Section 4: Administrative Proposal

This section of the RFP sets forth the requirements for the Offeror's Administrative Proposal. The Department will consider for evaluation and selection purposes only those Proposals the Department determines to be in compliance with the requirements set forth in this section of the RFP. Any Offeror which fails to satisfy any of these requirements shall be eliminated from further consideration.

The Offeror's Administrative Proposal must respond to all of the following items as set forth below in the order and format specified and using the forms set forth in this RFP. Additional details pertaining to the required forms are found in Section 2 of this RFP.

4.1 Formal Offer Letter

The Offeror must submit a formal offer in the form of the Formal Offer Letter (Attachment 3). The formal offer must be signed and executed by an individual with the capacity and legal authority to bind the Offeror in its offer to the State. The copy of the Offeror's Administrative Proposal marked "ORIGINAL" requires a letter with an original signature; the remaining copies of the Offeror's Administrative Proposal may contain photocopies of the signature. Except as otherwise permitted under Section 2.1(7), Bid Deviations, the Offeror must accept the terms and conditions as set forth in this RFP, Standard Clauses for New York State Contracts (Appendix A), Standard Clauses for All Department Contracts (Appendix B), General Specifications (Appendix B-1, Exclusive to NYSIF), Contract Provisions (Appendix B-2, Exclusive to NYSIF), NYSIF Vendor Security Survey (Appendix B-3), NYSIF Mutual Non-Disclosure Agreement (Appendix B-4, Exclusive to NYSIF), Information Security Requirements (Appendix C, Exclusive to DCS), and Participation by Minority and Women-Owned Business Enterprises: Requirements and Procedures (NYSIF) (Appendix D, Exclusive to NYSIF), and agree to enter into a Contractual Agreement with the Department containing, at a minimum, the terms and conditions identified in this RFP and appendices as cited herein and as referenced in Section 1.1 Purpose, Resulting Contracts. If an Offeror proposes to include the services of a Subcontractor(s) or Affiliate(s), the Offeror must be required to assume responsibility for those services as "Prime Contractor". The Department will consider the Prime Contractor solely responsible for contractual matters.

Please refer to Section I, Exhibit 2. Attachment 3 – Optum Rx Formal Offer Letter.

4.2 Offeror Attestation Form

The Offeror must complete and submit an executed copy of the Offeror Attestations Form (Attachment 13) attesting that it meets or exceeds the criteria for eligibility to bid as set forth in Section 1 of this RFP. A person legally authorized to represent the Offeror must execute this certification.

Please refer to Section II, Exhibit 1. Attachment 13 – Offeror Attestations Form.

4.3 Subcontractors or Affiliates

The Offeror must complete the Subcontractors or Affiliates form (Attachment 9) to identify all Subcontractors or Affiliates with whom the Offeror subcontracts to provide Project Services. For purposes of reporting in the Subcontractors or Affiliates form (Attachment 9), Subcontractors include (1) all vendors who will provide $100,000 or more in Project Services over the term of the Contract that results from this RFP and (2) any vendor who will provide Project Services in an amount lower than the $100,000 threshold, and who is a part of the Offeror's Account Team (described in Section 3.1, Account Team). For each Subcontractor identified, the Offeror must complete and submit the Subcontractors or Affiliates form (Attachment 9) and indicate whether or not, as of the date of the Offeror's Proposal, a subcontract has been executed between the Offeror and the Subcontractor for services to be provided by such subcontractor relating to the RFP. For the purpose of this RFP, Affiliate is defined as a person or organization which, through stock ownership or any other affiliation, directly, indirectly, or constructively controls another person or organization, is controlled by another person or organization, or is, along with another person or organization, under the control of a common parent. On the Subcontractors or Affiliates form (Attachment 9), the Offeror must:

1. Mark the applicable box if the Offeror will not be subcontracting with any Subcontractor(s) or Affiliate(s) to provide Project Services.

2. Indicate whether or not, as of the date of the Offeror's Proposal, a subcontract (or shared services agreement) has been executed between the Offeror and the Subcontractor or Affiliate for services to be provided by the Subcontractor or Affiliate relating to this RFP.

