Empire Plan benefits are available worldwide, and the Plan gives you the freedom to choose a participating or nonparticipating provider or facility. This section summarizes benefits available under each portion of The Empire Plan as of January 1, 2021.<sup>1</sup> You may also visit [www.cs.ny.gov/employee-benefits](http://www.cs.ny.gov/employee-benefits) or call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447) for additional information on the following programs.

## Medical/Surgical Program

### UnitedHealthcare

P.O. Box 1600, Kingston, NY 12402-1600

Medical and surgical coverage through:

- **Participating Provider Program** – Effective January 1, 2021, the Participating Provider Program network administered by UnitedHealthcare will expand from 430,000 to over 1.2 million physicians, laboratories and other providers, such as physical therapists, occupational therapists and chiropractors, located throughout the United States. Certain services are subject to a \$20 copayment.
- **Basic Medical Program** – If you use a nonparticipating provider, the Program considers up to 80 percent of usual and customary charges for covered services after the combined annual deductible is met. After the combined annual coinsurance maximum is met, the Plan considers up to 100 percent of usual and customary charges for covered services. See Cost Sharing (beginning on page 4) for additional information.
- **Basic Medical Provider Discount Program** – If you are Empire Plan primary and use a nonparticipating provider who is part of the Empire Plan MultiPlan group, your out-of-pocket costs may be lower (see page 5).

**Home Care Advocacy Program (HCAP)** – Benefits for home care, durable medical equipment and certain medical supplies (including diabetic and ostomy supplies), enteral formulas and diabetic shoes are paid in full. (Diabetic shoes have an annual maximum benefit of \$500.) Prior authorization is required. Guaranteed access to network benefits nationwide. Limited non-network benefits available (see the *Empire Plan Certificate* for details).

**Managed Physical Medicine Program** – Chiropractic treatment, physical therapy and occupational therapy through a network provider are subject to a \$20 copayment. Unlimited network benefits when medically necessary. Guaranteed access to network benefits nationwide. Non-network benefits available.

Under the **Benefits Management Program**, you must call the Medical/Surgical Program for Prospective Procedure Review before an elective (scheduled) magnetic resonance imaging (MRI), magnetic resonance angiography (MRA), computerized tomography (CT) scan, positron emission tomography (PET) scan or nuclear medicine test, unless you are having the test as an inpatient in a hospital (see the *Empire Plan Certificate* for details).

When arranged by the Medical/Surgical Program, a voluntary, paid-in-full specialist consultant evaluation is available. Voluntary outpatient medical case management is available to help coordinate services for catastrophic and complex cases.

- Inpatient hospital stays are covered at no cost to you.
- Outpatient hospital and emergency care are subject to network copayments.

<sup>1</sup> These benefits are subject to medical necessity and to limitations and exclusions described in the *Empire Plan Certificate*.

covered services received from a non-network provider will be paid in accordance with the Basic Medical portion of the Medical/Surgical Program.

If you are an Empire Plan-primary enrollee,<sup>2</sup> you will be subject to 10 percent coinsurance for inpatient stays at a **non-network hospital**. For outpatient services received at a non-network hospital, you will be subject to the greater of 10 percent coinsurance or \$75 per visit. In either scenario, expenses will be reimbursed only after the applicable combined annual coinsurance maximum threshold (see pages 4–5) has been reached.

The Empire Plan will approve network benefits for hospital services received at a non-network facility if:

- Your hospital care is emergency or urgent
- No network facility can provide the medically necessary services
- You do not have access to a network facility within 30 miles of your residence
- Another insurer or Medicare provides your primary coverage (pays first)

### **Preadmission Certification Requirements**

Under the Benefits Management Program, if The Empire Plan is your primary coverage, you must call the Hospital Program for certification of any of the following inpatient stays:

- Before a scheduled (nonemergency) hospital admission
- Within 48 hours or as soon as reasonably possible after an emergency or urgent hospital admission
- Before admission or transfer to a skilled nursing facility

If you do not follow the preadmission certification requirement for the Hospital Program, you must pay:

- A \$200 hospital penalty if it is determined any portion was medically necessary; and
- All charges for any day's care determined not to be medically necessary.

