Enrollment Form For Employees Eligible To Defer Health Insurance Coverage And Sick Leave Credit Calculation Indefinitely In Retirement

PS-406.2 (12/06)

Information For Employees Eligible To Defer Health Insurance Coverage And Sick Leave Credit Calculation Indefinitely In Retirement

- Enrollees who have health insurance coverage through their post-retirement employment, or through their spouse's employer, are eligible to defer indefinitely the activation of their New York State Health Insurance Program (NYSHIP) coverage as retirees.
- Retirees use their sick leave credit to reduce their health insurance premiums. If you defer your NYSHIP coverage when you notify EBD to activate your coverage, your sick leave credit will be calculated when you are older and will have a greater dollar value than if it were calculated immediately at retirement. You will not have to pay NYSHIP premiums while your coverage is deferred.
- If you die while your coverage is deferred, your spouse and/or eligible dependents may transfer back to NYSHIP. Coverage for the eligible survivors would begin on the day following your death. Eligible survivor(s) who wish to enroll should do so as soon as possible to avoid retroactive premium payments.
- If you wish to defer your retiree health insurance coverage, furnish proof to your agency health benefits administrator that you have coverage through post-retirement employment, or through your spouse's health care plan, and complete the form below. Keep a copy of the completed form for your records.