3. Provide a brief description of the services to be provided by the Subcontractor or Affiliate.

4. Provide a description of any current relationships with such Subcontractor or Affiliate and the clients/projects that the Offeror and Subcontractor or Affiliate are currently servicing under a formal legal agreement or arrangement, the date when such services began and the status of the project.

Please refer to Section III, Exhibit 1. Attachment 9 – Subcontractors or Affiliates.

4.4 New York State Standard Vendor Responsibility Questionnaire

The Offeror must complete and submit an executed copy of the New York State Vendor Responsibility Questionnaire. A person legally authorized to represent the Offeror must execute the questionnaire. The questionnaire must be completed by all Subcontractors as defined above.

The Department recommends each Offeror file the required Questionnaire online via the New York State VendRep System. To use the VendRep System, please refer to https://www.osc.state.ny.us/files/state-vendors/vendrep/pdf/ac3290s.pdf.

By submitting a Proposal, the Offeror agrees to fully and accurately complete the Questionnaire. The Offeror acknowledges that the State's execution of the Contract will be contingent upon the State's determination that the Offeror is responsible, and that the State will rely on the Offeror's responses to the Questionnaire when making its responsibility determination. The Offeror agrees that if it is found by the State that the Offeror's responses to the Questionnaire were intentionally false or intentionally incomplete, on such finding, the Department may terminate the Contract. In no case shall such termination of the Contract by the State be deemed a breach thereof, nor shall the State be liable for any damages for lost profits or otherwise, which may be sustained by the Contractor as a result of such termination.

Please refer to Section IV, Exhibits 1 – 7 for vendor responsibility questionnaires and corresponding documents.

4.5 New York State Tax Law Section 5-a

Tax Law § 5-a requires certain Offerors awarded state Contracts for commodities, services and technology valued at more than $100,000 to certify to New York State Department of Taxation and Finance (DTF) that they are registered to collect New York State and local sales and compensating use taxes. The law applies to Contracts where the total amount of such Offeror's sales delivered into New York State is in excess of $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made, and with respect to any Affiliates and Subcontractors whose sales delivered into New York State exceeded $300,000 for the four quarterly periods immediately preceding the quarterly period in which the certification is made.

An Offeror is required to file the completed and notarized Form ST-220-CA with the Department certifying that the Offeror filed the ST-220-TD with DTF. The Offeror should complete and return the certification forms within five Business Days from the date of request (if the forms are not completed and returned with bid submission). Failure to make either of these filings may render an Offeror non-responsive and non-responsible. The Offeror must take the necessary steps to provide properly certified forms within a timely manner to ensure compliance with the law.

Website links to the Offeror certification forms and instructions are provided below.

1. **Form ST-220-TD must be filed with and returned directly to DTF and can be found at: http://www.tax.ny.gov/pdf/current_forms/st/st220td_fill_in.pdf. Unless the information upon which the ST-220-TD is based changes, this form only needs to be filed once with DTF. If the information changes for the Offeror, its Affiliate(s), or its Subcontractor(s), a new Form ST-220-TD must be filed with DTF.**

Please refer to Section V, Exhibit 1. OptumRx, Inc. Form ST-220-TD.

2. **Form ST-220-CA must be submitted to the Department. This form provides the required certification that the Offeror filed the ST-220-TD with DTF. This form can be found at: http://www.tax.ny.gov/pdf/current_forms/st/st220ca_fill_in.pdf.**

Please refer to Section V, Exhibit 2. OptumRx, Inc. Form ST-220-CA.

4.6 Insurance Requirements

Prior to the start of work the Offeror shall procure, at its sole cost and expense, and shall maintain in force at all times during the term of any Contract resulting from this RFP, policies of insurance as required by this section, written by companies that have an A.M. Best Company rating of "A-," Class "VII" or better. In addition, companies writing insurance intended to comply with the requirements of this Section 4.6 should be licensed or authorized by DFS to issue insurance in the State of New York. The Department may, in its sole discretion, accept policies of insurance written by a non- authorized carrier or carriers when certificates and/or other policy documents are accompanied by a completed Excess Lines Association of New York (ELANY) affidavit or other documents demonstrating the company's strong financial rating. If, during the term of a policy, the carrier's A.M. Best rating falls below "A-," Class "VII," the insurance must be replaced, on or before the renewal date of the policy, with insurance that meets the requirements above. These policies must be written in accordance with the requirements of the paragraphs below, as applicable.

