If you have received a permanent appointment to a qualifying title and served provisionally*** in that title immediately preceding your permanent appointment, such provisional service may be counted towards meeting the time in title required for this examination.

Only the title or titles listed are qualifying.

If you were permanently appointed to a qualifying title on or before August 7, 2026, and have served continuously in this title since that date, you are eligible to file for this examination.

***If you were permanently appointed via the New York Hiring for Emergency Limited Placement Statewide (NY HELPS) program to a qualifying title in the non-competitive class on or before August 7, 2026, and have served continuously in this title since that date, you may apply for this examination.*

****If you were permanently appointed to a qualifying title and had provisional service in the same title immediately preceding the permanent appointment, such provisional service may be counted towards meeting the time in title required to apply for this examination. Your provisional appointment must have been on or before August 7, 2026, to qualify for this examination.*

Qualifying Experience For Appointment From The Eligible List: After one year of service at the Full Performance Level, successful candidates will be qualified for appointment from the eligible list.

Employees appointed via the NY HELPS program to a qualifying title in the non-competitive class will have their names restricted from appointment from the eligible list until their position is covered-in to the competitive class by action of the New York State Civil Service Commission or otherwise obtain permanent competitive status in the position.

If you have received a permanent appointment to a qualifying title listed and served provisionally in that title immediately preceding your permanent appointment, such provisional service may be counted towards meeting the time in title required for appointment from the eligible list.

Additional Requirements for Appointment:

- **Background Investigation/Justice Center Review:** In some agencies, the names of all prospective employees **may**:
 - be checked against the Staff Exclusion List (SEL), maintained by the Justice Center for the Protection of People with Special Needs. Prospective employees whose names appear on the SEL as having been found responsible for serious or repeated acts of abuse or neglect will be barred from appointment and may have their names removed from the eligible list(s) for the title(s);
 - be investigated through a Criminal Background Check (CBC). You must report all convictions. Conviction of a felony or misdemeanor or any falsified or omitted information may bar appointment or result in removal after appointment. Each case will be determined on its own merits, consistent with the applicable provisions of state and federal law;
- And **may**:
- be screened against the Statewide Central Register of Child Abuse and Maltreatment (SCR). Prospective employees whose names appear on the SCR may be barred from appointment.
- You are responsible for payment of all required fees.

The Positions: These positions exist in various New York State agencies and are located statewide.

Duties: As an **Associate Administrative Analyst**, you would supervise Senior Administrative Analysts or other professional level staff, as well as supporting clerical staff in conducting studies, analyzing and evaluating organizations or segments of organizations and their work, developing recommendations to assist management in improving the effectiveness and efficiency of programs and operations management and in identifying and solving administrative and management problems. You may also personally perform analysis of the more complex organizational problems; review, coordinate, and update organizational policy, administrative and procedural manuals; assist in the development and implementation of operating systems; and exercise forms design and usage control.

Subject of Examination: To be considered for appointment to this title, you must pass the **multiple-choice test**. The **multiple-choice test** evaluates your knowledge, skills, and/or abilities in the following areas:

1. **Administrative analysis** - These questions test for a knowledge of the principles and practices used in administrative analysis. You will be required to answer factual and situational questions in areas dealing with planning, developing, implementing, analyzing, evaluating, and improving existing or proposed components of an organization, such as organization structures, job structures, information systems, management control systems, programs and policies, and work methods and procedures. The questions may include such topics as the purpose of these activities, the tools used in the activities, and the basic rules of their use.
2. **Evaluating conclusions based on factual information** - These questions test your ability to evaluate and draw conclusions from factual information presented. Each question consists of a set of factual statements and a conclusion. You will be asked to determine whether the conclusion can be proven to be true by the facts, proven to be false by the facts, or if the facts are inadequate to prove the conclusion.
3. **Preparing written material** - These questions test for the ability to present information clearly and accurately, and to organize paragraphs logically and comprehensibly. For some questions, you will be given information in two or three sentences followed by four restatements of the information. You must then choose the best version. For other questions, you will be given paragraphs with their sentences out of order. You must then choose, from four suggestions, the best order for the sentences.
4. **Supervision** - These questions test for knowledge of the principles and practices employed in planning, organizing, and controlling the activities of a work unit toward predetermined objectives. The concepts covered, usually in a situational question format, include such topics as assigning and reviewing work; evaluating performance; maintaining work standards; motivating and developing subordinates; implementing procedural change; increasing efficiency; and dealing with problems of absenteeism, morale, and discipline.
5. **Understanding and interpreting tabular material** - These questions test your ability to understand, analyze, and use the internal logic of data presented in tabular form. You may be asked to perform tasks such as completing tables, drawing conclusions from them, analyzing data trends or interrelationships, and revising or combining data sets. The concepts of rate, ratio, and proportion are tested. Mathematical operations are simple, and computational speed is not a major factor in the test.

Test Guide & Sample Test Material: A General Guide to Multiple-Choice Tests is available at <http://www.cs.ny.gov/testing/testguides.cfm>. If Sample Test Material is available for a subject area described above, it can be found at <http://www.cs.ny.gov/testing/sampletestmat.cfm>.

If you pass, your seniority credit(s), if any, will be included in the computation of your final score. Your final score on the eligible list will be determined after adding any Veterans' credits.

Credit For Seniority: Seniority is credited at the rate of one credit for each five-year period (or fraction thereof), excluding the first year of service.

Admission To The Test: If approved for a multiple-choice test, you will receive an admission notice which will indicate your assigned test date and the way your test will be administered.
