THE EMPIRE PLAN NYSHIP CODE #001

Empire Plan benefits are available worldwide, and the Plan gives you the freedom to choose a participating or nonparticipating provider or facility. This section summarizes benefits available under each portion of The Empire Plan as of January 1, 2019.¹ You may also visit www.cs.ny.gov/employee-benefits or call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) for additional information on the following programs.

Medical/Surgical Program

UnitedHealthcare

Medical and surgical coverage through:

- **Participating Provider Program** – More than 250,000 physicians and other providers participate; certain services are subject to a \$25 copayment.
- **Basic Medical Program** – If you use a nonparticipating provider, the Program considers up to 80 percent of usual and customary charges for covered services after the combined annual deductible is met. After the combined annual coinsurance maximum is met, the Plan considers up to 100 percent of usual and customary charges for covered services. See Cost Sharing (beginning on page 4) for additional information.
- **Basic Medical Provider Discount Program** – If you are Empire Plan primary and use a nonparticipating provider who is part of the Empire Plan MultiPlan group, your out-of-pocket costs may be lower (see page 5).

Home Care Advocacy Program (HCAP) – Paid-in-full benefits for home care, durable medical equipment and certain medical supplies (including diabetic and ostomy supplies), enteral formulas and diabetic shoes. (Diabetic shoes have an annual maximum benefit of \$500.) Prior authorization is required. Guaranteed access to network benefits nationwide. Limited non-network benefits available (see the *Empire Plan Certificate* for details).

Managed Physical Medicine Program – Chiropractic treatment, physical therapy and occupational therapy through a Managed Physical Network (MPN) provider are subject to a \$25 copayment. Unlimited network

benefits when medically necessary. Guaranteed access to network benefits nationwide. Non-network benefits available.

Under the **Benefits Management Program**, you must call the Medical/Surgical Program for Prospective Procedure Review before an elective (scheduled) magnetic resonance imaging (MRI), magnetic resonance angiography (MRA), computerized tomography (CT), positron emission tomography (PET) scan or nuclear medicine test, unless you are having the test as an inpatient in a hospital (see the *Empire Plan Certificate* for details).

When arranged by the Medical/Surgical Program, a voluntary, paid-in-full specialist consultant evaluation is available. Voluntary outpatient medical case management is available to help coordinate services for catastrophic and complex cases.

Hospital Program

Empire BlueCross BlueShield

The following benefit levels apply for covered services received at a BlueCross and BlueShield Association BlueCard® PPO **network hospital**:

- Hospital inpatient stays are covered at no cost to you.
- Hospital outpatient and emergency care are subject to network copayments.
- Anesthesiology, pathology and radiology provider charges for covered hospital services are paid in full under the Medical/Surgical Program (if The Empire Plan provides your primary coverage).
- Certain covered outpatient hospital services provided at network hospital extension clinics are subject to hospital outpatient copayments.
- Except as noted above, physician charges received in a hospital setting will be paid in full if the provider is a participating provider under the Medical/Surgical Program. Physician charges for covered services received from a non-network provider will be paid in accordance with the Basic Medical portion of the Medical/Surgical Program.

¹ These benefits are subject to medical necessity and to limitations and exclusions described in the *Empire Plan Certificate* and *Empire Plan Reports/Certificate Amendments*.

If you are an Empire Plan-primary enrollee², you will be subject to 10 percent coinsurance for inpatient stays at a **non-network hospital**. For outpatient services received at a non-network hospital, you will be subject to the greater of 10 percent coinsurance or \$75 per visit, up to the combined annual coinsurance maximums per enrollee, per enrolled spouse or domestic partner and per all enrolled dependent children combined (see page 5).

The Empire Plan will approve network benefits for hospital services received at a non-network facility if:

- Your hospital care is emergency or urgent
- No network facility can provide the medically-necessary services
- You do not have access to a network facility within 30 miles of your residence
- Another insurer or Medicare provides your primary coverage (pays first)

Preadmission Certification Requirements

Under the Benefits Management Program, if The Empire Plan is your primary coverage, you must call the Hospital Program for certification of any of the following inpatient stays:

- Before a maternity or scheduled (nonemergency) hospital admission
- Within 48 hours or as soon as reasonably possible after an emergency or urgent hospital admission
- Before admission or transfer to a skilled nursing facility

If you do not follow the preadmission certification requirement for the Hospital Program, you must pay:

- A \$200 hospital penalty if it is determined any portion was medically necessary; and
- All charges for any day's care determined not to be medically necessary.

