protection and Affordable Care Act provisions, there is a limit on the amount you will pay out of pocket for in-network services/supplies received during the plan year.

Out-of-Pocket Limit: The amount you pay for network services/supplies is capped at the out-of-pocket limit. Network expenses include copayments you make to providers, facilities and pharmacies (network expenses do not include premiums, deductibles or coinsurance). Once the out-of-pocket limit is reached, network benefits are paid in full.

Beginning January 1, 2019, the out-of-pocket limits for in-network expenses are as follows:

Individual Coverage

- \$5,150 for in-network expenses incurred under the Hospital, Medical/Surgical and Mental Health and Substance Abuse Programs
- \$2,750 for in-network expenses incurred under the Prescription Drug Program*

Family Coverage

- \$10,300 for in-network expenses incurred under the Hospital, Medical/Surgical and Mental Health and Substance Abuse Programs
- \$5,500 for in-network expenses incurred under the Prescription Drug Program*

** Does not apply to Medicare-primary enrollees or Medicare-primary dependents. Refer to your Empire Plan Medicare Rx documents for information about your out-of-pocket expenses.*

Out-of-Network Combined Annual Deductible

The combined annual deductible is \$1,000 for the enrollee, \$1,000 for the enrolled spouse/domestic partner and \$1,000 for all dependent children combined. Each deductible amount will be reduced to \$500 per calendar year for employees in titles equated to salary grade level six or below as of January 1, 2019.

The combined annual deductible must be met before Basic Medical Program expenses, non-network expenses under the Home Care Advocacy Program and outpatient, non-network expenses under the Mental Health and Substance Abuse Program will be considered for reimbursement.

Combined Annual Coinsurance Maximum

The combined annual coinsurance maximum is \$3,000 for the enrollee, \$3,000 for the enrolled spouse/domestic partner and \$3,000 for all dependent children combined. Each coinsurance maximum will be reduced to \$1,500 per calendar year for employees in titles equated to salary grade level six or below as of January 1, 2019.

Coinsurance amounts incurred for non-network Hospital Program coverage, Basic Medical Program coverage and non-network Mental Health and Substance Abuse Program coverage count toward the combined annual coinsurance maximum. Copayments to Medical/Surgical Program participating providers and to Mental Health and Substance Abuse Program network practitioners also count toward the combined annual coinsurance maximum. (**Note:** Copayments made to network facilities do not count toward the combined annual coinsurance maximum.)

Preventive Care Services

Your Empire Plan benefits include provisions for expanded coverage of preventive health care services required by the federal Patient Protection and Affordable Care Act.

When you meet established criteria (such as age, gender and risk factors) for certain preventive care services, those preventive services are provided to you at no cost when you use an Empire Plan participating provider or network facility. See the *2019 Empire Plan Preventive Care Coverage Chart* for examples of covered services.

For further information, visit www.hhs.gov/healthcare/rights/preventive-care.

Center Of Excellence Programs

For further information on any of the programs listed below, refer to your *Empire Plan Certificate* and the publication *Reporting On Center of Excellence Programs*. In some cases, a travel, lodging and meal allowance may be available. If you do not use a Center of Excellence, benefits are provided in accordance with Hospital and/or Medical/Surgical Program coverage.

If a transplant is authorized but you do not use a designated Center of Excellence, benefits will be provided in accordance with Hospital and/or Medical/Surgical Program coverage.

Note: Transplant surgery preauthorization is required whether or not you choose to participate in the Center of Excellence for Transplants Program.

To enroll in the Program and receive these benefits, The Empire Plan must be your primary coverage.

Reimbursement for lodging and meals will be limited to the U.S. General Services Administration per diem rate. Reimbursement for automobile mileage

Medical/Surgical Program Benefits for Physician/Provider Services Received in a Hospital Inpatient or Outpatient Setting

When you receive covered services from a physician or other provider in a hospital, and those services are billed by the provider (not the facility), the following Medical/Surgical Program benefits apply:

Participating Provider Program

Covered services are paid in full when the provider participates in The Empire Plan network.

