Qualifying Experience For Appointment From The Eligible List: After one year of service described in the Minimum Qualifications, successful candidates will be qualified for appointment from the eligible list.

Employees appointed via the NY HELPS program to a qualifying title in the non-competitive class will have their names restricted from appointment from the eligible list until their position is covered-in to the competitive class by action of the New York State Civil Service Commission or otherwise obtain permanent competitive status in the position.

Order of Certification: The order of certification of this eligible list will be:

1. Within individual SUNY Campus Promotion Units
2. To all other SUNY Campus Promotion Units

The Positions: These positions exist in the State University of New York and are located statewide.

Duties: As a **University Police Communications and Security Specialist 1**, you would provide communications, security, and public safety services within a 24/7 operation in the University Police Department at the campuses of the State University of New York. Your primary responsibility would be to function as a desk officer, including communication activities such as dispatching and using various databases, online systems, and multiple video sources. Where appropriate, you also may perform patrol duties and assist University Police Officers. You would be required to work during various shifts and holidays, and wear uniforms.

Note:

- **Travel Requirements:** Appointment to certain positions may require travel within an area of assignment. Appointees may need to operate a motor vehicle or have other means to meet the transportation needs of the job. If the position requires that you operate a motor vehicle, you must continuously have a driver's license valid in New York State to continue employment. Field work and travel expenses are reimbursed on a fixed schedule. Overnight travel may be required.

Subject of Examination: To be considered for appointment to this title, you must pass the **multiple-choice test**. The **multiple-choice test** evaluates your knowledge, skills, and/or abilities in the following areas:

1. **Preparing written material** - These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.
2. **Following directions (maps)** - These questions test your ability to follow physical/geographic directions using street maps or building maps. You will have to read and understand a set of directions and then use them on a simple map.
3. **Applying written information in a safety and security setting** - These questions evaluate your ability to read, interpret and apply rules, regulations, directives, written narratives and other related material. You will be required to read a set of information and to appropriately apply the information to situations similar to those typically experienced in a public safety and security service setting. All information needed to answer the questions is contained in the rules, regulations, etc. which are cited.
4. **Principles and practices of safety and security** - These questions test for a knowledge of the proper principles and practices in the field of safety and security. The questions will cover such areas as selecting the best course of action to take in a safety or security related situation.

If you pass, your seniority credit(s), if any, will be included in the computation of your final score. Your final score on the eligible list will be determined after adding any wartime Veterans' credits.

Test Guide: A Guide to the Multiple-Choice Test for the Safety and Security Series is available on the Department website at <http://www.cs.ny.gov/testing/testguides.cfm>.

Credit For Seniority: Seniority is credited at the rate of one credit for each five-year period (or fraction thereof), excluding the first year of service.