Voluntary inpatient medical case management is available to help coordinate services for catastrophic and complex cases.

Mental Health and Substance Abuse Program

Beacon Health Options Inc.

The Mental Health and Substance Abuse (MHSA) Program offers both network and non-network benefits.

Network Benefits

(unlimited when medically necessary)

If you call the MHSA Program before you receive services and follow their recommendations, you receive:

- Inpatient services (paid in full)
- Crisis intervention (up to three visits per crisis paid in full; after the third visit, the \$25 copayment per visit applies)
- Outpatient services, including office visits, home-based or telephone counseling and nurse practitioner services (\$25 copayment)
- Intensive Outpatient Program (IOP) with an approved provider for substance use treatment (\$25 copayment)

Non-Network Benefits³

(unlimited when medically necessary)

The following applies if you do **NOT** follow the requirements for network coverage.

- For Practitioner Services: The MHSA Program will consider up to 80 percent of usual and customary charges for covered outpatient practitioner services after you meet the combined annual deductible per enrollee, per enrolled spouse or domestic partner and per all enrolled dependent children combined. After the combined annual coinsurance maximum is reached per enrollee, per enrolled spouse or domestic partner and per all enrolled dependent children combined, the Program pays up to 100 percent of usual and customary charges for covered services (see page 5).

² If Medicare or another plan provides primary coverage, you receive network benefits for covered services at both network and non-network hospitals.

³ You are responsible for ensuring that MHSA Program certification is received for care obtained from a non-network practitioner or facility.

- For Approved Facility Services: You are responsible for 10 percent of covered billed charges up to the combined annual coinsurance maximum per enrollee, per enrolled spouse or domestic partner and per all enrolled dependent children combined. After the coinsurance maximum is met, the Program pays 100 percent of billed charges for covered services (see page 5).
- Outpatient treatment sessions for family members of an individual being treated for alcohol or substance use are covered for a maximum of 20 visits per year for all family members combined.

Empire Plan Cost Sharing

Plan Providers

Under The Empire Plan, benefits are available for covered services when you use a participating or nonparticipating provider. However, your share of the cost of covered services depends on whether the provider you use participates in the Plan. You receive the maximum plan benefits when you use participating providers. For more information, read *Reporting On Network Benefits*. You can find this publication at www.cs.ny.gov/employee-benefits or ask your HBA for a copy.

If you use an Empire Plan participating or network provider or facility, you pay a copayment for certain services. Some services are covered at no cost to you. The provider or facility files the claim and is reimbursed by The Empire Plan.

You are guaranteed access to network benefits for certain services when you contact the program before receiving services and follow program requirements for:

- Mental Health and Substance Abuse (MHSA) Program services
- Managed Physical Medicine Program services (physical therapy, chiropractic care and occupational therapy)
- Home Care Advocacy Program (HCAP) services (including durable medical equipment)

If you use an Empire Plan nonparticipating provider or non-network facility, benefits for covered services are subject to a deductible and/or coinsurance.

2019 Annual Maximum Out-of-Pocket Limit

Your maximum out-of-pocket expenses for in-network covered services will be \$5,150 for Individual coverage and \$10,300 for Family coverage for Hospital, Medical/Surgical and MHSA Programs, combined. Once you reach the limit, you will have no additional copayments.

Combined Annual Deductible

For Medical/Surgical and MHSA Program services received from a nonparticipating provider or non-network facility, The Empire Plan has a combined annual deductible that must be met before covered services under the Basic Medical Program and non-network expenses under both the HCAP and MHSA Programs can be reimbursed. See the table on page 5 for 2019 combined annual deductible amounts. The Managed Physical Medicine Program has a separate \$250 deductible per enrollee, \$250 per enrolled spouse/domestic partner and \$250 per all dependent children combined that is not included in the combined annual deductible.