Basic Medical Program

If you receive covered radiology, anesthesiology or pathology services in connection with covered inpatient or outpatient services at an Empire Plan network hospital and The Empire Plan provides your primary coverage, covered charges billed separately by the anesthesiologist, radiologist and pathologist will be paid in full by the Medical/Surgical Program. Services provided by other nonparticipating providers are subject to deductible and coinsurance.

Emergency care in a hospital emergency department is covered as follows:

- An attending emergency department physician is paid in full
- Evaluation and management emergency care billed by an attending emergency department physician is paid in full
- Participating or nonparticipating providers who administer or interpret radiological exams, laboratory tests, electrocardiogram exams and/or pathology are paid in full
- Other participating providers are paid in full

The Empire Plan provides additional protections to limit out-of-pocket expenses for patients who receive services from nonparticipating (non-network) providers at a network facility without their knowledge. See *Out-of-Network Reimbursement Disclosures* or contact the Medical/Surgical Program for more information.

Medical/Surgical Program

**PRESS
OR SAY 1**

Call The Empire Plan at 1-877-7-NYSHIP (1-877-769-7447)
and press or say 1 to reach the Medical/Surgical Program

The Medical/Surgical Program covers services received from a physician or other practitioner licensed to provide medical/surgical services. It also covers services received from facilities not covered under the Hospital Program, such as outpatient surgical centers, imaging centers, laboratories, cardiac rehabilitation centers, urgent care centers and convenience care clinics. Services and supplies must be covered and medically necessary, as defined in the current version of your *Empire Plan Certificate* or as amended in subsequent *Certificate Amendments*. Call the Medical/Surgical Program if you have questions about coverage, benefits or the status of a provider.

Participating Provider Program

The Participating Provider Program provides medical/surgical benefits for services/supplies received from a provider that participates in The Empire Plan network.

When you receive covered services from a participating provider, you pay only applicable copayments. Women's health care services, many preventive care services and certain other covered services are paid in full (see pages 9-11).

The Plan does not guarantee that participating providers are available in all specialties or geographic locations.

Guaranteed Access

The Empire Plan will guarantee access to Participating Provider Program benefits for primary care providers and certain specialists when there are no Empire Plan participating providers within a reasonable distance from the enrollee's residence. This benefit is available in New York State and counties in Connecticut, Massachusetts, New Jersey, Pennsylvania and Vermont that share a border with New York State. To receive this benefit:

- The Empire Plan must provide your primary health coverage (pays first, before another health plan or Medicare).
- You must contact the Medical/Surgical Program prior to receiving services and use one of the providers approved by the Program.
- You must contact the provider to arrange care. Appointments are subject to provider's availability, and the Program does not guarantee that a provider will be available in a specified time period.

For information about the mileage standards used to define reasonable distance and the primary care providers and core specialties included in this benefit, call the Medical/Surgical Program or go to NYSHIP Online at www.cs.ny.gov/employee-benefits. Enter your group and plan if prompted, select Health Benefits & Option Transfer and then Empire Plan Health Insurance Certificate. Guaranteed access provisions can be found in the *Empire Plan Certificate* under *Participating Provider Program* in *Section III: The Empire Plan Medical/Surgical Program Certificate of Insurance*.

The Empire Plan provides additional protections to ensure enrollees have access to primary care and specialty providers. See *Out-of-Network Reimbursement Disclosures* or contact the Medical/Surgical Program for more information.

Basic Medical Program

The Basic Medical Program provides benefits for services/supplies received from a provider that does not participate in The Empire Plan network. Your out-of-pocket costs are higher when you use a nonparticipating provider.

Combined annual deductible: The combined annual deductible must be satisfied before The Empire Plan pays benefits (see page 3).

Coinsurance: The Empire Plan pays 80 percent of the usual and customary rate for covered services after you meet the combined annual deductible. You are responsible for the balance.

Combined annual coinsurance maximum: After the combined annual coinsurance maximum is reached, The Empire Plan pays 100 percent of the usual and customary rate for covered services (see page 3).

