Notice Our New Design

Blue Cross Hospital Coverage

No Copayment for Hospital Outpatient Pre-Admission Testing
Beginning July 1, 2000, the $25 copayment for hospital outpatient pre-admission testing and/or pre-surgical testing is eliminated prior to an inpatient admission.

You continue to pay the $25 copayment for each visit to the outpatient department of a hospital where you receive one or more of the following covered services: surgery, diagnostic radiology, diagnostic laboratory tests and administration of Desferal for treatment of Cooley’s Anemia.

You will not have to pay the $25 copayment if you are treated in the outpatient department of a hospital and are then admitted at that time as an inpatient.

United HealthCare Medical Coverage

No HCAP Pre-Authorization for Diabetic and Ostomy Supplies
Beginning July 1, 2000, you are no longer required to call HCAP for authorization before receiving diabetic supplies (except insulin pumps and Medijectors) or ostomy supplies. You will be able to contact the HCAP network suppliers directly to order your supplies. You will continue to receive a paid-in-full benefit when you use a network provider.

The new procedure for ordering ostomy and most diabetic supplies:

• The first time you use your Empire Plan benefits for diabetic or ostomy supplies, call the HCAP network provider at the toll-free number. For diabetic supplies call National Diabetic Pharmacies (NDP) at 1-888-306-7337. For ostomy supplies call Byram HealthCare Centers at 1-800-354-4054. You must provide the network supplier with a copy of the doctor’s order for the supplies.

• If you are already receiving diabetic supplies from NDP or ostomy supplies from Byram HealthCare Centers, you can continue to reorder by contacting the supplier directly.

• If you would like names of other HCAP network providers, call HCAP at 1-800-638-9918 to speak to a representative.

If you choose to use a non-network provider for HCAP-covered supplies, the

lower, non-network benefit under HCAP will apply. You must submit a claim for non-network supplies to United HealthCare.

This change applies only to ostomy supplies and most diabetic supplies. The Empire Plan still requires prior authorization for all other home care needs, such as home nursing services, home infusion therapy, durable medical equipment and other supplies (including insulin pumps and Medijectors). Call HCAP at 1-800-638-9918 to speak with a representative.

Cardiovascular Risk Reduction Program

Effective July 1, 2000, the Empire Plan offers a new comprehensive disease management program focusing on the heart. The program is called Cardiovascular Risk Reduction (CVRR). Empire Plan enrollees and their eligible dependents who have a recent history of angioplasty, open heart surgery, and/or heart attack will be invited to participate in this program, which will be conducted confidentially over the phone. There is no cost to you. Your participation is voluntary.

If you agree to participate, your case will be assigned to a cardiac nurse who is experienced in working with patients to reduce heart disease risk factors. The nurse will consult with your cardiologist to develop a plan of care with the best promise of success. The nurse will talk with you periodically on the phone about heart-healthy diet, exercise, medication, stress management and smoking cessation, if applicable. You will receive, as needed, informational and educational materials developed in conjunction with the American Heart Association.

CVRR is provided by United HealthCare and is administered by CorSolutions, the nation’s leading provider of lifestyle change and treatment support programs.

Empire Plan enrollees in Arizona, North Carolina and South Carolina now may choose from an expanded network of participating providers. Effective July 1, 2000, the number of Empire Plan participating providers has grown by 5,300 in Arizona, 11,300 in North Carolina and 4,700 in South Carolina. These providers are part of United HealthCare’s Options Preferred Provider Organization (PPO) network.

When you use a participating provider, you receive covered services at little or no cost and have no claim forms to file.

You can find Empire Plan providers on the Employee Benefits Division Web site, http://www.cs.state.ny.us. Click on Employee Benefits and Services and choose Empire Plan Providers. Must I be enrolled in Medicare when I turn 65?
Under the New York State Health Insurance Program (NYSHIP), you must be enrolled in Medicare Parts A and B and entitled to receive Medicare benefits by the first day of the month in which you reach age 65 (or, if your birthday falls on the first of the month, in effect on the first day of the month before your birthday). Be sure to plan ahead. Call Social Security at 1-800-772-1213 three months before your 65th birthday to enroll in Medicare.

Does the Medicare enrollment requirement apply to my spouse or domestic partner?
Yes, the Medicare enrollment requirement applies if your spouse or domestic partner is covered under your NYSHIP policy. A dependent who is covered under the NYSHIP policy of a retiree, vestee, dependent survivor or enrollee covered under Preferred List provisions must also be enrolled in Medicare Parts A and B when first eligible for Medicare coverage that is primary to NYSHIP.