An Offeror shall deliver to the Department evidence of the insurance required by this RFP and any Contract resulting from this RFP in a form satisfactory to the Department. Policies must be written in accordance with the requirements of the paragraphs below, as applicable. While acceptance of insurance documentation shall not be unreasonably withheld, conditioned or delayed, acceptance and/or approval by the Department does not, and shall not be construed to, relieve an Offeror of any obligations, responsibilities or liabilities under this RFP or any Contract resulting from this RFP.

The Offeror shall not take any action or omit to take any action that would suspend or invalidate any of the required coverages during the term of any Contract resulting from this RFP.

Confirmed.

1. General Conditions

a. **All policies of insurance required by this Solicitation or any Contract resulting from this RFP shall comply with the following requirements:**

i. **Coverage Types and Policy Limits. The types of coverage and policy limits required from the Selected Offeror are specified in Section 4.6(2) of this RFP.**

ii. **Policy Forms. Except as may be otherwise specifically provided herein or agreed to in any Contract resulting from this RFP, all policies of insurance shall be written on an occurrence basis.**

iii. **Certificates of Insurance/Notices. The Selected Offeror shall provide the Department with a Certificate or Certificates of Insurance, in a form satisfactory to the Department, as detailed below, and pursuant to the timelines set forth in Section 4.6(1)(m) of this RFP. Certificates should reference the Solicitation or award number and shall name the New York State Department of Civil Service, Agency Building 1, Empire State Plaza, Albany, NY 12239, as the certificate holder.**

iv. **Document Submissions. An Offeror shall deliver to the Department evidence of the insurance required by this RFP and any Contract resulting from this RFP upon notification of tentative award.**

Confirmed.

b. Certificates of Insurance shall:

i. **Be in the form acceptable to the Department and in accordance with the New York State Insurance Law (e.g., an ACORD certificate);**

ii. **Disclose any deductible, self-insured retention, aggregate limit, or any exclusion to the policy that materially changes the coverage required by this Solicitation or any Contract resulting from this Solicitation;**

iii. **Be signed by an authorized representative of the insurance carrier of the referenced insurance carriers; and**

iv. **Contain the following language in the Description of Operations / Locations / Vehicles section of the Certificate or on a submitted endorsement as applicable: Additional insured protection afforded is on a primary and non-contributory basis. A waiver of subrogation is granted in favor of the additional insureds.**

Confirmed.

c. Only original documents (Certificates of Insurance and any endorsements and other attachments) or electronic versions of the same that can be directly traced back to the insurer, agent or broker via e-mail distribution or similar means will be accepted. The Department generally requires an Offeror to submit only certificates of insurance and additional insured endorsements, although the Department reserves the right to request other proof of insurance. An Offeror should refrain from submitting entire insurance policies, unless specifically requested by the Department. If an entire insurance policy is submitted but not requested, the Department shall not be obligated to review and shall not be chargeable with knowledge of its contents. In addition, submission of an entire insurance policy not requested by the Department does not constitute proof of compliance with the insurance requirements and does not discharge an Offeror from submitting the requested insurance documentation.

Confirmed.

d. Primary Coverage: All liability insurance (excluding Professional Liability insurance) policies where the Department is required to be included as an additional insured, shall provide that the required coverage shall be primary and non-contributory to other insurance available to the Department and their officers, agents, and employees. Any other insurance maintained by the Department and their officers, agents, and employees shall be excess of and shall not contribute with the Offeror's insurance.

Confirmed.

e. Breach for Lack of Proof of Coverage: The failure to comply with the requirements of this RFP at any time during the term of any Contract resulting from this Solicitation shall be considered a breach of the terms of any Contract resulting from this Solicitation and shall allow the Department and their officers, agents, and employees to avail themselves of all remedies available under any Contract resulting from this Solicitation, at law or in equity.

