Only the title or titles listed are qualifying.

If you were permanently appointed to a qualifying title on or January 18, 2026, and have served continuously in this title since that date, you are eligible to file for this examination.

**If you were permanently appointed via the New York Hiring for Emergency Limited Placement Statewide (NY HELPS) program to a qualifying title in the non-competitive class on or before January 18, 2026, and have served continuously in this title since that date, you may apply for this examination.*

***If you were permanently appointed to a qualifying title and had provisional service in the same title immediately preceding the permanent appointment, such provisional service may be counted towards meeting the time in title required to apply for this examination. Your provisional appointment must have been on or before January 18, 2026, to qualify for this examination.*

Qualifying Experience For Appointment From The Eligible List: After one year of service described in the Minimum Qualifications, successful candidates will be qualified for appointment from the eligible list.

Employees appointed via the NY HELPS program to a qualifying title in the non-competitive class will have their names restricted from appointment from the eligible list until their position is covered-in to the competitive class by action of the New York State Civil Service Commission or otherwise obtain permanent competitive status in the position.

If you have received a permanent appointment to a qualifying title listed and served provisionally in that title immediately preceding your permanent appointment, such provisional service may be counted towards meeting the time in title required for appointment from the eligible list.

The Positions: These positions exist in the New York State Department of Transportation and are located statewide.

Duties: As a **Maintenance Supervisor 3 (Transportation)**, you would directly supervise multiple-second level supervisors in the repair and maintenance of State highways and bridges; ensure that safety standards are followed; review highway work permit applications; review contracts; procure tools, supplies and equipment; plan work schedules for, direct the activities of and participate in all aspects of supervising maintenance and administrative staff. You would oversee storm operational plans and manage the readiness of equipment, staff and materials during snow and ice emergencies and are responsible for maintaining facilities to which they are assigned. You may be required to be proficient in various DOT-specific systems of record.

Subject of Examination: To be considered for appointment to this title, you must pass the **multiple-choice test**. The **multiple-choice test** evaluates your knowledge, skills, and/or abilities in the following areas:

1. **Safety practices** - These questions test for knowledge of and the ability to apply safety principles related to public works construction zones, including traffic control, safe use of equipment, and the overall safety of workers, the traveling public, and the work environment.

3. **Bridge reconstruction, maintenance, and repair** - These questions test for knowledge of the proper methods, materials, and equipment used in the upkeep of bridges and bridge abutments and may include such areas as concrete and pavement maintenance, steel maintenance including sandblasting, painting, and welding, appropriate environmental and worker protection safeguards, and snow and ice removal and control.
4. **Scheduling work and equipment** - These questions test for knowledge of work scheduling principles and for the ability to arrange work and equipment assignments in a manner that will achieve work goals while staying within scheduling criteria. This may include setting up vacation or work schedules, taking into consideration such factors as seniority, work skills, duty hours, and shift coverage.
5. **Administrative supervision** - These questions test for knowledge of the principles and practices involved in directing the activities of a large subordinate staff, including subordinate supervisors. Questions relate to the personal interactions between an upper level supervisor and their subordinate supervisors in the accomplishment of objectives. These questions cover such areas as assigning work to and coordinating the activities of several units, establishing and guiding staff development programs, evaluating the performance of subordinate supervisors, and maintaining relationships with other organizational sections.