Voluntary inpatient medical case management is available to help coordinate services for catastrophic and complex cases.

## **Mental Health and Substance Abuse Program**

### **Beacon Health Options, Inc.**

P.O. Box 1850, Hicksville, NY 11802

The Mental Health and Substance Abuse (MHSA) Program offers both network and non-network benefits.

### **Network Benefits**

(unlimited when medically necessary)

If you call the MHSA Program before you receive services and follow their requirements, you receive:

- Inpatient services, paid in full
- Crisis intervention, paid in full for up to three visits per crisis; after the third visit, the \$20 copayment per visit applies
- Outpatient services, including office visits, home-based or telephone counseling and nurse practitioner services, for a \$20 copayment per visit
- Intensive Outpatient Program (IOP) with an approved provider for mental health or substance use treatment for a \$20 copayment per day

### **Non-Network Benefits<sup>3</sup>**

(unlimited when medically necessary)

The following applies if you do **NOT** follow the requirements for network coverage.

- For Practitioner Services: The MHSA Program will consider up to 80 percent of usual and customary charges for covered outpatient practitioner services after you meet the combined annual deductible per enrollee, per enrolled spouse or domestic partner and per all enrolled dependent children combined. After the combined annual coinsurance maximum is reached, the Program pays up to 100 percent of usual and customary charges for covered services (see page 4).

<sup>2</sup> If Medicare or another plan provides primary coverage, you receive network benefits for covered services at both network and non-network hospitals.

<sup>3</sup> You are responsible for ensuring that MHSA Program certification is received for care obtained from a non-network practitioner or facility.

- For Approved Facility Services: You are responsible for 10 percent of covered, billed charges up to the combined annual coinsurance maximum per enrollee, per enrolled spouse or domestic partner and per all enrolled dependent children combined. After the coinsurance maximum is met, the Program pays 100 percent of billed charges for covered services (see page 5).
- Outpatient treatment sessions for family members of an individual being treated for alcohol or substance use are covered for a maximum of 20 visits per year for all family members combined.

## Empire Plan Cost Sharing

### Plan Providers

Under The Empire Plan, benefits are available for covered services when you use a participating or nonparticipating provider. However, your share of the cost of covered services depends on whether the provider you use participates in the Plan. You receive the maximum plan benefits when you use participating providers. For more information, read *Reporting On Network Benefits*. You can find this publication at [www.cs.ny.gov/employee-benefits](http://www.cs.ny.gov/employee-benefits) or ask your HBA for a copy.

**If you use an Empire Plan participating or network provider or facility**, you pay a copayment for certain services. Some services are covered at no cost to you. The provider or facility files the claim and is reimbursed by The Empire Plan.

Even if there are no network providers in your area, you are guaranteed access to network benefits for the following services if you call The Empire Plan at 1-877-769-7447 beforehand to arrange care with an appropriate medical or mental health provider:

- Mental Health and Substance Abuse (MHSA) Program services
- Managed Physical Medicine Program services (physical therapy, chiropractic care and occupational therapy)
- Home Care Advocacy Program (HCAP) services (including durable medical equipment)

**If you use a nonparticipating provider or non-network facility**, benefits for covered services are subject to a deductible and/or coinsurance.

### 2021 Annual Maximum Out-of-Pocket Limit

Your maximum out-of-pocket expenses for in-network covered services will be \$5,550 for Individual coverage and \$11,100 for Family coverage for Hospital, Medical/Surgical and MHSA Programs, combined. Once you reach the limit, you will have no additional copayments.

### Combined Annual Deductible

For Medical/Surgical and MHSA Program services received from a nonparticipating provider or non-network facility, The Empire Plan has a combined annual deductible that must be met before covered services under the Basic Medical Program and non-network expenses under both the HCAP and MHSA Programs can be reimbursed. See the table on page 5 for 2021 combined annual deductible amounts. The Managed Physical Medicine Program has a separate \$250 deductible per enrollee, \$250 per enrolled spouse/domestic partner and \$250 per all dependent children combined that is not included in the combined annual deductible.