Confirmed.

f. Self-Insured Retention/Deductibles: Certificates of Insurance must indicate the applicable deductibles/self-insured retentions for each listed policy. Deductibles or self-insured retentions above $100,000.00 are subject to approval from the Department. Such approval shall not be unreasonably withheld, conditioned or delayed. An Offeror shall be solely responsible for all claim expenses and loss payments within the deductibles or self-insured retentions. If the Offeror is providing the required insurance through self-insurance, evidence of the financial capacity to support the self-insurance program along with a description of that program, including, but not limited to, information regarding the use of a third-party administrator shall be provided upon request.

Confirmed.

g. Subcontractors: Prior to the commencement of any work by a Subcontractor, the Offeror shall require such Subcontractor to procure policies of insurance as required by this section and maintain the same in force during the term of any work performed by that Subcontractor. An Additional Insured Endorsement (ISO coverage form CG 20 38 04 13), or the equivalent, evidencing such coverage shall be provided to the Offeror prior to the commencement of any work by a subcontractor and pursuant to the timelines set forth in Section 4.6(1)(m) of this RFP, as applicable, and shall be provided to the Department upon request. For subcontractors that are self-insured, the subcontractor shall be obligated to defend and indemnify the above-named additional insureds with respect to Commercial General Liability and Business Automobile Liability, in the same manner that the subcontractor would have been required to pursuant to this section had the subcontractor obtained such insurance policies.

Confirmed.

h. Waiver of Subrogation: For all liability policies (with the exception of Professional Liability Insurance and Cyber Liability Insurance), the Offeror shall cause to be included in its policies insuring against loss, damage or destruction by fire or other insured casualty a waiver of the insurer's right of subrogation against the Department and their officers, agents, and employees, or, if such waiver is unobtainable (i) an express agreement that such policy shall not be invalidated if the Offeror waives or has waived before the casualty, the right of recovery against the Department and their officers, agents, and employees or (ii) any other form of permission for the release of the Department or any entity authorized by law or regulation to use any Contract resulting from this Solicitation and their officers, agents, and employees. A Waiver of Subrogation Endorsement shall be provided upon request. A blanket Waiver of Subrogation Endorsement evidencing such coverage is also acceptable.

Confirmed.

i. Additional Insured: The Offeror shall cause to be included in each of the liability policies required below (excluding Professional Liability Insurance and Workers' Compensation/Employers Liability) coverage for on-going work and operations naming as additional insureds (via ISO coverage forms CG 20 10 04 13 or 20 38 04 13 and form CA 20 48 10 13, or a form or forms that provide equivalent coverage) the Department and their officers, agents, and employees. An Additional Insured Endorsement evidencing such coverage shall be provided to the Department pursuant to the timelines set forth in Section 4.6(1)(m) of this RFP. A blanket Additional Insured Endorsement evidencing such coverage is also acceptable. For Offerors who are self-insured, the Offeror shall be obligated to defend and indemnify the above-named additional insureds with respect to Commercial General Liability and Business Automobile Liability, in the same manner that the Offeror would have been required to pursuant to this RFP had the Contractor obtained such insurance policies.

Confirmed.

j. Excess/Umbrella Liability Policies: Required insurance coverage limits may be provided through a combination of primary and excess/umbrella liability policies. If coverage limits are provided through excess/umbrella liability policies, then a Schedule of underlying insurance listing policy information for all underlying insurance policies (insurer, policy number, policy term, coverage and limits of insurance), including proof that the excess/umbrella insurance follows form must be provided upon request. Unrelated underlying policies included in the Schedule that are not required to meet the insurance requirements may be redacted from the Schedule.

Confirmed.

k. Notice of Cancellation or Non-Renewal: Policies shall be written so as to include the requirements for notice of cancellation or non-renewal in accordance with the New York State Insurance Law. Within five Business Days of receipt of any notice of cancellation or nonrenewal of insurance, the Offeror shall provide the Department with a copy of any such notice received from an insurer together with proof of replacement coverage that complies with the insurance requirements of this Solicitation and any Contract resulting from this Solicitation.