Usual and Customary Rate (UCR): The lowest of the actual charge, the provider's usual charge or the usual charge within the same geographic area. The Empire Plan generally utilizes FAIR Health® rates at the 90th percentile to determine the allowable amount. You can estimate the anticipated out-of-pocket cost for out-of-network services by contacting your provider for the amount that will be charged, or by visiting www.fairhealthconsumer.org to determine the UCR for these services in your geographic area or ZIP code.

Basic Medical Provider Discount Program

If The Empire Plan is your primary insurance coverage and you use a nonparticipating provider who is part of The Empire Plan MultiPlan group, your out-of-pocket expense will, in most cases, be reduced. Your share of the cost will be based on the lesser of The Empire Plan MultiPlan fee schedule or the usual and customary rate.

The Empire Plan MultiPlan provider will submit bills to and receive payments directly from UnitedHealthcare. You are only responsible for the applicable deductible and coinsurance amounts. To find a provider, call the Medical/Surgical Program or go to NYSHIP Online at www.cs.ny.gov/employee-benefits. Choose your group and plan, if prompted, and select Find a Provider.

To receive a paid-in-full benefit, you must call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and choose the Medical/Surgical Program, then Benefits Management Program, to precertify and help make arrangements for covered services, durable medical equipment and supplies, including one pair of diabetic shoes per year, insulin pumps, Medi-Jectors and enteral formulas. Diabetic shoes have an annual maximum benefit of \$500.

Exceptions: For diabetic supplies (except insulin pumps and Medi-Jectors), call The Empire Plan Diabetic Supplies Pharmacy at 1-800-321-0591. For ostomy supplies, call Byram Healthcare Centers at 1-800-354-4054.

Important: If Medicare is your primary coverage and you do not use a Medicare contract provider, your benefits will be reduced. If Medicare is your primary coverage and you live in an area or need supplies while visiting an area that participates in the Medicare Durable Medical Equipment, Prosthetics, Orthotics and Supplies (DMEPOS) Competitive Bidding Program, you must use a Medicare-approved supplier. Most of New York State is affected by DMEPOS. To locate a Medicare contract supplier, visit www.medicare.gov/supplierdirectory/search.html or contact The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) and choose the Medical/Surgical Program, then Benefits Management Program/Home Care Advocacy Program.

Non-network Coverage (when you don't use HCAP)

The first 48 hours of nursing care are not covered. After you meet the combined annual deductible (see page 3), The Empire Plan pays up to 50 percent of the HCAP network allowance for covered services, durable medical equipment and supplies. There is no coinsurance maximum. You are also covered for one pair of diabetic shoes per year that are paid up to 75 percent of the HCAP network allowance with a \$500 annual maximum. The network allowance generally equates to 33 percent of FAIR Health[®] Usual and Customary professional rates.*

* Legislatively, the Department of Financial Services for the State of New York defines the term "Usual and Customary Rate (UCR)" as the 80th percentile of the FAIR Health[®] rates.

Mental Health And Substance Abuse Program

**PRESS
OR SAY 3**

For the highest level of benefits, call The Empire Plan at 1-877-7-NYSHIP (1-877-769-7447) and press or say 3 to reach the Mental Health and Substance Abuse Program

Call the Mental Health and Substance Abuse Program before seeking services from a mental health care or substance use care provider, including treatment for alcoholism. Some services require precertification to confirm medical necessity before starting treatment (refer to your current *Empire Plan Certificate* for more information). The Clinical Referral Line is available 24 hours a day, every day of the year. You will receive the highest level of benefits when you follow the Program requirements for network coverage. You have guaranteed access to network benefits if you contact the Mental Health and Substance Abuse Program before you receive services. In an emergency, go to the nearest hospital emergency department. You or your designee should call the Mental Health and Substance Abuse Program within 48 hours of an admission for emergency care or as soon as reasonably possible.

Network Coverage

You pay only applicable copayments for covered services provided by a provider or facility that is in The Empire Plan network. No deductible or coinsurance applies.

Non-network Coverage

When you use a provider or facility that is not in The Empire Plan network, your out-of-pocket costs are higher, as described in this section.

Inpatient Services

You should call before an admission to a mental health care or substance use care facility to ensure that benefits are available. In the case of an emergency admission, certification should be requested as soon as possible. Network facilities are responsible for obtaining precertification. If you use a non-network facility, you may be required to pay the full cost of any stay determined not to be medically necessary.