What happens if I don’t enroll in Medicare when I am first eligible?
If you or your dependent is not enrolled in Medicare Parts A and B when you are first eligible to enroll, you will be responsible for the full cost of medical services that Medicare would have covered. As soon as you or your dependent becomes eligible for Medicare, your NYSHIP coverage pays secondary to Medicare. NYSHIP pays secondary even if you do not enroll in Medicare or are in a waiting period for Medicare to go into effect.

What does primary coverage mean?
A health insurance plan provides primary coverage when it is responsible for paying health benefits before another group health insurance. Medicare becomes primary to NYSHIP coverage when you or your dependent is age 65 or older, or regardless of age have been entitled to Social Security Disability for more than 24 months, or regardless of age have end stage renal disease.

I am Medicare primary. When does Medicare pay first for my dependents under my family coverage?
If you have Family coverage, Medicare becomes primary to NYSHIP for your spouse or other covered dependents as soon as they become eligible for Medicare for any reason. Until then, NYSHIP is primary for the dependent. If your spouse or other dependents are covered under other group health insurance, ask the Empire Plan carriers about primary coverage.

What if I’m working for another employer?
If you are a State retiree who works for an employer other than New York State, Medicare pays primary to NYSHIP whether or not you have health insurance coverage through that other employer’s group plan. Medicare also pays primary to NYSHIP if you work for a local government in New York State but keep your NYSHIP enrollment as a State or Participating Employer retiree. Therefore, you must be enrolled in Medicare Parts A and B or you will have a gap in coverage.

What if my spouse or domestic partner is working for another employer?
Even if any of your dependents is working and has coverage through an employer other than New York State, the dependent must be enrolled in Medicare Parts A and B when first eligible. If the dependent does not enroll, NYSHIP will not provide any benefits for services that Medicare would have paid.

Continued on page 4
Must I contact the Employee Benefits Division when my dependent(s) or I enroll in Medicare?

You must notify the Employee Benefits Division in writing if: you or a covered dependent becomes eligible for Medicare benefits because of disability or end stage renal disease regardless of age; your enrolled domestic partner becomes eligible for Medicare regardless of age; you or an enrolled dependent loses eligibility for Medicare; you are a COBRA enrollee and you or your dependent becomes entitled to receive Medicare benefits.

Why did Medicare send me a card when I am not 65?

Social Security will send you a Medicare card if you have qualified for Social Security Disability Insurance (SSDI) for 24 months. Although Social Security allows you to refuse Part B, be sure to accept enrollment in both Medicare Parts A and B. NYSHIP requires you to be enrolled in Parts A and B, regardless of age, when classified by Social Security as disabled for more than 24 months.

Is a $45.50 Medicare credit “deducted” from my retirement check?

The Medicare credit is added to your retirement check. It is not deducted. Social Security deducts the Medicare Part B premium, which is now $45.50, from the monthly Social Security check. The State automatically adds the credit to your retirement check as reimbursement for the Medicare Part B premium, unless you receive reimbursement from another source. The same automatic reimbursement applies to spouses who become 65 years old after January 1, 2000.

The reimbursement is not automatic for spouses who became 65 years old before January 1, 2000. The reimbursement also is not automatic for your domestic partner or for any enrollee or covered dependent who is under age 65 and eligible for Medicare due to a disability or end stage renal disease.

Notes About Reimbursement

- If you or your dependent receives reimbursement for the Medicare Part B premium from another source, you must write to the Employee Benefits Division to stop the automatic reimbursement.
- The Medicare reimbursement does not necessarily mean you or your dependent is enrolled in Medicare. It is your responsibility to follow the correct procedure for enrolling in Medicare.
- You must notify the Employee Benefits Division in writing if, for any reason, you or your dependent is no longer eligible for the Medicare premium reimbursement.

Participating Employer enrollees: Ask your former employing agency about continuing NYSHIP with Medicare coverage and about Medicare premium reimbursement.

All enrollees: Read your NYSHIP/Empire Plan documents for complete information. If you have questions, call the Employee Benefits Division at 518-457-5754 (Albany area) or 1-800-833-4344 (U.S., Canada, Puerto Rico, Virgin Islands).
To keep your coverage up to date, you must notify the Employee Benefits Division in the State of New York Department of Civil Service of changes affecting your NYSHIP enrollment. Always include your name and identification number. You must provide notice in writing for the situations marked by the ✍. For other situations, you may call 518-457-5754 (Albany area) or 1-800-833-4344 (U.S. outside Albany local calling area, Canada, Puerto Rico, Virgin Islands).