Confirmed.

l. Policy Renewal/Expiration: Upon policy renewal/expiration, evidence of renewal or replacement of coverage that complies with the insurance requirements set forth in this Solicitation and any Contract resulting from this Solicitation shall be delivered to the Department. If, at any time during the term of any Contract resulting from this Solicitation, the coverage provisions and limits of the policies required herein do not meet the provisions and limits set forth in this Solicitation or any Solicitation and any Contract resulting from this Solicitation, or proof thereof is not provided to the Department, the Offeror shall immediately cease work. The Offeror shall not resume work until authorized to do so by the Department.

Confirmed.

m. Deadlines for Providing Insurance Documents after Renewal or Upon Request: As set forth herein, certain insurance documents must be provided to the Department contact identified in the Contract Award Notice after renewal or upon request. This requirement means that the Offeror shall provide the applicable insurance document to the Department as soon as possible but in no event later than the following time periods:

ii. **For information on self-insurance or self-retention programs: 15 Calendar Days from request or renewal, whichever is later;**

v. **For notice of cancellation or non-renewal and proof of replacement coverage that complies with the requirements of this section: 5 Business Days from request or renewal, whichever is later.**

Notwithstanding the foregoing, if the Offeror shall have promptly requested the insurance documents from its broker or insurer and shall have thereafter diligently taken all steps necessary to obtain such documents from its insurer and submit them to the Department, the Department shall extend the time period for a reasonable period under the circumstances, but in no event shall the extension exceed 30 Calendar Days.

Confirmed.

NEW YORK STATE OF OPPORTUNITY | Department of Civil Service

Participation by Minority and Women-Owned Business Enterprises: Requirements and Procedures (NYSIF) - RFP entitled: "Pharmacy Benefit Services for The Empire Plan, Student Employee Health Plan, and NYS Insurance Fund Workers' Compensation Prescription Drug Programs"

PARTICIPATION BY MINORITY AND WOMEN-OWNED BUSINESS ENTERPRISES: REQUIREMENTS AND PROCEDURES

I. General Provisions

A. The NYS Insurance Fund (NYSIF) is required to implement the provisions of New York State Executive Law Article 15-A and Parts 140-145 of Title 5 of the New York Codes, Rules and Regulations ("NYCRR") for all State contracts, as defined therein, with a value (1) in excess of $25,000 for labor, services, equipment, materials, or any combination of the foregoing or (2) in excess of $100,000 for real property renovations and construction.

B. The contractor to the subject contract (the "Contractor" and the "Contract," respectively) agrees, in addition to any other nondiscrimination provision of the Contract and at no additional cost to NYSIF, to fully comply and cooperate with NYSIF in the implementation of New York State Executive Law Article 15-A and the regulations promulgated thereunder. These requirements include equal employment opportunities for minority group members and women ("EEO") and contracting opportunities for New York State- certified minority and women-owned business enterprises ("MWBEs"). The Contractor's demonstration of "good faith efforts" pursuant to 5 NYCRR § 142.8 shall be a part of these requirements. These provisions shall be deemed supplementary to, and not in lieu of, the nondiscrimination provisions required by New York State Executive Law Article 15 (the "Human Rights Law") and other applicable federal, state, and local laws.

C. Failure to comply with all of the requirements herein may result in a finding of non-responsiveness, non-responsibility and/or a breach of contract, leading to the assessment of liquidated damages pursuant to Section IV of this Appendix and such other remedies are available to NYSIF pursuant to the Contract and applicable law.

II. Contract Goals

A. For purposes of this Contract, NYSIF conducted a comprehensive search and determined that the Contract does not offer sufficient opportunities to set goals for participation by MWBE's as subcontractors, service providers and suppliers to Contractor. Contractor is however, encouraged to make every good faith effort to promote and assist the participation of MWBE's on this Contract for the provision of service and materials. The directory of New York State Certified MWBE's can be viewed at: https://ny.newnycontracts.com. Additionally, the Contractor is encouraged to contact the Division of Minority and Women's Business Development at (212) 803-2414 to discuss additional methods of maximizing participation by MWBEs on the Contract.