Network Coverage

Inpatient stays in an approved network facility are paid in full.

Practitioner treatment or consultation: Covered treatment or consultation services that you receive while you are an inpatient that are billed by a practitioner – not the facility – are paid in full.

Non-network Coverage

You will be responsible for a coinsurance amount of 10 percent of billed charges, up to the combined annual coinsurance maximum (see page 3). When the combined annual coinsurance maximum is met, you will receive network benefits.

Practitioner treatment or consultation: Covered treatment or consultation services that you receive while you are an inpatient that are billed by a practitioner – not the facility – are subject to deductible and coinsurance as described under *Office Visits and Other Outpatient Services*, page 14.

Ambulance Service

Ambulance service to a facility where you will be receiving mental health care or substance use care is covered at no cost to you when medically necessary. Volunteer ambulance transportation is subject to copayments.

Outpatient Services

Hospital Emergency Department

Network Coverage

You pay one \$70 copayment per visit to an emergency department. The copayment is waived if you are admitted as an inpatient directly from the emergency department.

Non-network Coverage

Network coverage applies to emergency department visits at a non-network hospital.

Office Visits and Other Outpatient Services

Network Coverage

Office visits and other outpatient services, such as outpatient substance use rehabilitation programs, psychological testing/evaluation, electroconvulsive therapy and Applied Behavior Analysis (ABA) services, may be subject to a \$20 copayment per visit.

Up to three visits per crisis are paid in full for mental health care treatment. After the third visit, the \$20 copayment per visit applies.

Non-network Coverage

Combined annual deductible: The combined annual deductible must be satisfied before The Empire Plan pays benefits (see page 3).

Coinsurance: The Empire Plan pays 80 percent of the usual and customary rate for covered services after you meet the combined annual deductible. You are responsible for the balance.

Combined annual coinsurance maximum: After the combined annual coinsurance maximum is reached, The Empire Plan pays benefits for covered services at 100 percent of the usual and customary rate (see page 3).

Usual and Customary Rate (UCR): The lowest of the actual charge, the provider's usual charge or the usual charge within the same geographic area. The Empire Plan generally utilizes FAIR Health[®] rates at the 90th percentile to determine the allowable amount. You can estimate the anticipated out-of-pocket cost for out-of-network services by contacting your provider for the amount that will be charged, or by visiting www.fairhealthconsumer.org to determine the UCR for these services in your geographic area or ZIP code.

Prescription Drug Program

**PRESS
OR SAY 4**

Call The Empire Plan at 1-877-7-NYSHIP (1-877-769-7447)
and press or say 4 to reach the Prescription Drug Program

The Prescription Drug Program provides coverage for prescriptions for covered drugs, up to a 90-day supply, when filled at network, mail service, specialty and non-network pharmacies.

Copayments

You have the following copayments for covered drugs purchased from a network pharmacy, the mail service pharmacy or the designated specialty pharmacy.

Drug Category	Up to a 30-day Supply from a Network Pharmacy, the Mail Service Pharmacy or the Specialty Pharmacy	31- to 90-day Supply from a Network Pharmacy	31- to 90-day Supply from the Mail Service Pharmacy or the Specialty Pharmacy
Level 1 Drugs or for Most Generic Drugs	\$5	\$10	\$5
Level 2 Drugs, Preferred Drugs or Compound Drugs	\$25	\$50	\$50
Level 3 Drugs or Non-preferred Drugs	\$45	\$90	\$90

Drugs not Subject to Copayment

Certain covered drugs do not require a copayment when using a network pharmacy:

- Oral chemotherapy drugs, when prescribed for the treatment of cancer
- Generic oral contraceptive drugs and devices or brand-name contraceptive drugs/devices without a generic equivalent (single-source brand-name drugs/devices)
- Tamoxifen and raloxifene, when prescribed for the primary prevention of breast cancer
- Certain preventive adult vaccines when administered by a licensed pharmacist at a pharmacy that participates in the CVS Caremark national vaccine network
- Certain prescription and over-the-counter medications considered preventive under the Patient Protection and Affordable Care Act

Brand-name Drugs with Generic Equivalent

If you choose to purchase a covered brand-name drug that has a generic equivalent, you will pay the Level 3 non-preferred drug copayment plus the ancillary charge, not to exceed the full retail cost of the covered drug.

