Brief Description of Class Series

Contract Management Specialists negotiate, develop, prepare, review, implement, process, track and provide fiscal and administrative oversight of contracts. They audit and process contracts, procurements, claims and vouchers; approve and review contract payments to ensure that the payments are in accordance with contract terms; review contractor performance, including price adjustments, amendments, contract interpretation and contract compliance issues; review budget modifications and contract amendments to determine the impact on the contract and to ensure continued compliance with applicable regulations; and provide technical assistance related to New York State's laws, rules, regulations and policies on contract administration to State agency staff, individuals, or organizations.

Distinguishing Characteristics

Contract Management Specialists are distinguished by the number, value and complexity of contracts, and size and level of subordinate staff. Positions at the Office of the State Comptroller approve or deny contracts; positions at other agencies evaluate and recommend approval or denial of contracts.

*Contract Management Specialist 1:* full performance level; under the general direction of a Contract Management Specialist 2, publishes contract and procurement requirements for bidders; develops, evaluates or reviews contracts, Requests for Proposals (RFPs), Invitation for Bids (IFBs), Requests For Qualifications (RFQ's), Requests For Information (RFI's), Requests for Application (RFA's), Sole/Single Source Procurements, and other related financial documents; performs routine administrative processes associated with the contracts, reviews contractor performance and compliance; performs contract monitoring tasks including addressing any necessary contract modifications and contract amendments; may supervise clerical or paraprofessional staff.

*Contract Management Specialist 2:* first supervisory level; under the general direction of a Contract Management Specialist 3, publishes contract and procurement requirements for bidders; evaluates or reviews all types and levels of contracts and related financial documents; performs many of the same activities as Contract Management Specialist 1, but contracts and other related financial documents are typically more complex or may have Statewide ramifications and involve complicated inter-agency financial relationships; supervises multiple Contract Management Specialists 1 and/or paraprofessional staff.

*Contract Management Specialist 3:* second supervisory level; under the general direction of a Contract Management Specialist 4 or related title at an agency's contract management office, or Procurement Manager 1 or 2, at the Office of General Services, manages contract management or contract procurement teams comprised of multiple Contract Management Specialists 2 to oversee the processing and administration of a wide variety of contracts or contract procurement related activities.

*Contract Management Specialist 4:* managerial level; under the general direction of higher level staff, function as a director or assistant director of an agency's contract management program supervising multiple Contract Management Specialists 3 assigned a wide variety of contracts and contract procurement-related activities

### Related Classes