B. The Contractor understands that only sums paid to MWBEs for the performance of a commercially useful function, as that term is defined in 5 NYCRR § 140.1, may be applied towards the achievement of the applicable MWBE participation goal. [FOR CONSTRUCTION CONTRACTS – The portion of a contract with an MWBE serving as a supplier that shall be deemed to represent the commercially useful function performed by the MWBE shall be 60% of the total value of the contract. The portion of a contract with an MWBE serving as a broker that shall be deemed to represent the commercially useful function performed by the MWBE shall be the monetary value for fees, or the markup percentage, charged by the MWBE]. [FOR ALL OTHER CONTRACTS - The portion of a contract with an MWBE serving as a broker that

shall be deemed to represent the commercially useful function performed by the MWBE shall be 25% of the total value of the contract]

III. Equal Employment Opportunity ("EEO")

A. The provisions of Article 15-A of the Executive Law and the rules and regulations promulgated thereunder pertaining to equal employment opportunities for minority group members and women shall apply to the Contract.

B. In performing the Contract, the Contractor shall:

1. Ensure that each contractor and subcontractor performing work on the Contract shall undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status. For these purposes, EEO shall apply in the areas of recruitment, employment, job assignment, promotion, upgrading, demotion, transfer, layoff, or termination and rates of pay or other forms of compensation.
2. The Contractor shall submit an EEO policy statement to NYSIF within seventy-two (72) hours after the date of the notice by NYSIF to award the Contract to the Contractor.
3. If the Contractor, or any of its subcontractors, does not have an existing EEO policy statement, NYSIF may require the Contractor or subcontractor to adopt a model statement (see Form 106 – Equal Employment Opportunity Policy Statement).
4. The Contractor's EEO policy statement shall include the following language:
    a. The Contractor will not discriminate against any employee or applicant for employment because of race, creed, color, national origin, sex, age, disability, or marital status, will undertake or continue existing EEO programs to ensure that minority group members and women are afforded equal employment opportunities without discrimination, and shall make and document its conscientious and active efforts to employ and utilize minority group members and women in its work force.
    b. The Contractor shall state in all solicitations or advertisements for employees that, in the performance of the contract, all qualified applicants will be afforded equal employment opportunities without discrimination because of race, creed, color, national origin, sex, age, disability or marital status.
    c. ONLY FOR CONTRACTS WITH A TOTAL EXPENDITURE IN EXCESS OF $250,000: The Contractor shall request each employment agency, labor union, or authorized representative of workers with which it has a collective bargaining or other agreement or understanding, to furnish a written statement that such employment agency, labor union, or representative will not discriminate on the basis of race, creed, color, national origin, sex age, disability or marital status and that such union or representative will affirmatively cooperate in the implementation of the Contractor's obligations herein.
    d. The Contractor will include the provisions of Subdivisions (a) through (c) of this Subsection 4 and Paragraph "E" of this Section III, which provides for relevant provisions of the Human Rights Law, in every subcontract in such a manner that the requirements of the subdivisions will be binding upon each subcontractor as to work in connection with the Contract.

C. Form 101 - Staffing Plan

To ensure compliance with this Section, the Contractor shall submit a staffing plan to document the composition of the proposed workforce to be utilized in the performance of the Contract by the specified categories listed, including ethnic background, gender, and Federal occupational categories. The Contractor shall complete the staffing plan form and submit it as part of their bid or proposal or within a reasonable time, as directed by NYSIF.

D. Form 102 - Workforce Utilization Report

1. The Contractor shall submit a Workforce Utilization Report, and shall require each of its subcontractors to submit a Workforce Utilization Report, in such form as shall be required by NYSIF on a Quarterly basis during the term of the Contract, with the exception of Construction Contracts. For Construction Contracts, the Contractor is required to submit a Workforce Utilization Report on a Monthly basis.
2. Separate forms shall be completed by the Contractor and any subcontractors.
3. Pursuant to Executive Order #162, contractors and subcontractors are also required to report the gross wages paid to each of their employees for the work performed by such employees on the contract on a quarterly basis.