Ancillary Charge: The difference in cost between the brand-name drug and the generic equivalent.

Exceptions

- If the brand-name drug has been placed on Level 1 of The Empire Plan Flexible Formulary, you will pay the Level 1 copayment.
- You pay only the applicable copayment for the following Level 3 brand-name drugs with generic equivalents: Coumadin, Dilantin, Lanoxin, Levothroid, Mysoline, Premarin, Synthroid, Tegretol and Tegretol XR. One copayment covers up to a 90-day supply.

Flexible Formulary Drug List

The Empire Plan Prescription Drug Program has a flexible formulary drug list for prescription drugs. The Empire Plan Flexible Formulary is designed to provide enrollees and the Plan with the best value in prescription drug spending. This is accomplished by:

- Excluding coverage for certain brand-name or generic drugs if the drug has no clinical advantage over other covered medications in the same therapeutic class.
- Placing a brand-name drug on Level 1 or excluding or placing a generic drug on Level 3, subject to the appropriate copayment. These placements may be revised mid-year when such changes are advantageous to The Empire Plan. Enrollees will be notified in advance of such changes.
- Applying the highest copayment to non-preferred drugs that provide no clinical advantage over two or more Level 1 drug alternatives in the same therapeutic class. This may result in no Level 2 brand-name drugs.
- Including utilization management tools to promote transparency and reduce costs, not limited to generic substitution, prior authorization and physician education.

Prior Authorization Drugs

You must have prior authorization for certain drugs, including generic equivalents, noted with “PA” on the Empire Plan Flexible Formulary.

Certain medications also require prior authorization based on age, gender or quantity limit specifications. Compound drugs that have a claim cost to the Program that exceeds \$200 will also require prior authorization. **The drugs that require prior authorization are subject to change as drugs are approved by the U.S. Food and Drug Administration (FDA), introduced into the market or approved for additional indications.** For information about prior authorization requirements, or the current list of drugs requiring authorization, call the Prescription Drug Program or go to NYSHIP Online at www.cs.ny.gov/employee-benefits. Choose your group and plan, if prompted, select Using Your Benefits and then 2019 Drugs that Require Prior Authorization.

Excluded Drugs

Certain brand-name and generic drugs are excluded from The Empire Plan Flexible Formulary if they have no clinical advantage over other covered medications in the same therapeutic class. **The 2019 Empire Plan Flexible Formulary drug list includes drugs that are excluded in 2019, along with suggested alternatives.** New prescription drugs may be subject to exclusion when they first become available on the market. For a complete list of Excluded Drugs, call the Prescription Drug Program or go to NYSHIP Online at www.cs.ny.gov/employee-benefits. Choose your group and plan, if prompted, select Using Your Benefits and then 2019 Excluded Drug List. Also check the website for current information regarding exclusions of newly launched prescription drugs.

Medical Exception Program for Excluded Drugs

A medical exception program* is available for non-formulary drugs that are excluded from coverage.

To request a medical exception, you and your physician must first evaluate whether covered drugs on the Flexible Formulary are appropriate alternatives for your treatment. After an appropriate trial of formulary alternatives, your physician may submit a letter of medical necessity to CVS Caremark that details the formulary alternative trials and any other clinical documentation supporting medical necessity. The physician can fax the exception request to CVS Caremark at 1-888-487-9257.

If an exception is approved, the Level 1 copayment will apply for generic drugs and the Level 3 copayment will apply for brand-name drugs.

Note: Drugs that are only FDA approved for cosmetic indications are excluded from the Plan and are not eligible for a medical exception.

** If you are Medicare primary, refer to your Empire Plan Medicare Rx plan materials for information regarding your appeal rights and the process to follow.*

Types of Pharmacies

Network Pharmacy

A network pharmacy is a retail pharmacy that participates in the CVS Caremark network. When you visit a network pharmacy to fill a prescription, you pay a copayment (and ancillary charge, if applicable). To find a retail network pharmacy location that participates in the CVS Caremark network, call the Prescription Drug Program or go to NYSHIP Online at www.cs.ny.gov/employee-benefits. Choose your group and plan, if prompted, and select Find a Provider.