After you satisfy the combined annual deductible, The Empire Plan considers 80 percent of the usual and customary charge for the Basic Medical Program and non-network practitioner services for the MHSA Program, 50 percent of the network allowance for covered services for non-network HCAP services and 90 percent of the billed charges for covered services for non-network approved facility services for the MHSA Program. You are responsible for the remaining 20 percent coinsurance and all charges in excess of the usual and customary charge for Basic Medical Program and non-network practitioner services, 10 percent for non-network MHSA-approved facility services and the remaining 50 percent of the network allowance for covered, non-network HCAP services.

### Combined Annual Coinsurance Maximum

The Empire Plan has a combined annual coinsurance maximum that must be met before covered services under the Basic Medical Program and non-network expenses under both the HCAP and MHSA Programs can be reimbursed. See the table on page 5 for 2021 combined annual coinsurance maximum amounts.

## 2021 Combined Annual Deductible and Annual Coinsurance Maximum Amounts

Employees who are in the APSU represented by PBANYS; or represented by C-82 or PEF	Combined Annual Deductible	Combined Annual Coinsurance Maximum
Enrollee	\$1,000	\$3,000
Enrolled spouse/domestic partner	\$1,000	\$3,000
Dependent children combined	\$1,000	\$3,000
Reduced amount for enrollees represented by PEF* in titles equated to Salary Grade 6 and below	\$500	\$1,500

\* And each deductible or coinsurance maximum amount for an enrolled spouse/domestic partner and dependent children combined.

After you reach the combined annual coinsurance maximum, you will be reimbursed up to 100 percent of covered charges under the Hospital Program and 100 percent of the usual and customary charges for services covered under the Basic Medical Program and MHSA Program. You are responsible for paying the provider and will be reimbursed by the Plan for covered charges. You are also responsible for paying all charges in excess of the usual and customary charge.

The combined annual coinsurance maximum will be shared among the Basic Medical Program and non-network coverage under the Hospital Program and MHSA Program. The Managed Physical Medicine Program and HCAP do not have a coinsurance maximum.

### **Basic Medical Provider Discount Program**

If you are Empire Plan primary, the Plan also includes a program to reduce your out-of-pocket costs when you use a nonparticipating provider. The Empire Plan Basic Medical Provider Discount Program offers discounts from certain physicians and providers who are not part of The Empire Plan participating provider network. These providers are part of the nationwide

MultiPlan group, a provider organization contracted with UnitedHealthcare. Empire Plan Basic Medical Program provisions apply, and you must meet the combined annual deductible.

Providers in the Basic Medical Provider Discount Program accept a discounted fee for covered services. Your 20 percent coinsurance is based on the lower of the discounted fee or the usual and customary charge. Under this Program, the provider submits your claims, and UnitedHealthcare pays The Empire Plan portion of the provider fee directly to the provider if the services qualify for the Basic Medical Provider Discount Program. Your explanation of benefits, which details claims payments, shows the discounted amount applied to billed charges.

To find a provider in the Empire Plan Basic Medical Provider Discount Program, ask if the provider is an Empire Plan MultiPlan provider or call The Empire Plan toll free at 1-877-7-NYSHIP (1-877-769-7447), choose the Medical/Surgical Program and ask a representative for help. You can also go to [www.cs.ny.gov/employee-benefits](http://www.cs.ny.gov/employee-benefits). Select your group and plan, if prompted, and then Find a Provider.

- When you use a network pharmacy, the mail service pharmacy or the specialty pharmacy for a 1- to 30-day supply of a covered drug, you pay a \$5 copayment for Level 1 or most generic drugs; a \$25 copayment for Level 2, preferred drugs or compound drugs; and a \$45 copayment for Level 3, certain generic drugs or non-preferred drugs.
- For a 31- to 90-day supply of a covered drug through a network pharmacy, you pay a \$10 copayment for Level 1 or most generic drugs; a \$50 copayment for Level 2, preferred drugs or compound drugs; and a \$90 copayment for Level 3, certain generic drugs or non-preferred drugs.