E. The Contractor shall comply with the provisions of the Human Rights Law, and all other State and Federal statutory and constitutional non-discrimination provisions. The Contractor and its subcontractors shall not discriminate against any employee or applicant for employment because of race, creed (religion), color, sex, national origin, sexual orientation, military status, age, disability, predisposing genetic characteristic, marital status or domestic violence victim status, and shall also follow the requirements of the Human Rights Law with regard to non-discrimination on the basis of prior criminal conviction and prior arrest.

IV. MWBE Utilization Plan

A. Where NYSIF determines that the Contractor is not in compliance with the requirements of this Appendix and the Contractor refuses to comply with such requirements, or if the Contractor is found to have willfully and intentionally failed to comply with the MWBE participation goals, the Contractor shall be obligated to pay to NYSIF liquidated damages.

B. Such liquidated damages shall be calculated as an amount equaling the difference between:

1. All sums identified for payment to MWBEs had the Contractor achieved the contractual MWBE goals; and
2. All sums actually paid to MWBEs for work performed or materials supplied under the Contract.

C. In the event a determination has been made which requires the payment of liquidated damages and such identified sums have not been withheld by NYSIF, the Contractor shall pay such liquidated damages to NYSIF within sixty (60) days after they are assessed. Provided, however, that if the Contractor has filed a complaint with the Director of the Division of Minority and Women's Business Development pursuant to 5 NYCRR § 142.12, liquidated damages shall be payable only in the event of a determination adverse to the Contractor following the complaint process.

NEW YORK STATE
VENDOR RESPONSIBILITY QUESTIONNAIRE
FOR-PROFIT BUSINESS ENTITY

You have selected the For-Profit Non-Construction questionnaire which may be printed and completed in this format or, for your convenience, may be completed online using the New York State VendRep System.

COMPLETION & CERTIFICATION

The person(s) completing the questionnaire must be knowledgeable about the vendor's business and operations. An owner or owner's official representative authorized to legally bind the Reporting Entity must certify the truth of the questionnaire answers.

NEW YORK STATE VENDOR IDENTIFICATION NUMBER (VENDOR ID)

The Vendor ID is a ten-digit identifier issued by New York State when the vendor is registered on the Statewide Vendor File. This number must now be included on the questionnaire. If the business entity has not obtained a Vendor ID, contact the IT Service Desk at ITServiceDesk@osc.state.ny.us or call 866-370-4672.

DEFINITIONS

All underlined terms are defined in the "New York State Vendor Responsibility Definitions List," found at https://www.osc.state.ny.us/files/vendors/2017-11/vendor-questionnaire-definitions.pdf. These terms may not have their ordinary, common or traditional meanings. Each vendor must read the respective definitions for any and all underlined terms. By submitting this questionnaire, the vendor agrees to be bound by the terms as defined in the "New York State Vendor Responsibility Definitions List" existing at the time of certification.

RESPONSES

Every question must be answered fully. Each response must provide **all** relevant information to appropriately explain the answer. If you have concerns as to the legal requirements behind your answers, please seek clarification from your counsel. However, information regarding a determination or finding made in error which was subsequently corrected or overturned, and/or was withdrawn by the issuing government entity is not required to be identified. Individuals and Sole Proprietors may use a Social Security Number but are encouraged to obtain and use a federal Employer Identification Number (EIN).

REPORTING ENTITY

Each vendor must indicate if the questionnaire is filed on behalf of the entire Legal Business Entity or an Organizational Unit within or operating under the authority of the Legal Business Entity and having the same EIN. Generally, the Organizational Unit option may be appropriate for a vendor that meets the definition of "Reporting Entity" but due to the size and complexity of the Legal Business Entity, is best able to provide the required information for the Organizational Unit, while providing more limited information for other parts of the Legal Business Entity and Associated Entities.