After you satisfy the combined annual deductible, The Empire Plan considers 80 percent of the usual and customary charge for the Basic Medical Program and non-network practitioner services for the MHSA Program, 50 percent of the network allowance for covered services for non-network HCAP services and 90 percent of the billed charges for covered services for non-network approved facility services for the MHSA Program. You are responsible for the remaining 20 percent coinsurance and all charges in excess of the usual and customary charge for Basic Medical Program and non-network practitioner services, 10 percent for non-network MHSA-approved facility services and the remaining 50 percent of the network allowance for covered, non-network HCAP services.

Combined Annual Coinsurance Maximum

The Empire Plan has a combined annual coinsurance maximum that must be met before covered services under the Basic Medical Program and non-network expenses under both the HCAP and MHSA Programs can be reimbursed. See the table below for 2019 combined annual coinsurance maximum amounts.

After you reach the combined annual coinsurance maximum, you will be reimbursed up to 100 percent of covered charges under the Hospital Program and 100 percent of the usual and customary charges for services covered under the Basic Medical Program and MHSA Program. You are responsible for paying the provider and will be reimbursed by the Plan for covered charges. You are also responsible for paying all charges in excess of the usual and customary charge.

The combined annual coinsurance maximum will be shared among the Basic Medical Program and non-network coverage under the Hospital Program and MHSA Program. The Managed Physical Medicine Program and HCAP do not have a coinsurance maximum.

Basic Medical Provider Discount Program

If you are Empire Plan primary, The Empire Plan also includes a program to reduce your out-of-pocket costs when you use a nonparticipating provider. The Empire Plan Basic Medical Provider Discount Program offers discounts from certain physicians and providers who are not part of The Empire Plan participating provider network. These providers are part of the nationwide MultiPlan group, a provider organization contracted with UnitedHealthcare. Empire Plan Basic Medical Program provisions apply, and you must meet the combined annual deductible.

Providers in the Basic Medical Provider Discount Program accept a discounted fee for covered services. Your 20 percent coinsurance is based on the lower of the discounted fee or the usual and customary charge. Under this Program, the provider submits your claims, and UnitedHealthcare pays The Empire Plan portion of the provider fee directly to the provider if the services qualify for the Basic Medical Provider Discount Program. Your explanation of benefits, which details claims payments, shows the discounted amount applied to billed charges.

CVS Caremark

The Prescription Drug Program does not apply to those who have drug coverage through a union Employee Benefit Fund.

- When you use a network pharmacy, the mail service pharmacy or the specialty pharmacy for a 1- to 30-day supply of a covered drug, you pay a \$5 copayment for Level 1 or most generic drugs; a \$30 copayment for Level 2, preferred drugs or compound drugs; and a \$60 copayment for Level 3, certain generic drugs or non-preferred drugs.
- For a 31- to 90-day supply of a covered drug through a network pharmacy, you pay a \$10 copayment for Level 1 or most generic drugs; a \$60 copayment for Level 2, preferred drugs or compound drugs; and a \$120 copayment for Level 3, certain generic drugs or non-preferred drugs.
- For a 31- to 90-day supply of a covered drug through the mail service pharmacy or the specialty pharmacy, you pay a \$5 copayment for Level 1 or most generic drugs; a \$55 copayment for Level 2, preferred drugs or compound drugs; and a \$110 copayment for Level 3, certain generic drugs or non-preferred drugs.
- When you fill a prescription for a covered brand-name drug that has a generic equivalent, you pay the Level 3 or non-preferred copayment, plus the difference in cost between the brand-name drug and the generic equivalent (or “ancillary charge”), not to exceed the full retail cost of the drug, unless the brand-name drug has been placed on Level 1 of the Flexible Formulary. Exceptions apply. Please contact the Empire Plan Prescription Drug Program toll free at 1-877-7-NYSHIP (1-877-769-7447) for more information.

In almost all cases, you will not be reimbursed the total amount you paid for the prescription and your out-of-pocket expenses may exceed the usual copayment amount. To reduce your out-of-pocket expenses, use your Empire Plan Benefit Card whenever possible.