CVS Caremark National Vaccine Network Pharmacy

Select preventive vaccines are covered without copayment when administered at a pharmacy that participates in the CVS Caremark national vaccine network. Vaccines available in a pharmacy are:

- Influenza (flu)
- Pneumococcal (pneumonia)
- Meningococcal (meningitis)
- Herpes zoster (shingles)* – *requires prescription*

To find out if a pharmacy participates in the CVS Caremark national vaccine network, call the Prescription Drug Program or visit www.empireplanrxprogram.com and select CVS Caremark, then Find a Local Pharmacy. Be sure to select Vaccine network under Advanced Search. Only certain pharmacies are part of the CVS Caremark national vaccine network. Call the pharmacy in advance to verify availability of the vaccine.

** Zostavax® is covered with no copayment for individuals 60 and older and for a \$5 copayment for ages 55 to 59. Shingrix® is covered for individuals 50 and older at no copayment.*

Mail Service Pharmacy

You may fill your prescription by mail through the CVS Caremark Mail Service Pharmacy by using the mail order form. For forms and refill orders, call the Prescription Drug Program. To refill a prescription on file with the mail service pharmacy, you may order by phone or online at www.empireplanrxprogram.com or download forms on NYSHIP Online at www.cs.ny.gov/employee-benefits. Choose your group and plan, if prompted, select Forms and then scroll down to the CVS Caremark Mail Service Order Form.

Specialty Pharmacy Program

The Empire Plan Specialty Pharmacy Program offers individuals using specialty drugs enhanced services, including:

- Refill reminder calls
- Expedited, scheduled delivery of your medications at no additional charge
- All necessary supplies, such as needles and syringes applicable to the medication
- Disease education
- Drug education
- Compliance management
- Side-effect management
- Safety management

Prior authorization is required for some specialty medications. To get started with the CVS Caremark Specialty Pharmacy, to request refills or to speak to a specialty-trained pharmacist or nurse, please call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) Monday through Friday between 7:30 a.m. and 9 p.m. Eastern time. Choose the Prescription Drug Program, and ask to speak with Specialty Customer Care. If your call is urgent, you may request an on-call pharmacist 24 hours a day, seven days a week.

A complete list of specialty medications included in the Specialty Pharmacy Program is available on NYSHIP Online at www.cs.ny.gov/employee-benefits. Choose your group and plan, if prompted, select Using Your Benefits and then Specialty Pharmacy Drug List.

Non-network Pharmacy

If you do not use a network pharmacy, or if you do not use your Empire Plan benefit card at a network pharmacy, you must submit a claim for reimbursement to: The Empire Plan Prescription Drug Program, c/o CVS Caremark, P.O. Box 52136, Phoenix, AZ 85072-2136.

In most cases, you will not be reimbursed the total amount you paid for the prescription.

- If your prescription was filled with a generic drug or a covered brand-name drug with no generic equivalent, you will be reimbursed up to the amount the Program would reimburse a network pharmacy for that prescription, less your copayment.

- If your prescription was filled with a covered brand-name drug that has a generic equivalent, you will be reimbursed up to the amount the Program would reimburse a network pharmacy for filling the prescription with that drug's generic equivalent, less your copayment, unless the brand-name drug has been placed on Level 1 of The Empire Plan Flexible Formulary.

Elimination of New to You Prescription Drug Requirement

The 30-day quantity limit for maintenance medications required by the New to You Program has been eliminated for 2019. You are able to get up to a 90-day supply without having to fill two prescriptions at a 30-day quantity first. The removal of this requirement gives you and your doctor greater flexibility in managing your medications prescribed for your conditions and helps lower out-of-pocket expenses.

If you have any questions about how this will affect your medications, you may call The Empire Plan's toll-free number at 1-877-7-NYSHIP (1-877-769-7447) and press or say 4 for the Prescription Drug Program.