ASSOCIATED ENTITY

An Associated Entity is one that owns or controls the Reporting Entity, or any entity owned or controlled by the Reporting Entity. However, the term Associated Entity does **not** include "sibling organizations" (i.e., entities owned or controlled by a parent company that owns or controls the Reporting Entity), unless such sibling entity has a direct relationship with or impact on the Reporting Entity. Please refer to the Definitions List for the complete definition.

STRUCTURE OF THE QUESTIONNAIRE

The questionnaire is organized into eleven sections. Section I is to be completed for the Legal Business Entity. Section II requires the vendor to specify the Reporting Entity for the questionnaire. Section III refers to the individuals of the Reporting Entity, while Sections IV-VIII require information about the Reporting Entity. Section IX pertains to any Associated Entities, with one question about their Officials/Owners. Section X relates to disclosure under the Freedom of Information Law (FOIL). Section XI requires an authorized contact for the questionnaire information.

NEW YORK STATE
VENDOR RESPONSIBILITY QUESTIONNAIRE
FOR-PROFIT BUSINESS ENTITY

You have selected the For-Profit Non-Construction questionnaire which may be printed and completed in this format or, for your convenience, may be completed online using the New York State VendRep System.

COMPLETION & CERTIFICATION

The person(s) completing the questionnaire must be knowledgeable about the vendor's business and operations. An owner or owner's official representative authorized to legally bind the Reporting Entity must certify the truth of the questionnaire answers.

NEW YORK STATE VENDOR IDENTIFICATION NUMBER (VENDOR ID)

The Vendor ID is a ten-digit identifier issued by New York State when the vendor is registered on the Statewide Vendor File. This number must now be included on the questionnaire. If the business entity has not obtained a Vendor ID, contact the IT Service Desk at ITServiceDesk@osc.state.ny.us or call 866-370-4672.

DEFINITIONS

All underlined terms are defined in the "New York State Vendor Responsibility Definitions List," found at https://www.osc.state.ny.us/files/vendors/2017-11/vendor-questionnaire-definitions.pdf. These terms may not have their ordinary, common or traditional meanings. Each vendor must read the respective definitions for any and all underlined terms. By submitting this questionnaire, the vendor agrees to be bound by the terms as defined in the "New York State Vendor Responsibility Definitions List" existing at the time of certification.

RESPONSES

Every question must be answered fully. Each response must provide **all** relevant information to appropriately explain the answer. If you have concerns as to the legal requirements behind your answers, please seek clarification from your counsel. However, information regarding a determination or finding made in error which was subsequently corrected or overturned, and/or was withdrawn by the issuing government entity is not required to be identified. Individuals and Sole Proprietors may use a Social Security Number but are encouraged to obtain and use a federal Employer Identification Number (EIN).

REPORTING ENTITY

Each vendor must indicate if the questionnaire is filed on behalf of the entire Legal Business Entity or an Organizational Unit within or operating under the authority of the Legal Business Entity and having the same EIN. Generally, the Organizational Unit option may be appropriate for a vendor that meets the definition of "Reporting Entity" but due to the size and complexity of the Legal Business Entity, is best able to provide the required information for the Organizational Unit, while providing more limited information for other parts of the Legal Business Entity and Associated Entities.

ASSOCIATED ENTITY

An Associated Entity is one that owns or controls the Reporting Entity, or any entity owned or controlled by the Reporting Entity. However, the term Associated Entity does **not** include "sibling organizations" (i.e., entities owned or controlled by a parent company that owns or controls the Reporting Entity), unless such sibling entity has a direct relationship with or impact on the Reporting Entity. Please refer to the Definitions List for the complete definition.

STRUCTURE OF THE QUESTIONNAIRE

The questionnaire is organized into eleven sections. Section I is to be completed for the Legal Business Entity. Section II requires the vendor to specify the Reporting Entity for the questionnaire. Section III refers to the individuals of the Reporting Entity, while Sections IV-VIII require information about the Reporting Entity. Section IX pertains to any Associated Entities, with one question about their Officials/Owners. Section X relates to disclosure under the Freedom of Information Law (FOIL). Section XI requires an authorized contact for the questionnaire information.
